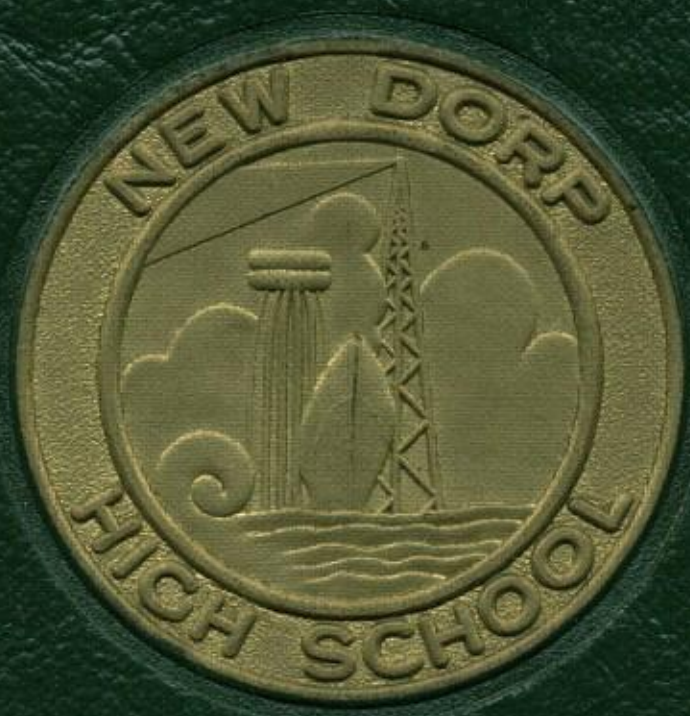
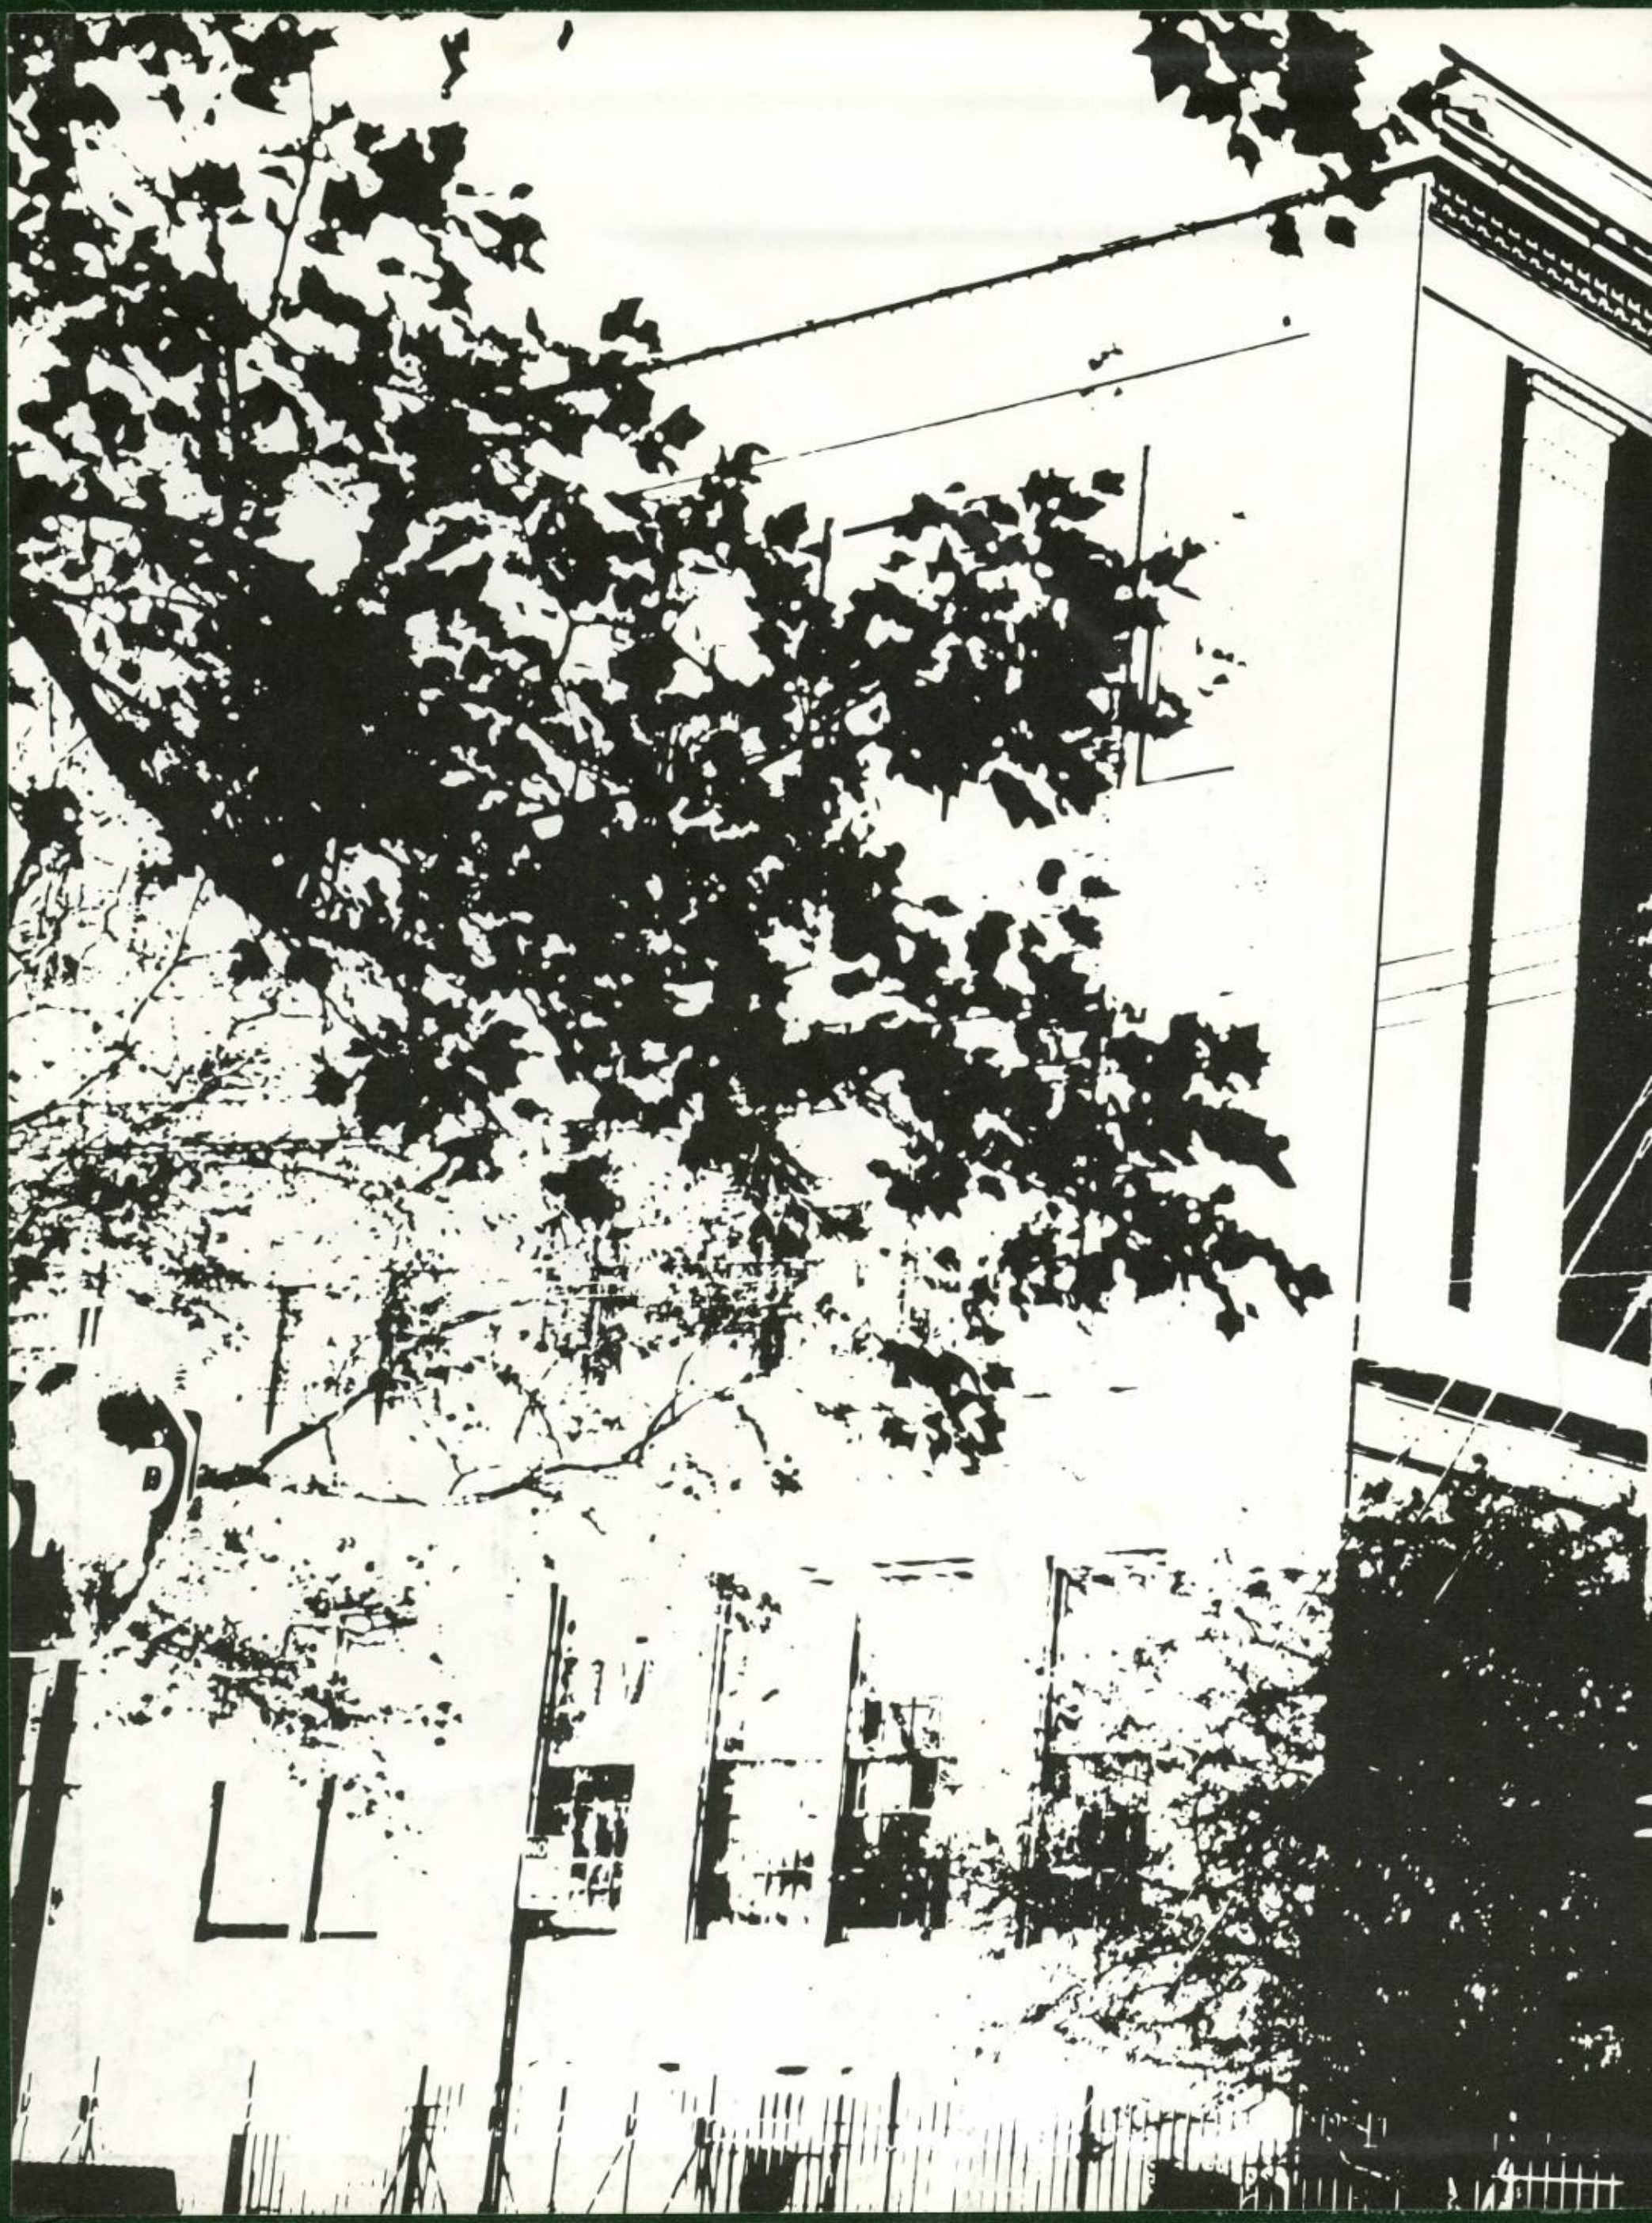
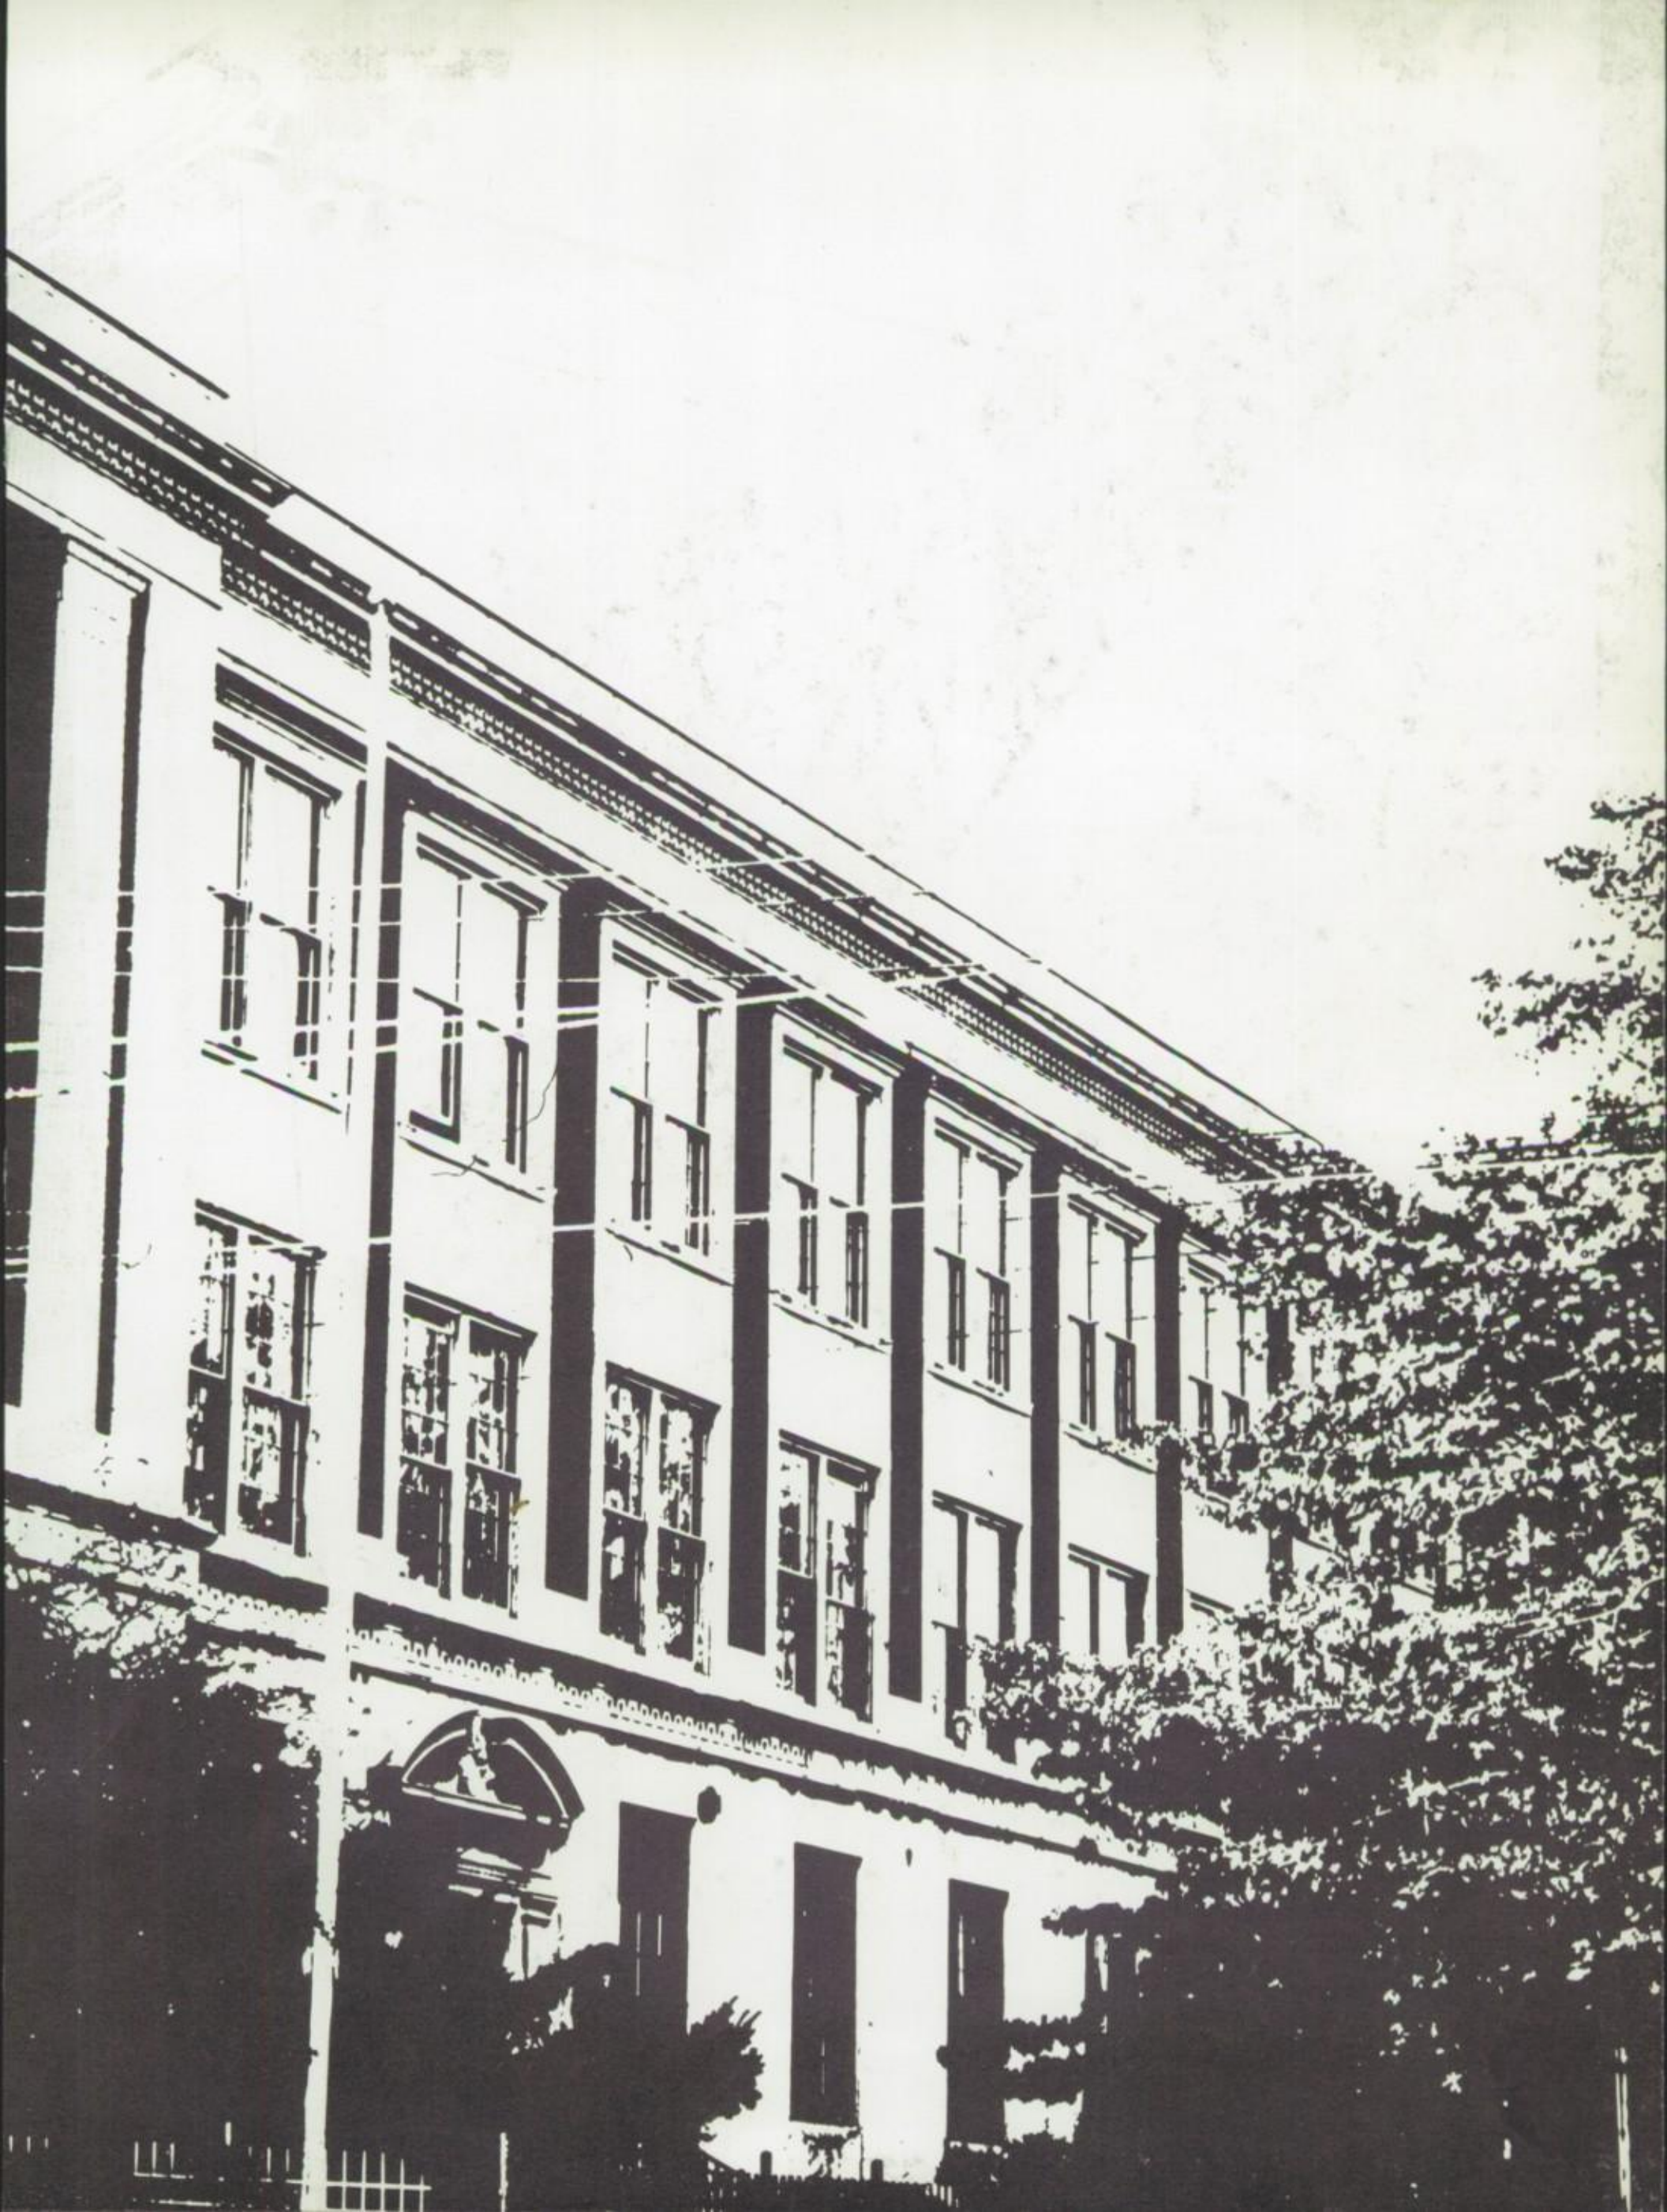
ARGONAUT

NINETEEN EIGHTYONE







NEW DORP HIGH SCHOOL

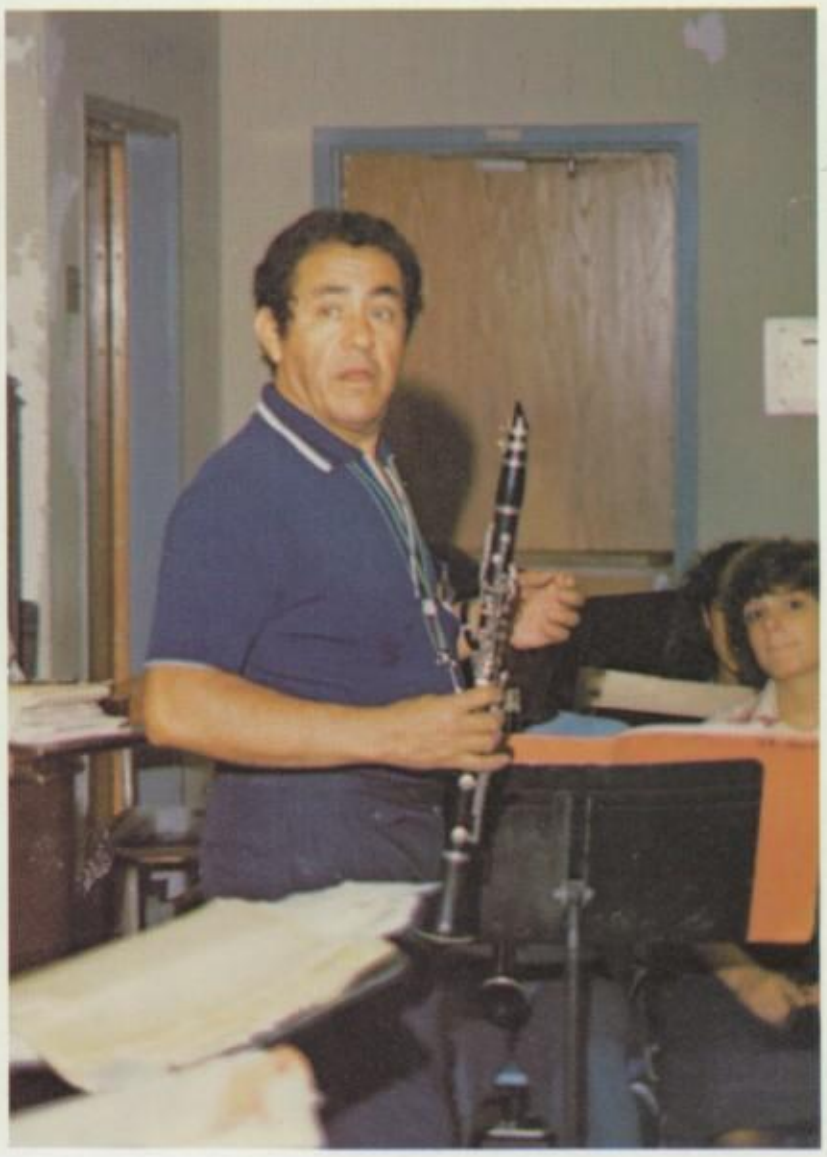
Argonaut 1981

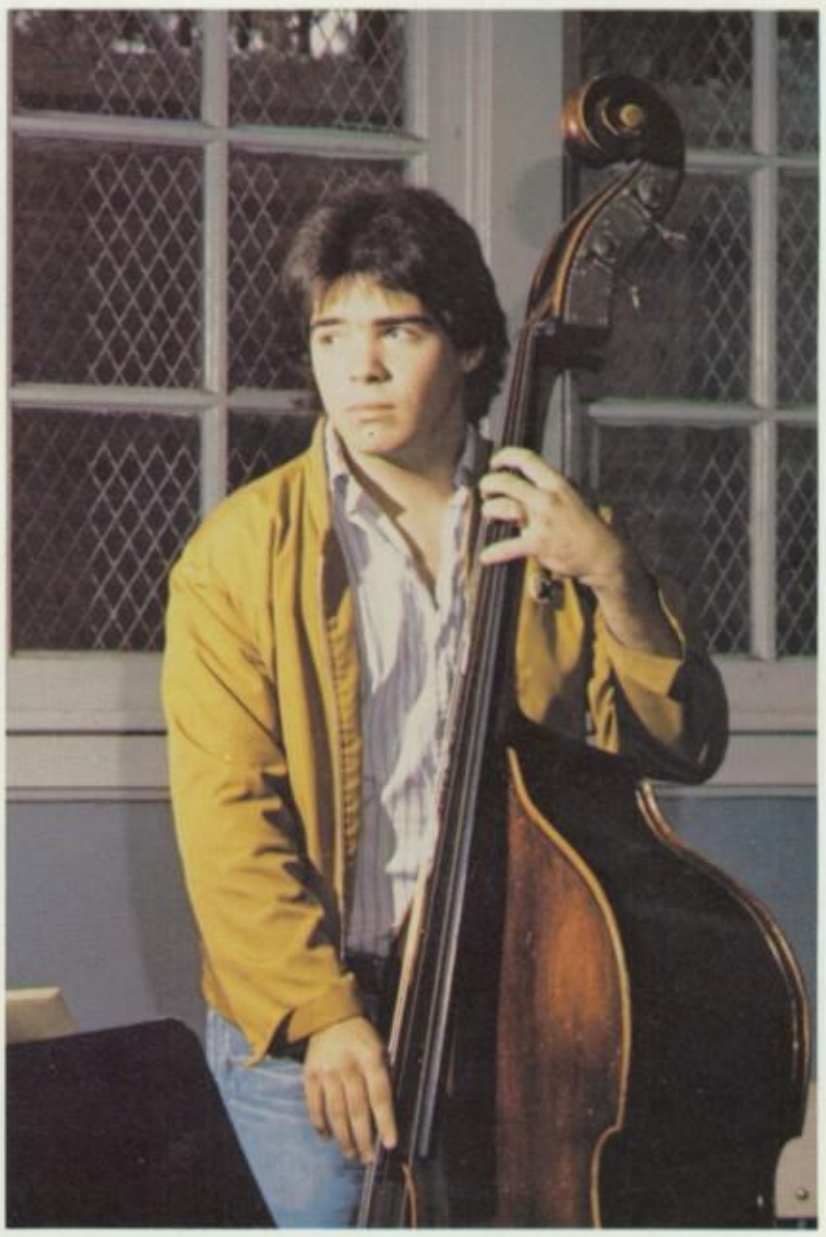
High school was marked to be a time of new and unique ex
periences for us; a time in which we would discover ourselves an
realize our abilities. Yet, when we first entered the brick and ce
ment community on Clawson Street, we knew that these change
would not occur suddenly — or easily. We realized that we woul
have to search — search for our niche in this society known a
school. We realized that only when we found our place would w
then find our true selves. As time passed, we discovered our plac
— whether it was on the football field or on the stage, in the ar

room or in the bio lab, in the gymnasium or in the library — it was where we would learn about ourselves.

In the 1981 Argonaut, we have attempted to convey the images and feelings collected during our four year journey. So collect signatures, cherish moments, lock away memories — life in the New Dorp society is over. But let us not forget all that we have learned here, for a journey in a real society soon begins. The search continues . . .

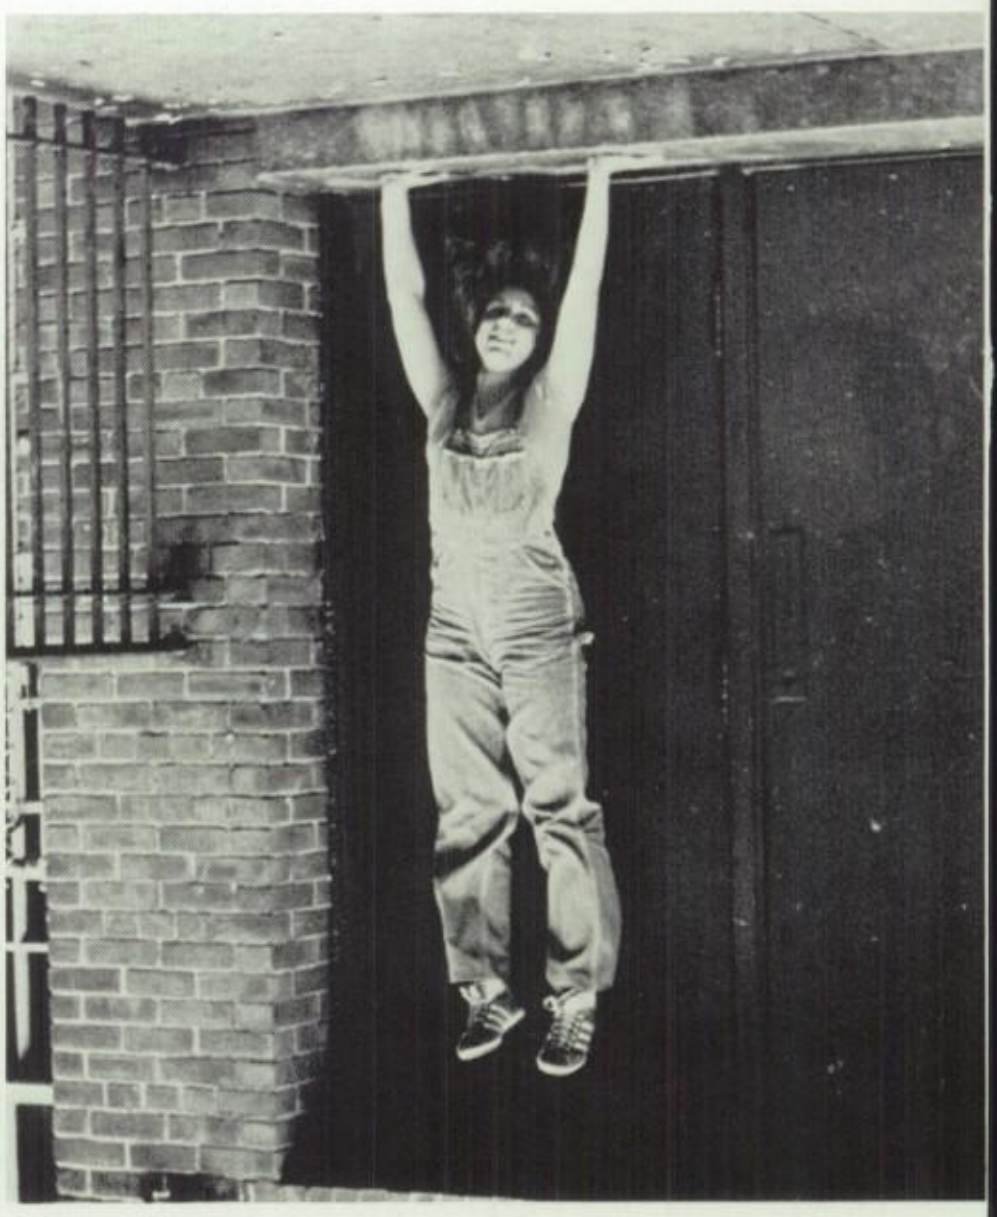
Tom Mirabello





I'll play it first
and tell you what it is later.
Miles Davis

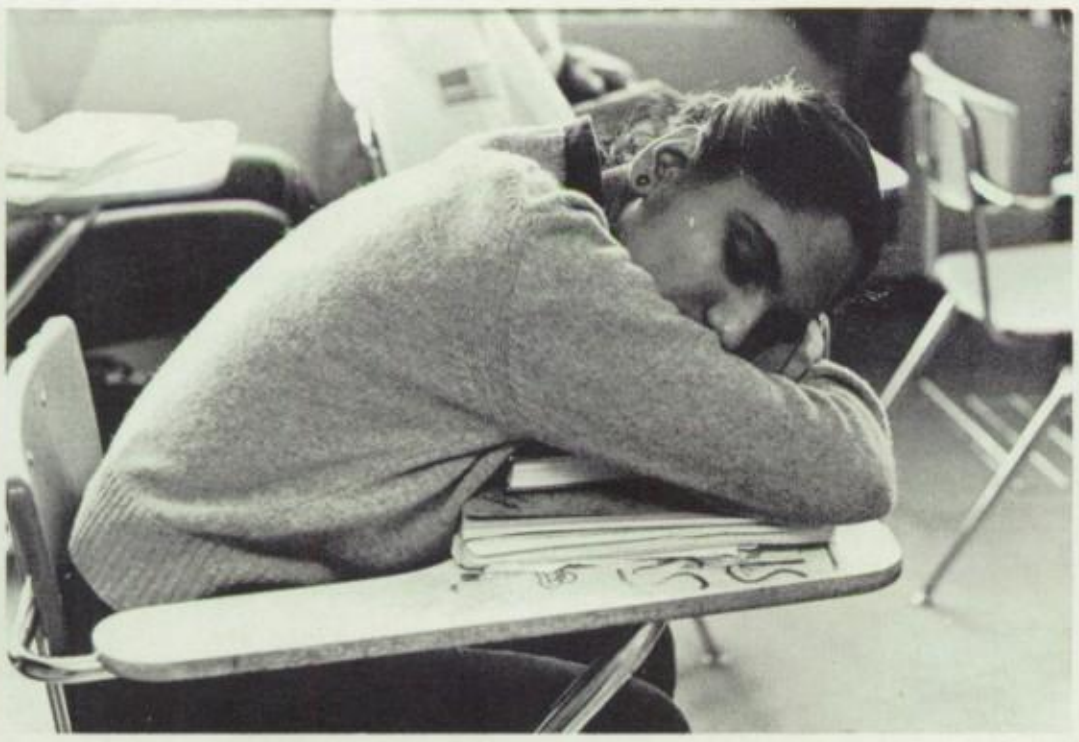
Don't dream it . . .



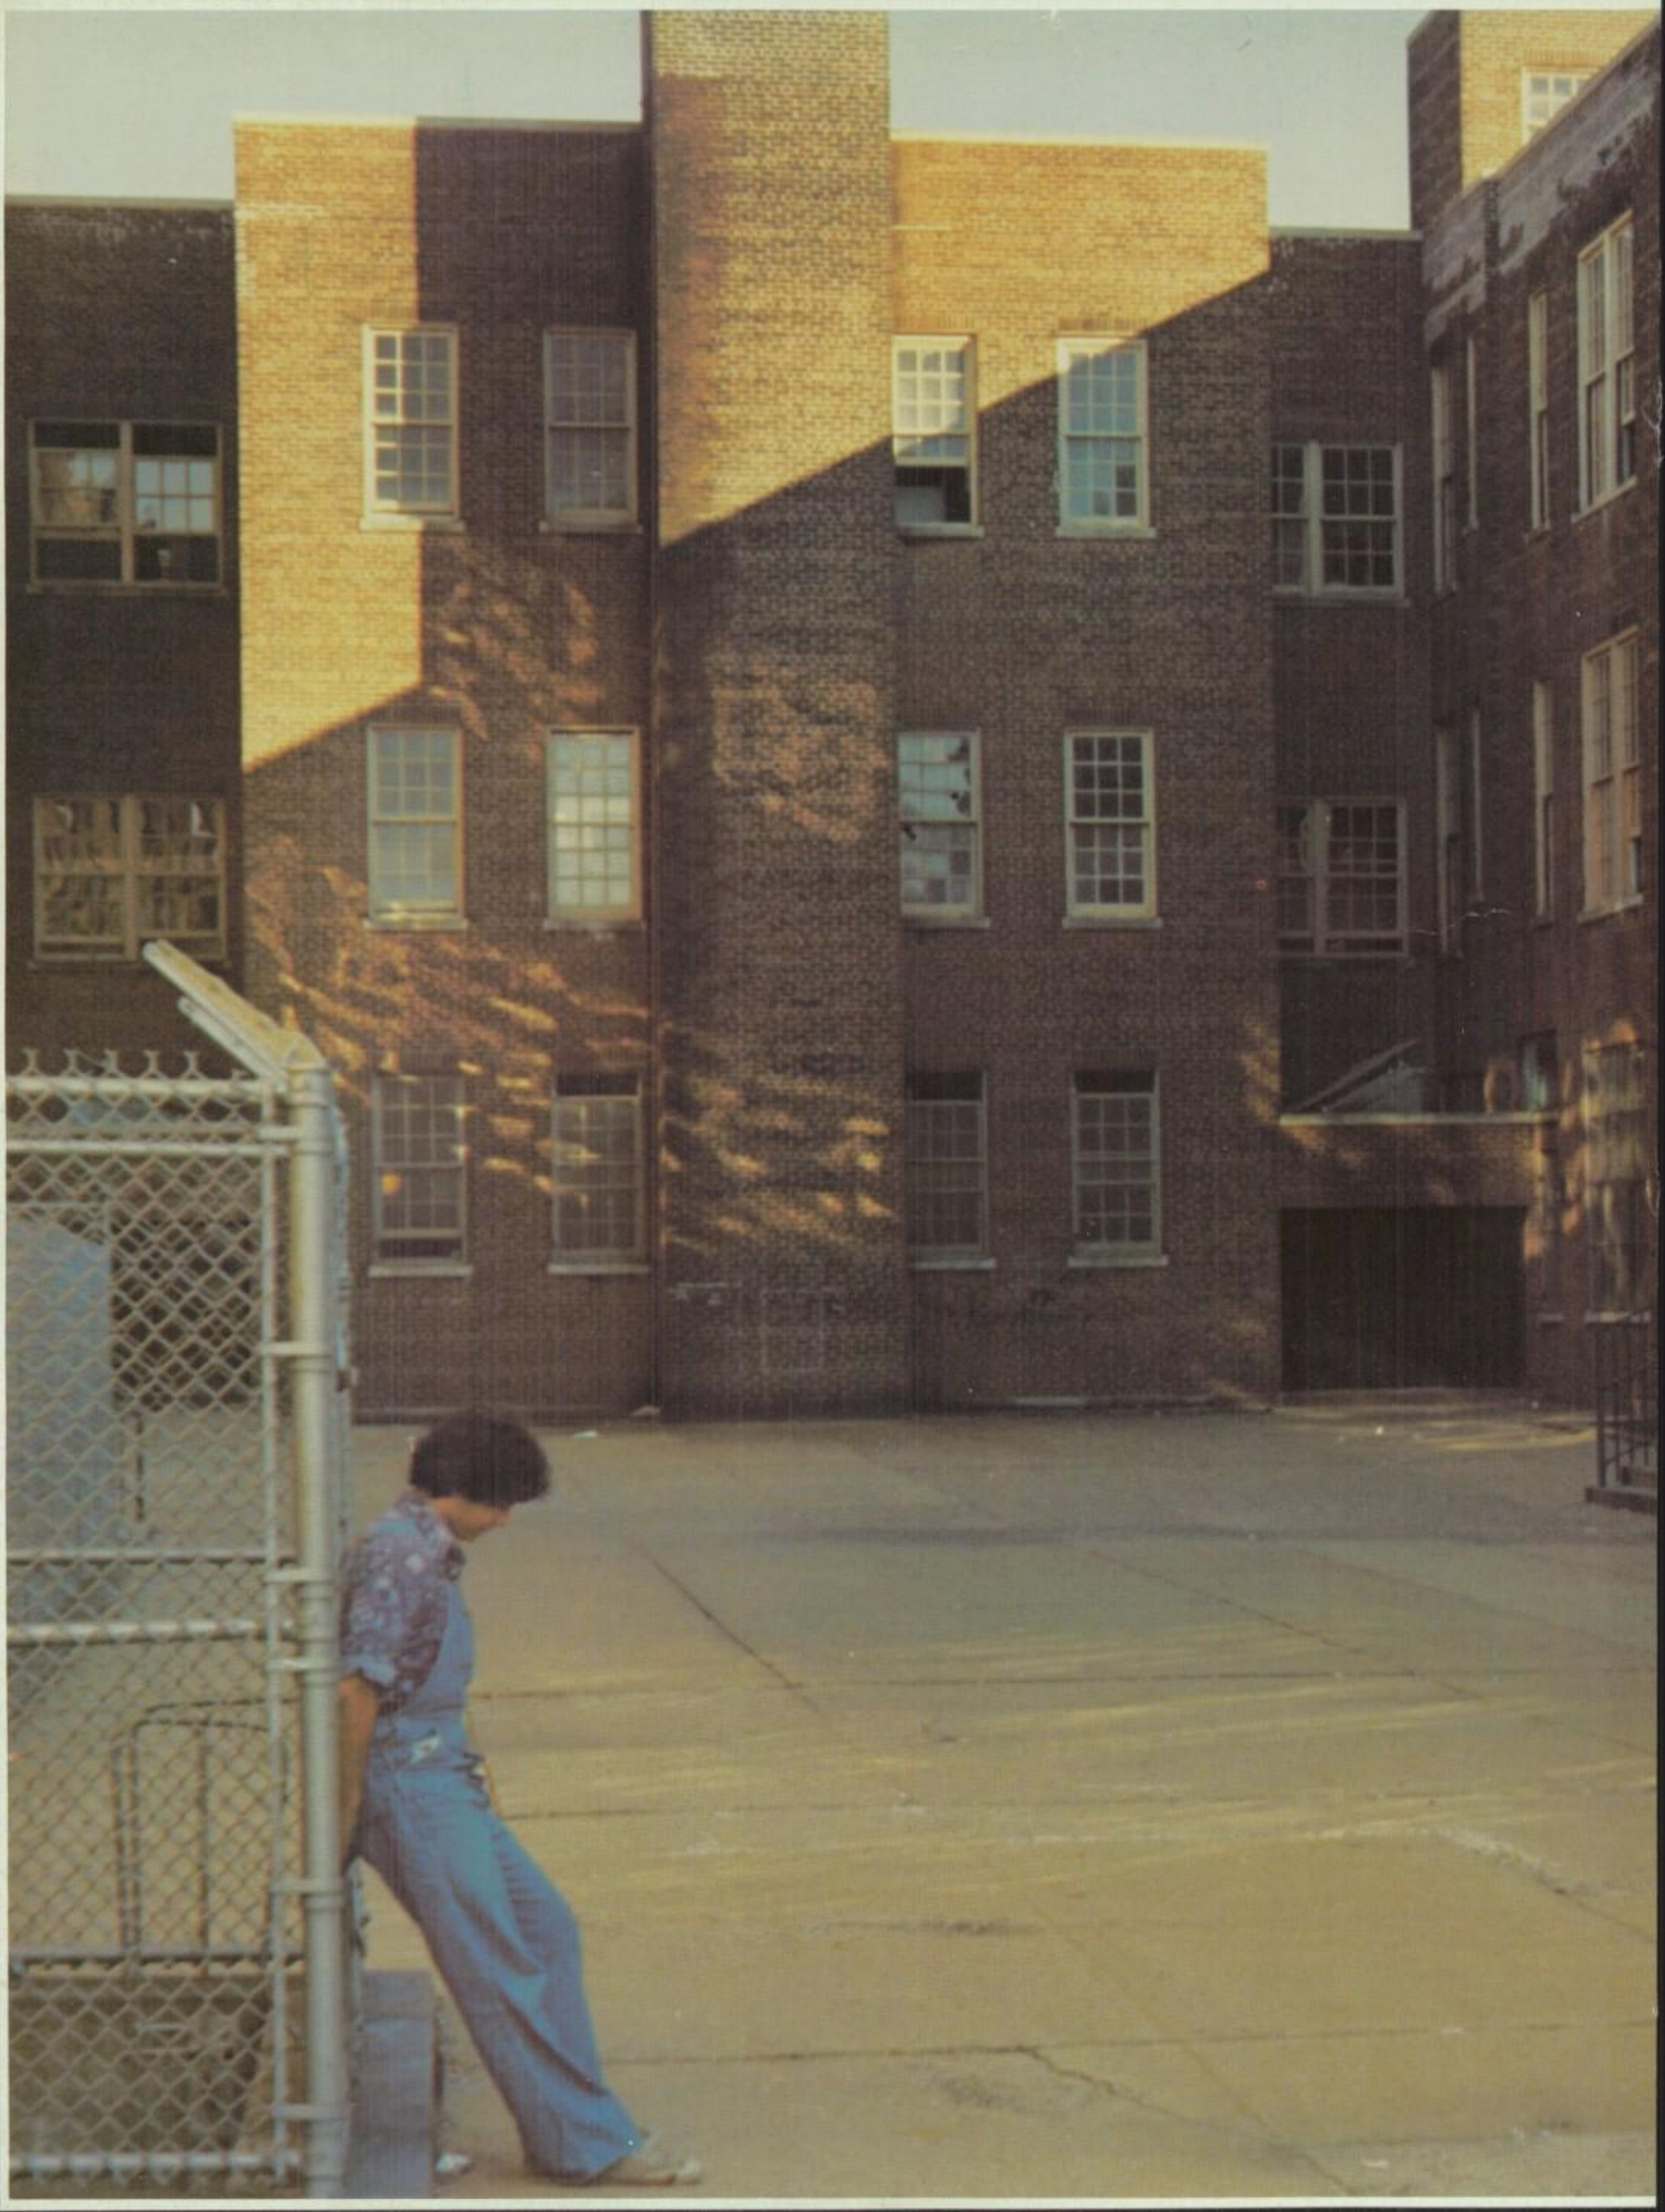
. . . Be it

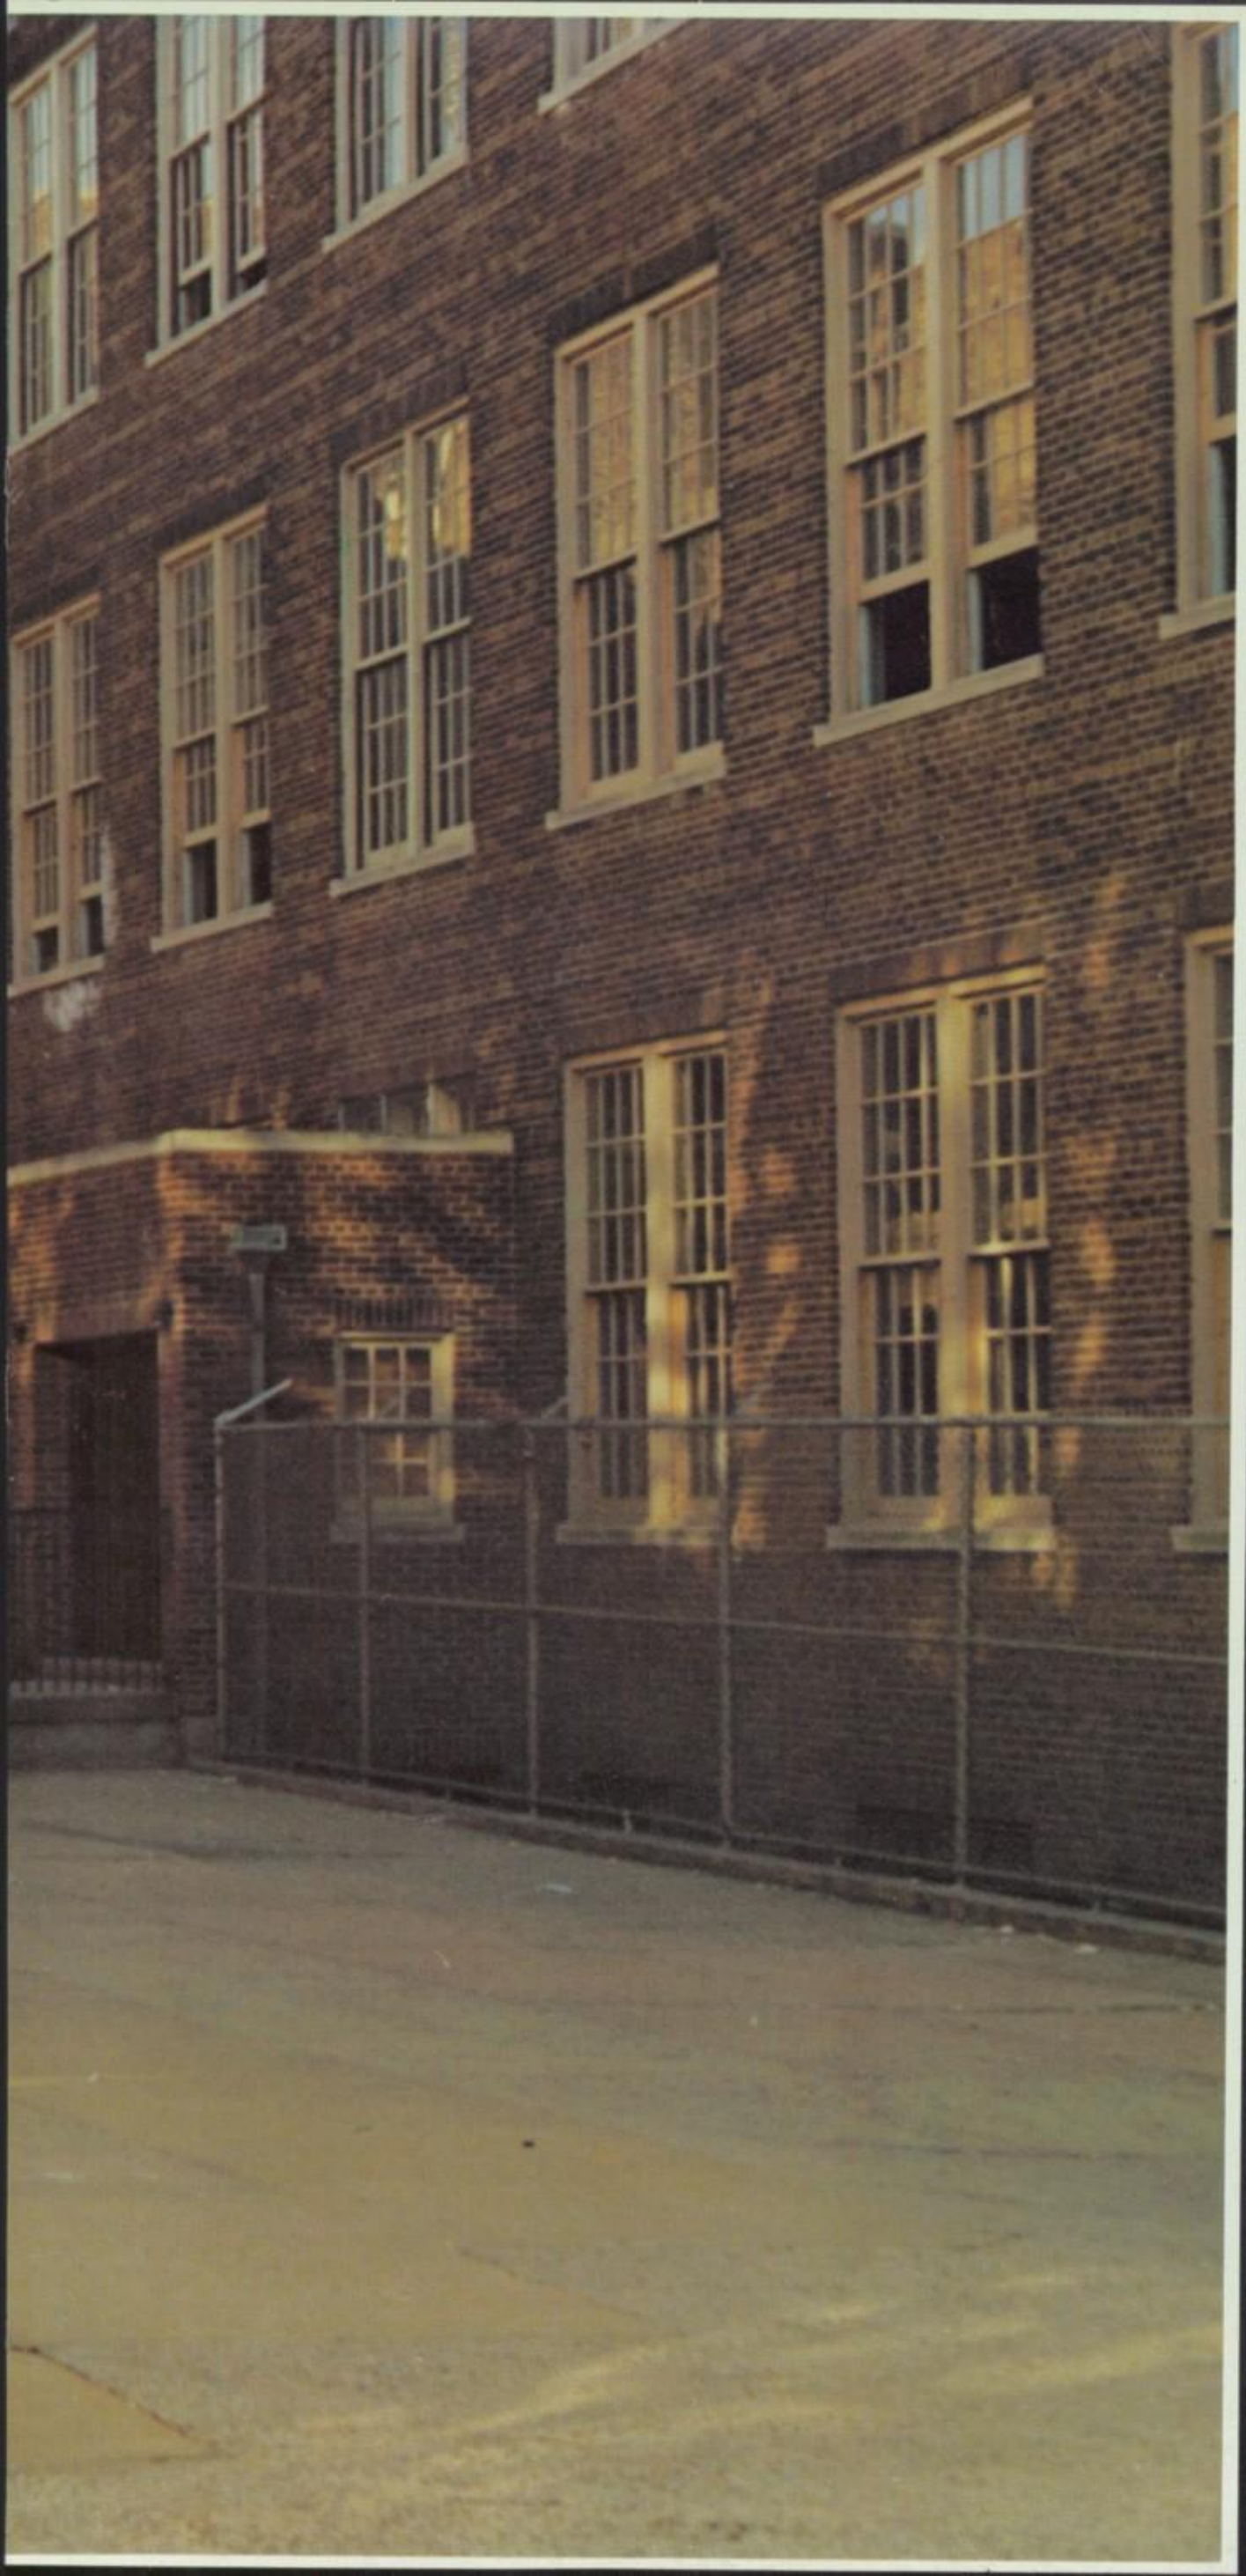
Tim Curry

Backward, oh backward
time in your flight



And tell me just one thing
I studied last night
Hobart Brown

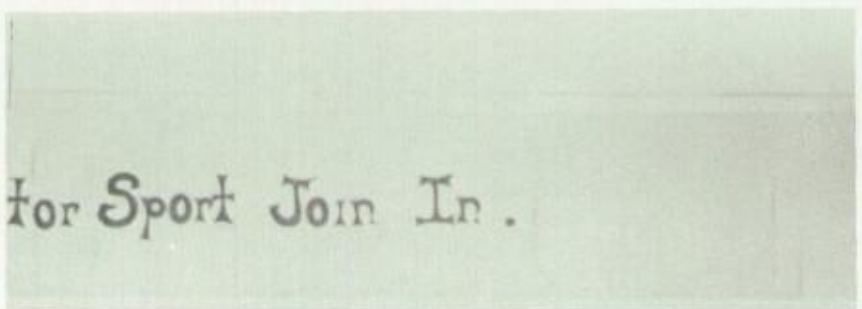




Being alone sometimes
isn't a social disease,
it's a spiritual
blessing.

Judy

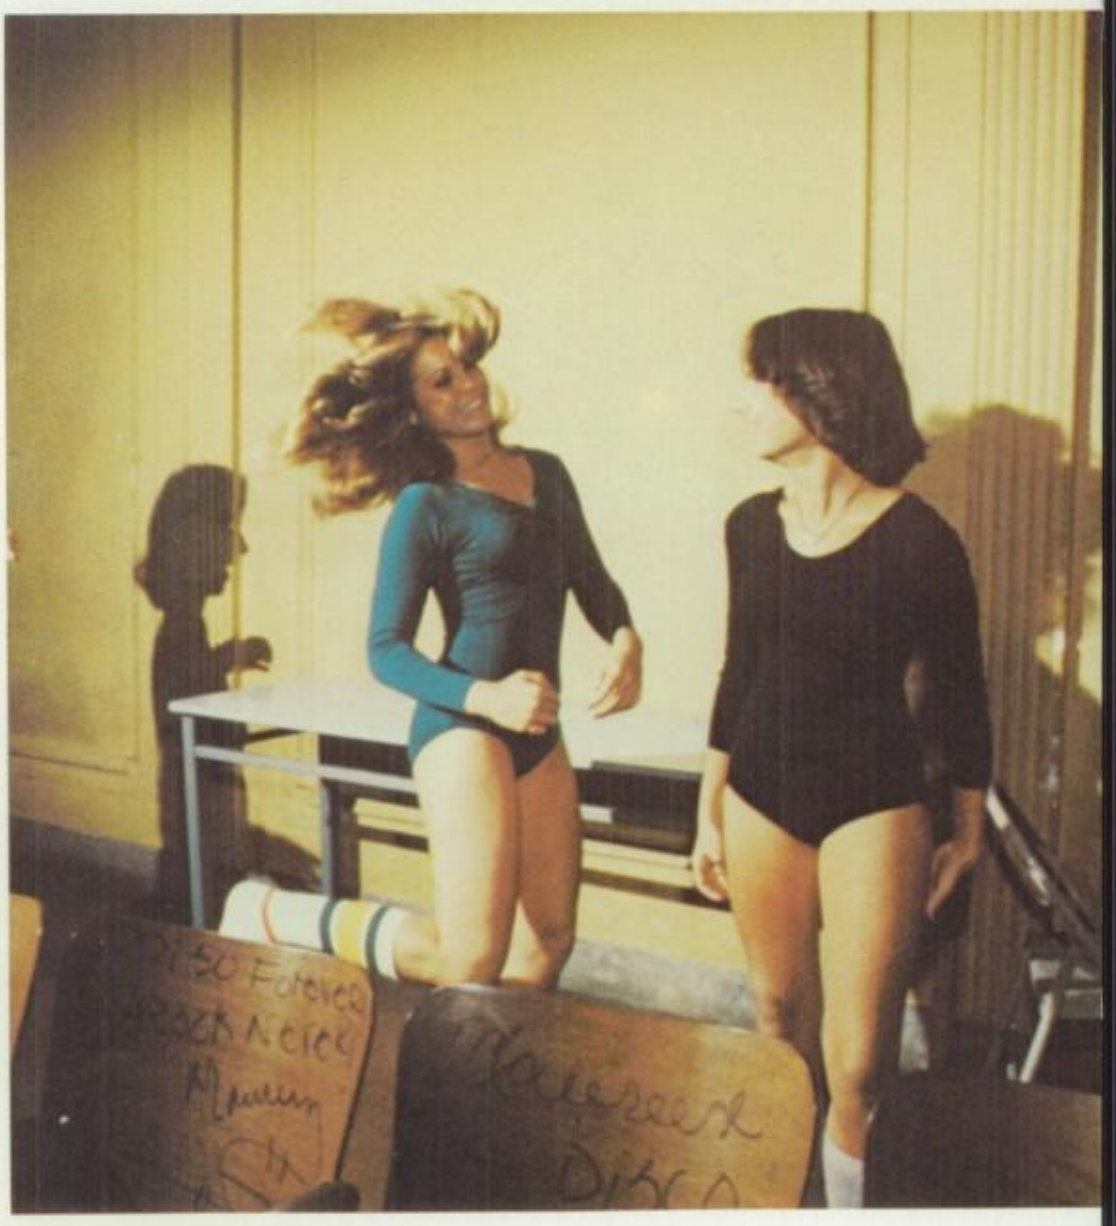
The stories an idle room holds
the coldness of an idle mind;
Neither can express
what creativity unlocks.
Steve Lobritto



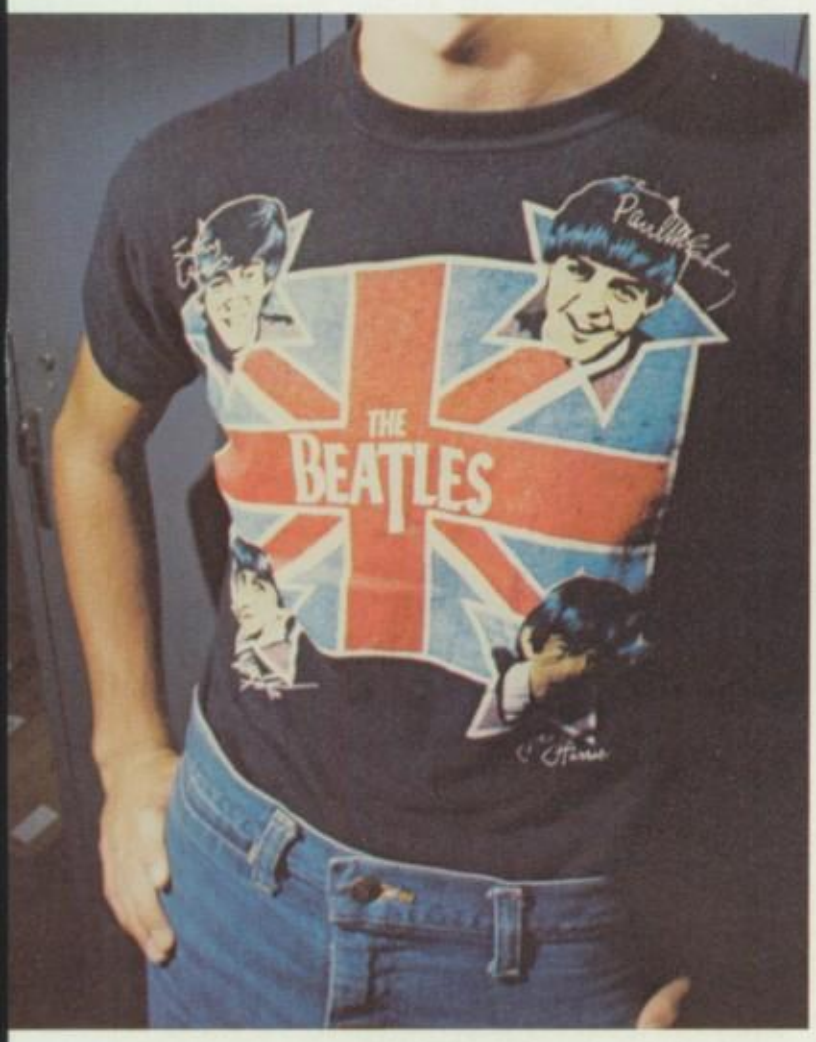
Without an effort at personal growth
school is just wasted time
in empty rooms.

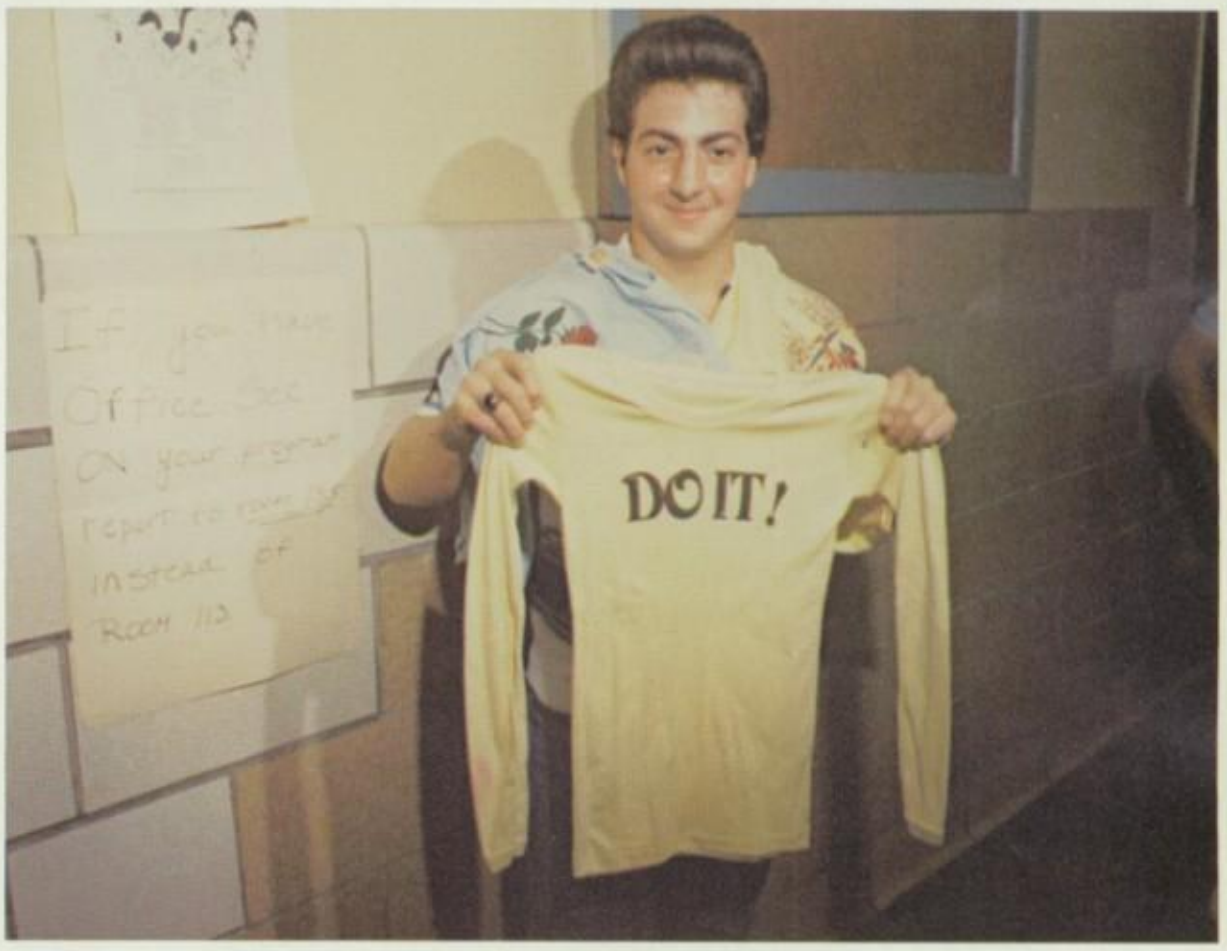
Judy Jones

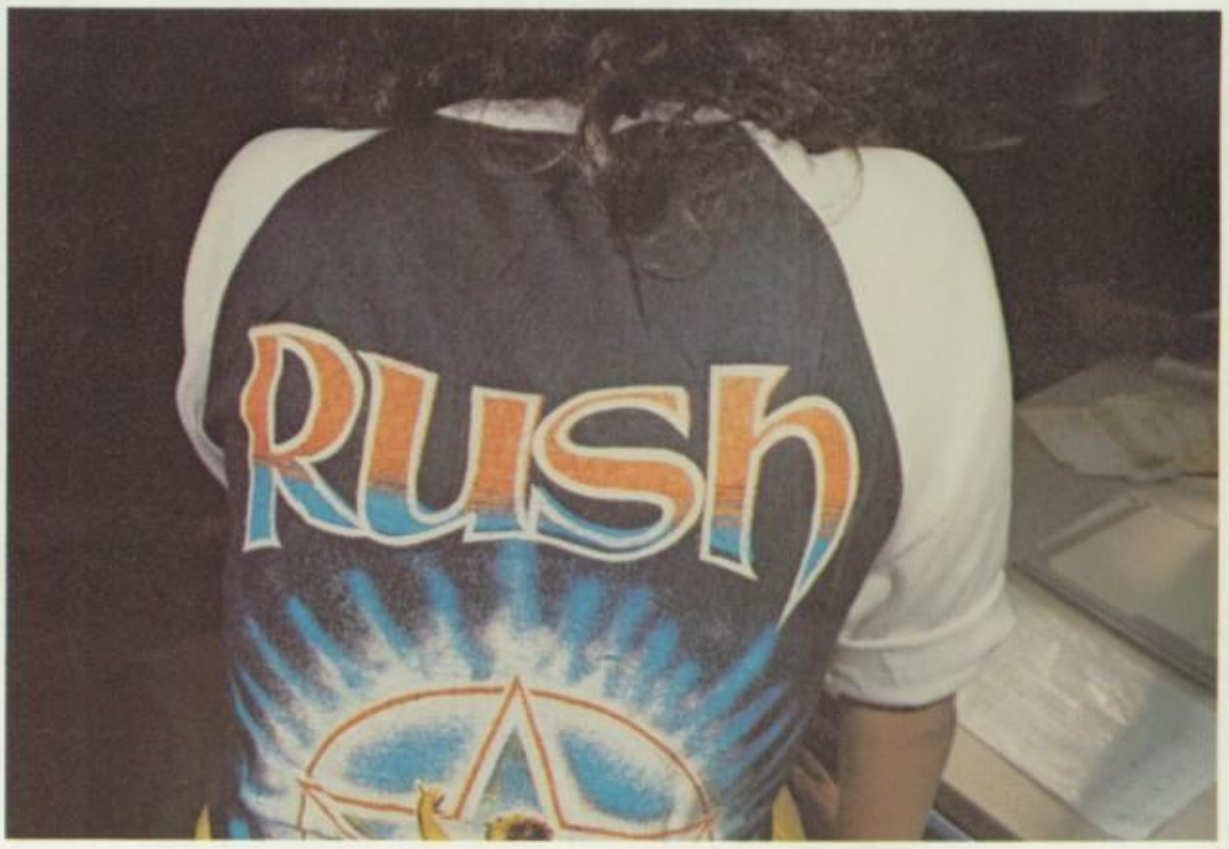
Some things we find together . . .



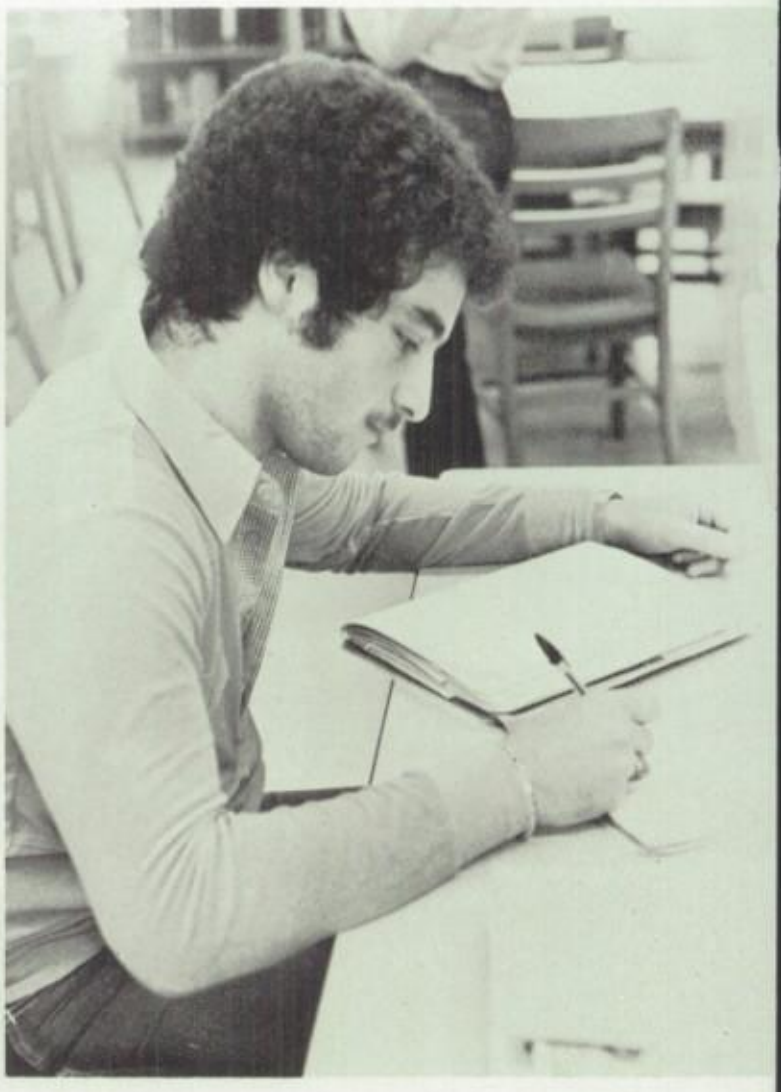
. . . some we find alone.

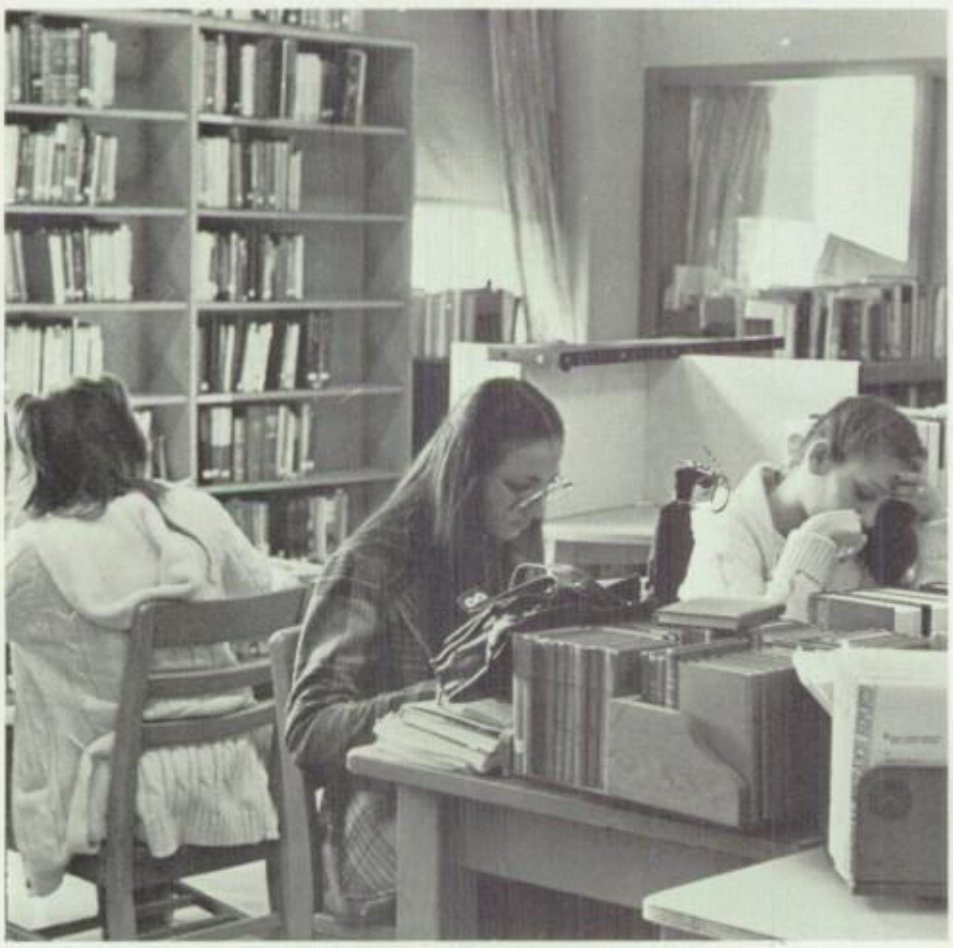






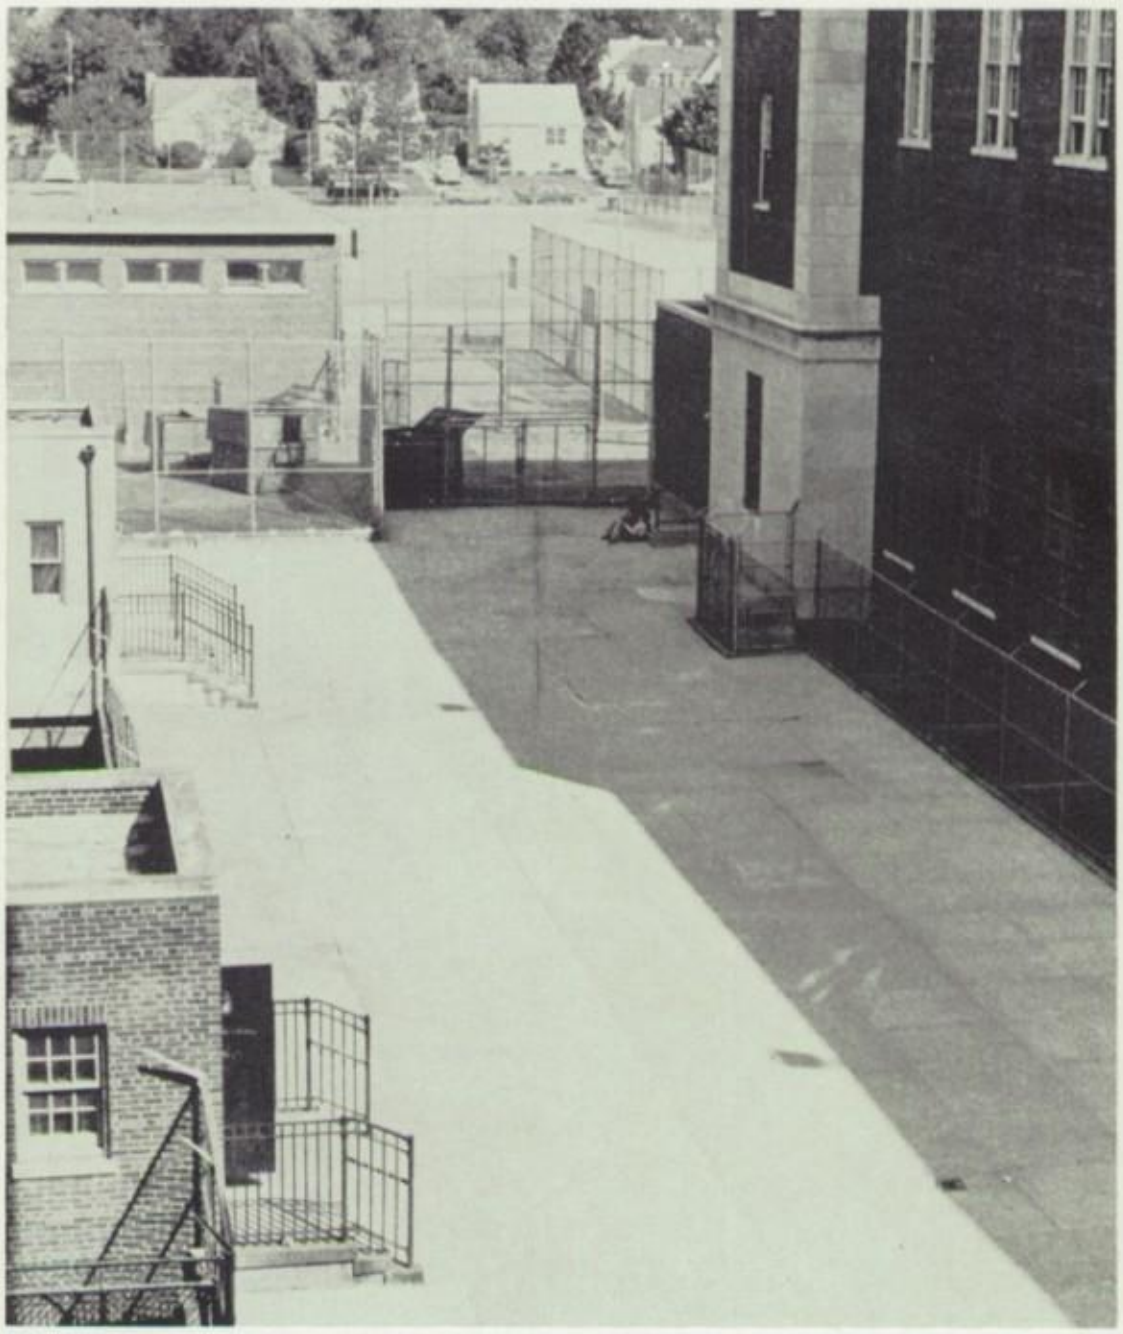
This ain't no party, this ain't no disco,





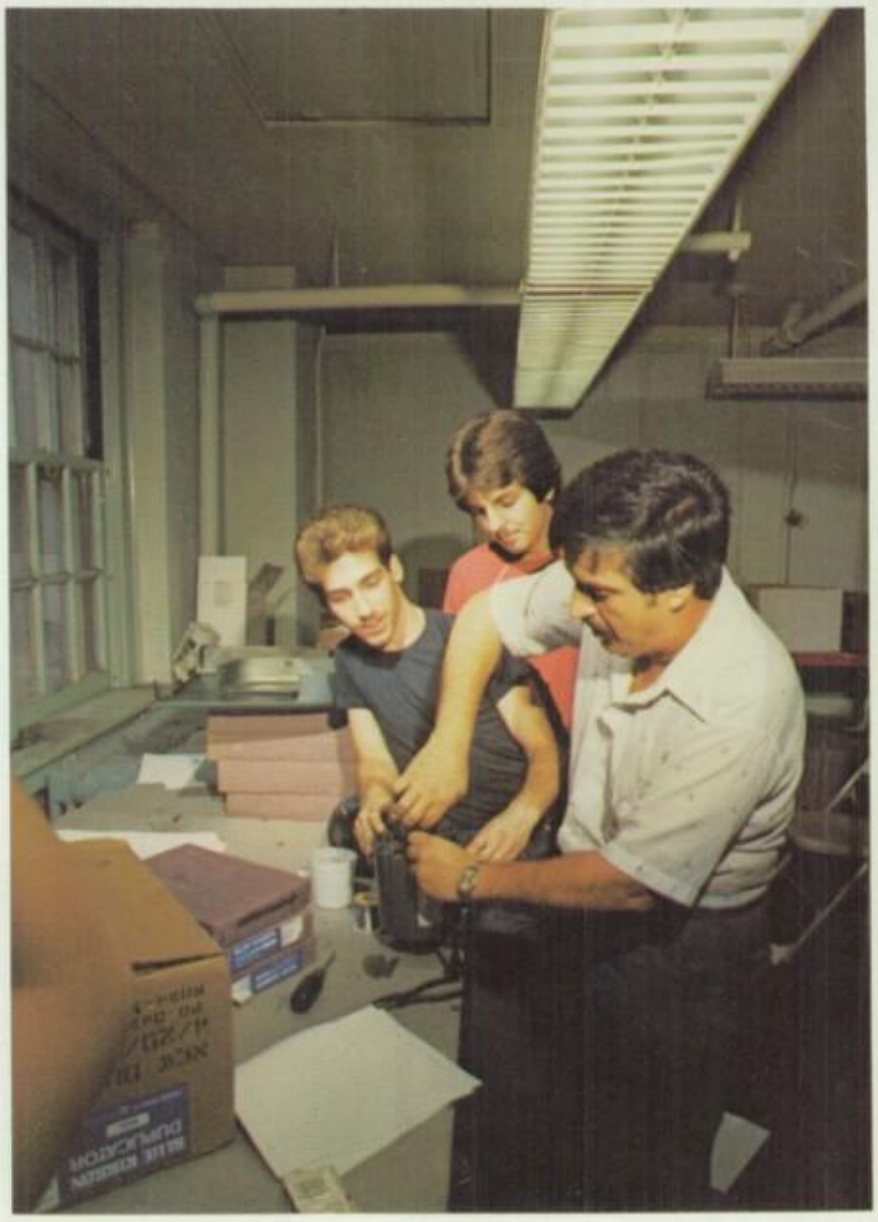
this ain't no fooling around,

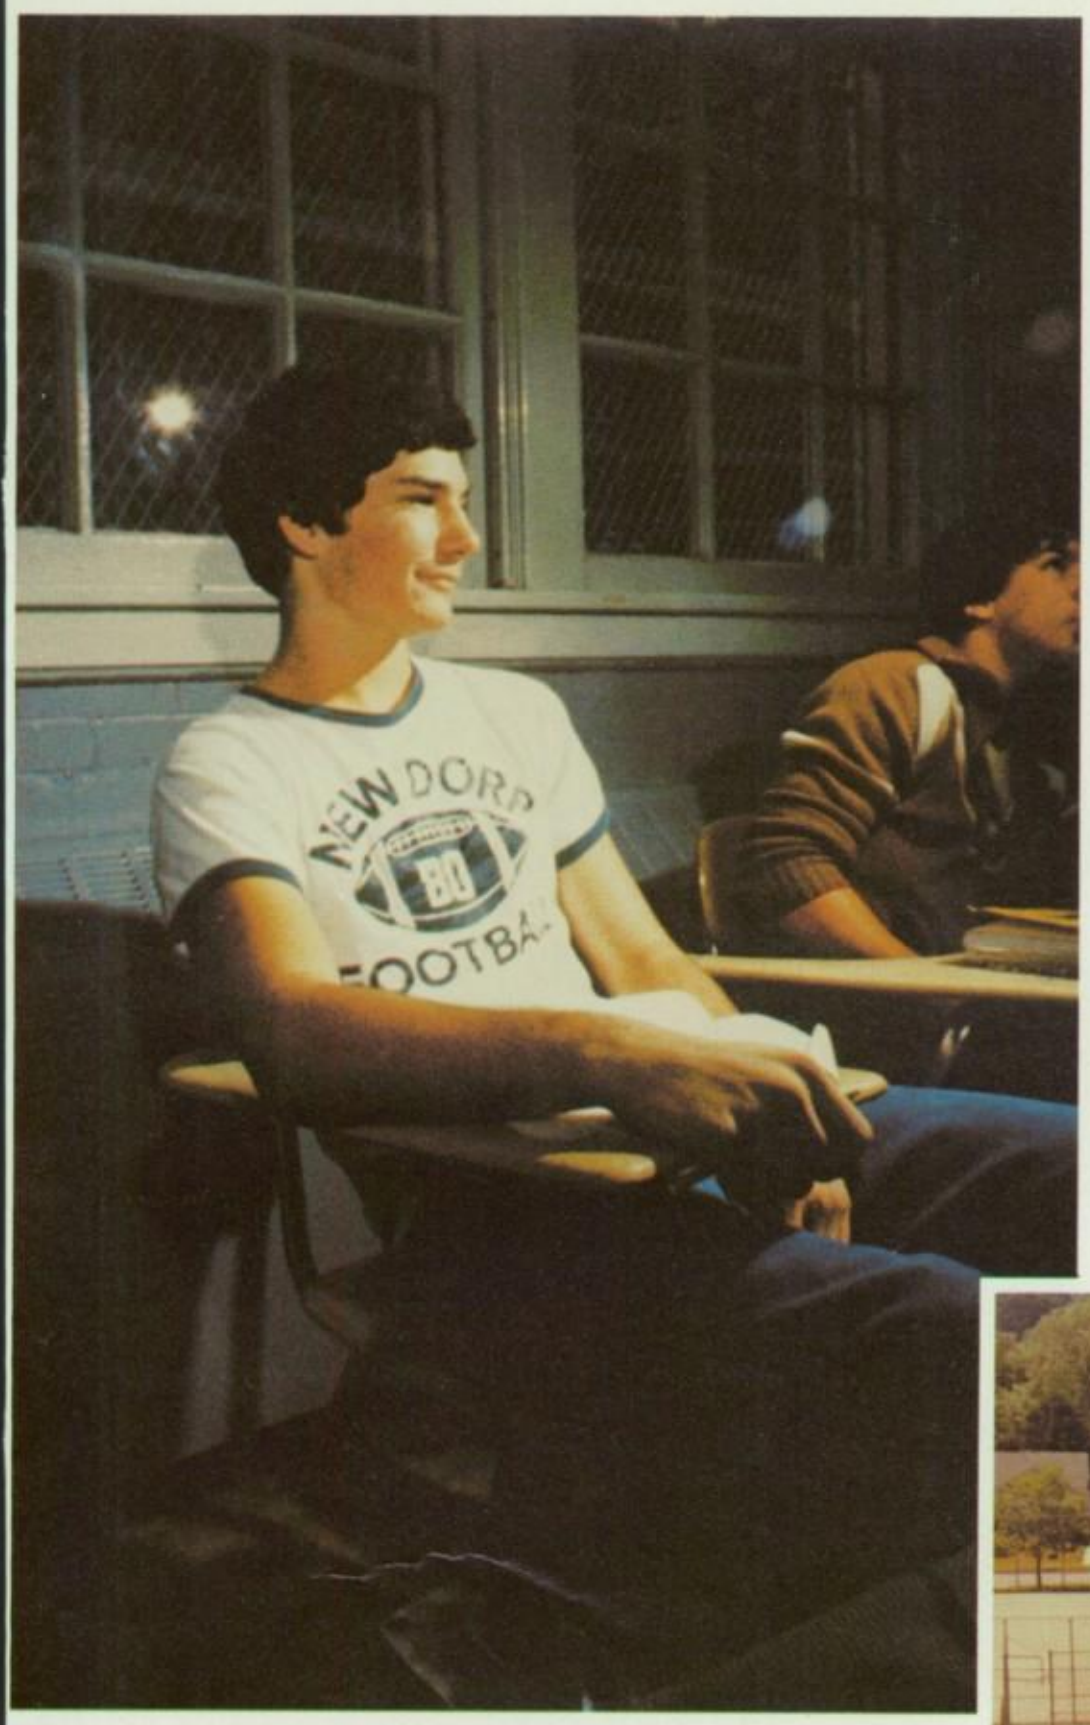
this ain't no Mudd Club, or C.B.G.B.,

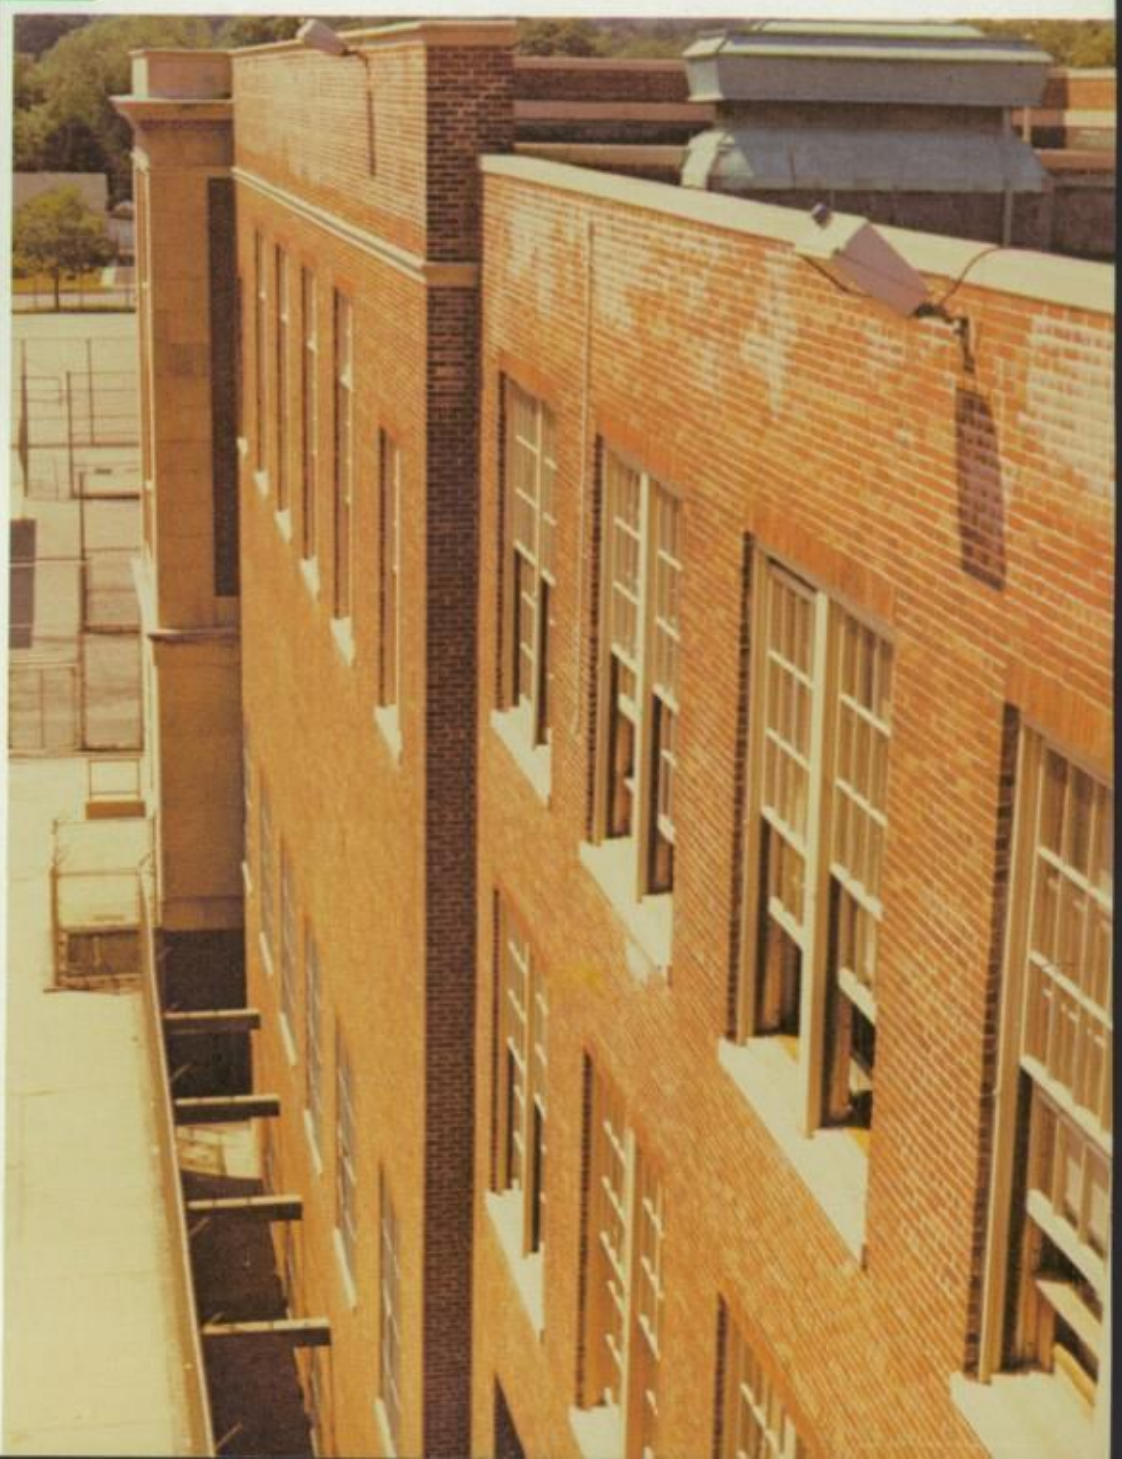


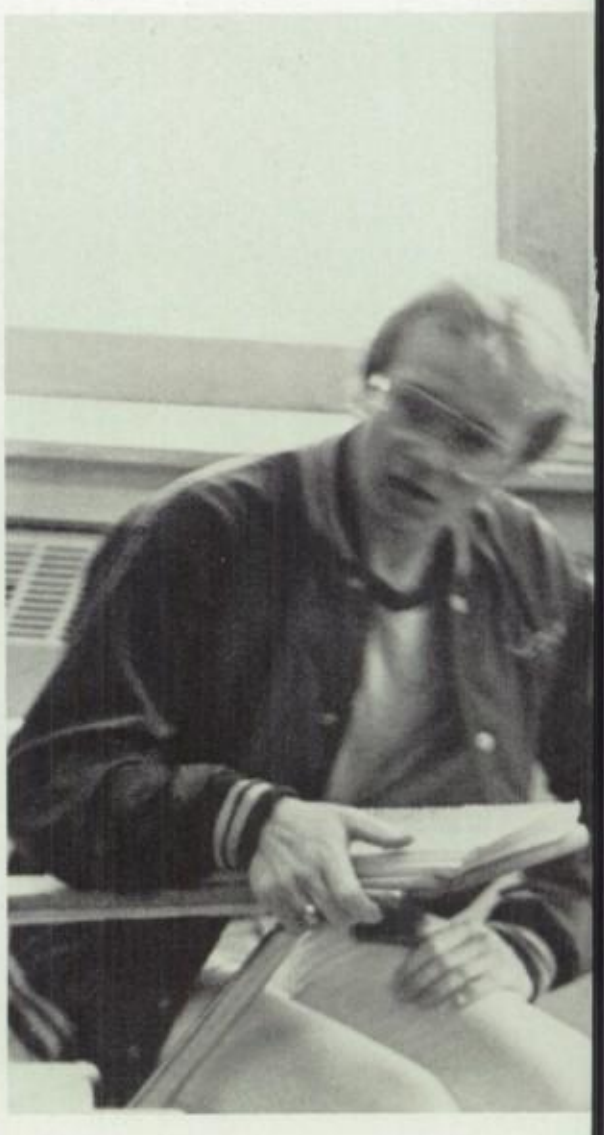
I ain't got time for that now.
Talking Heads

KUILIMA

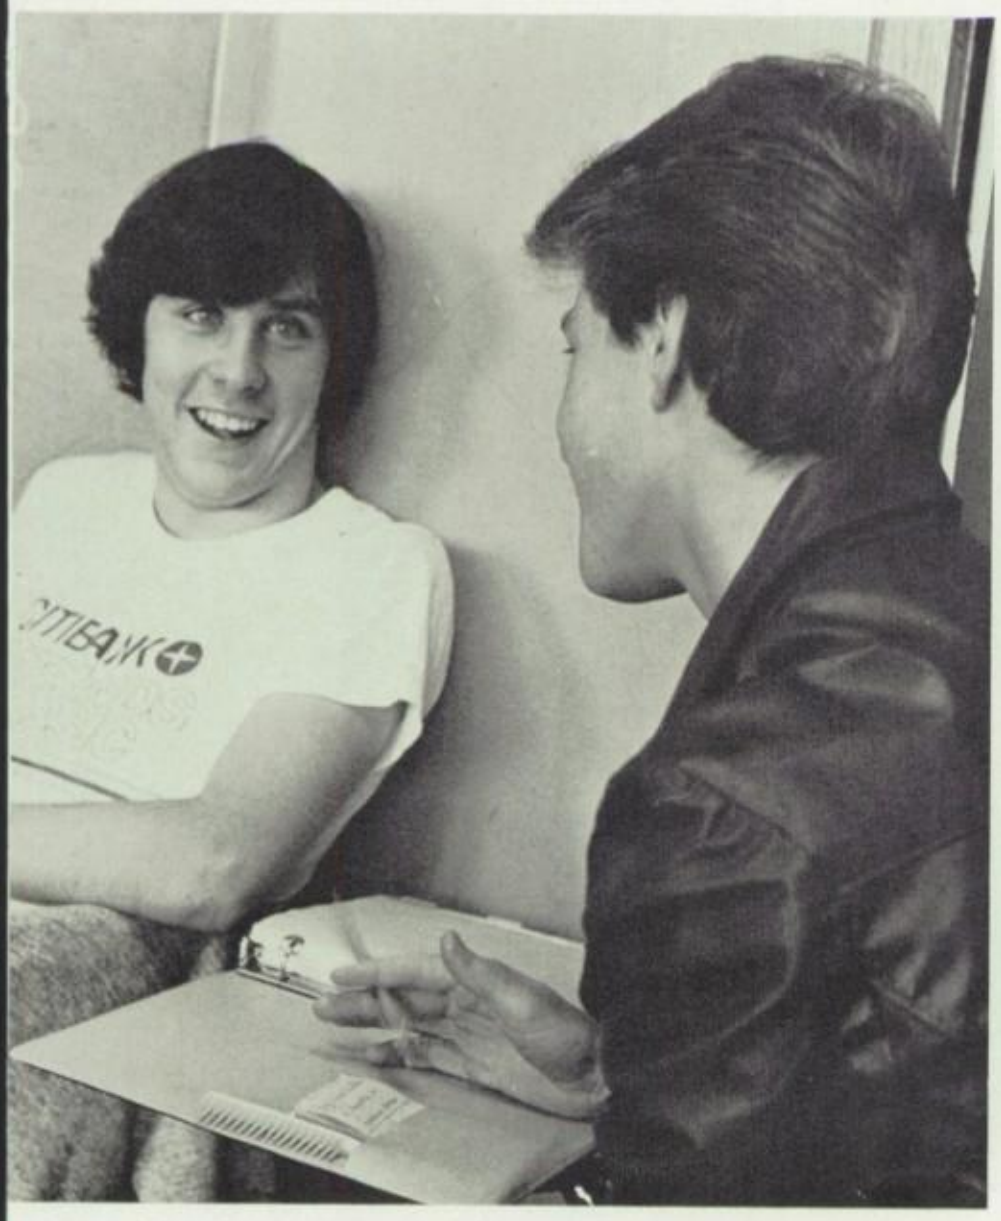


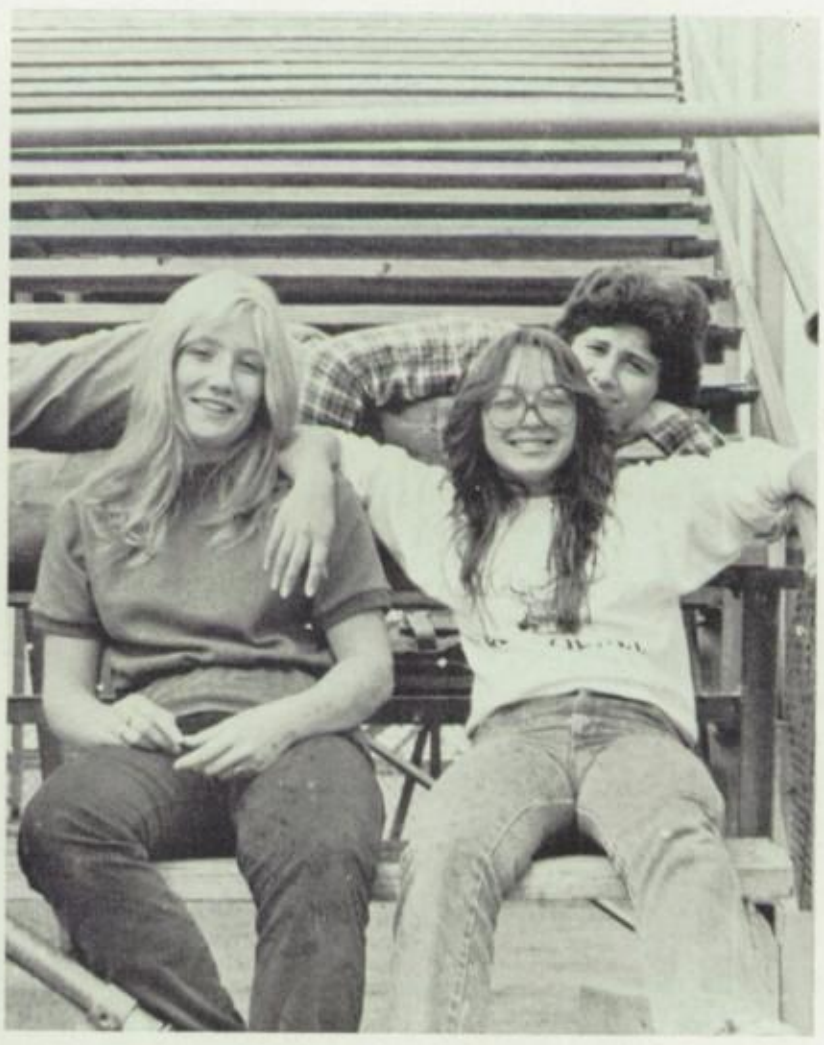






AHAP TEST?!!!

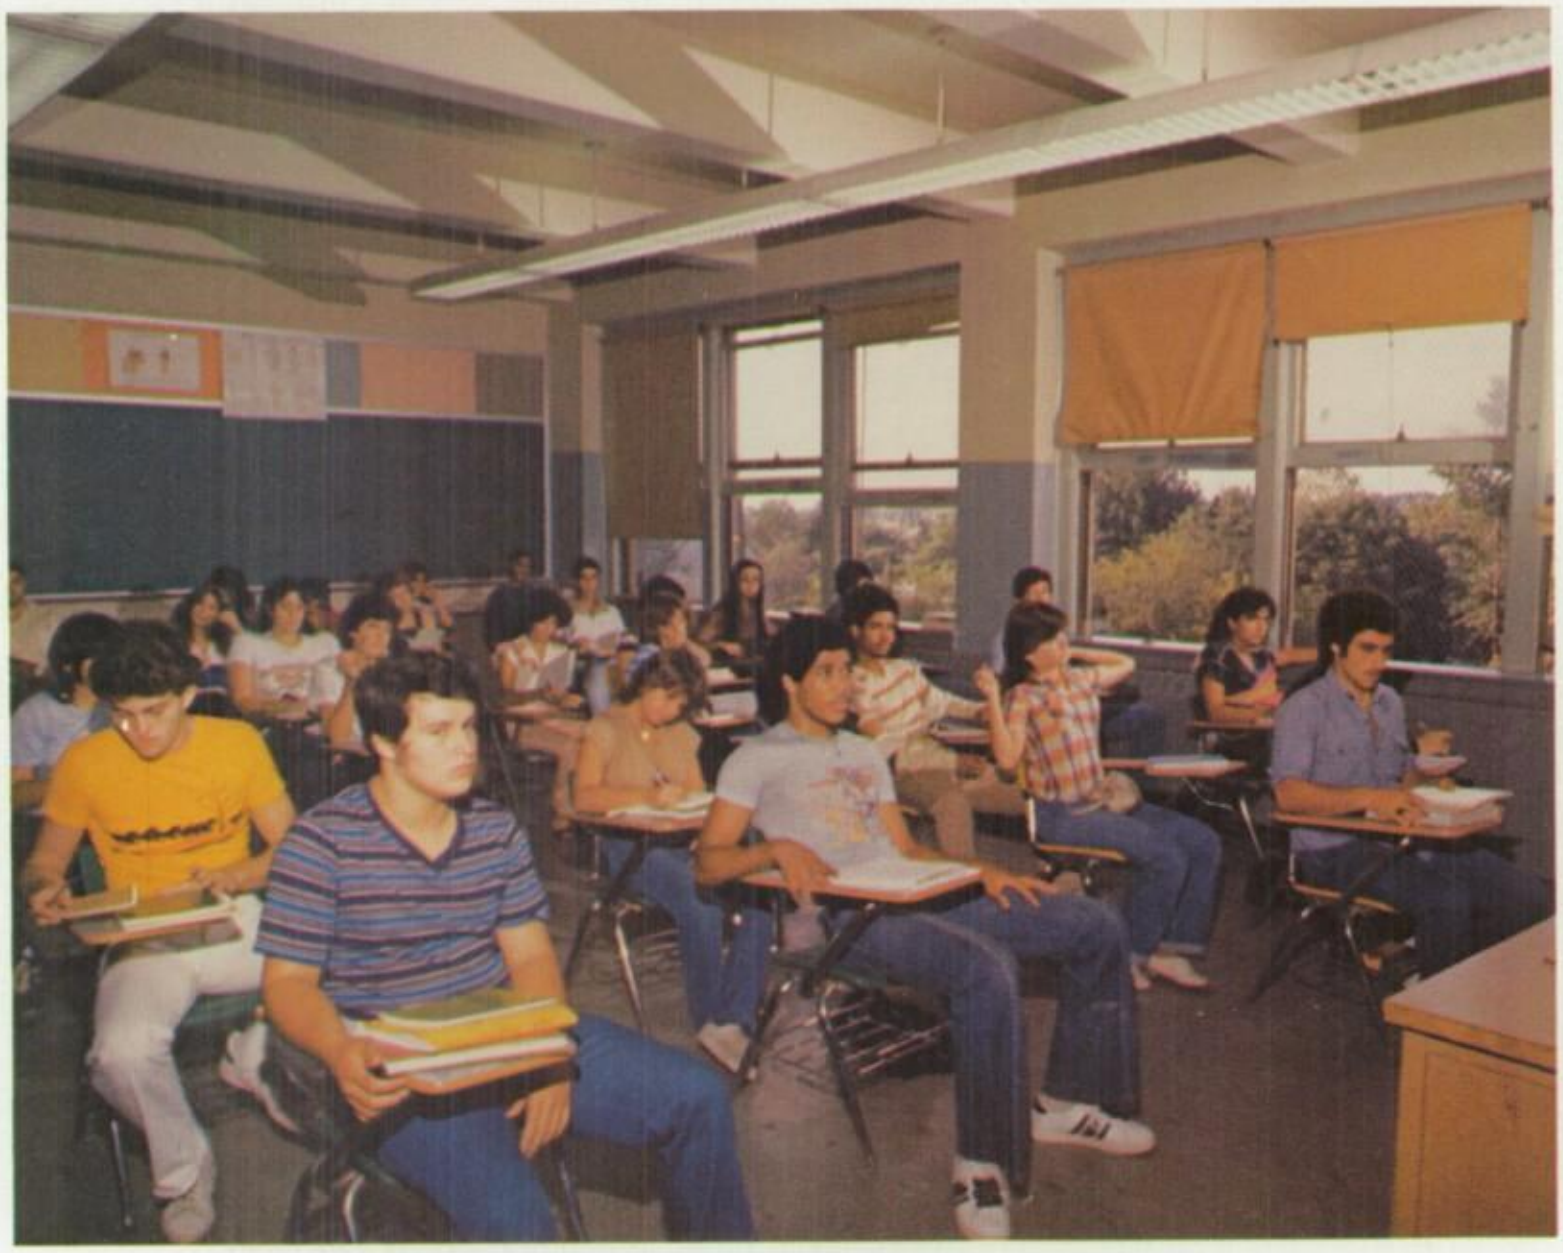


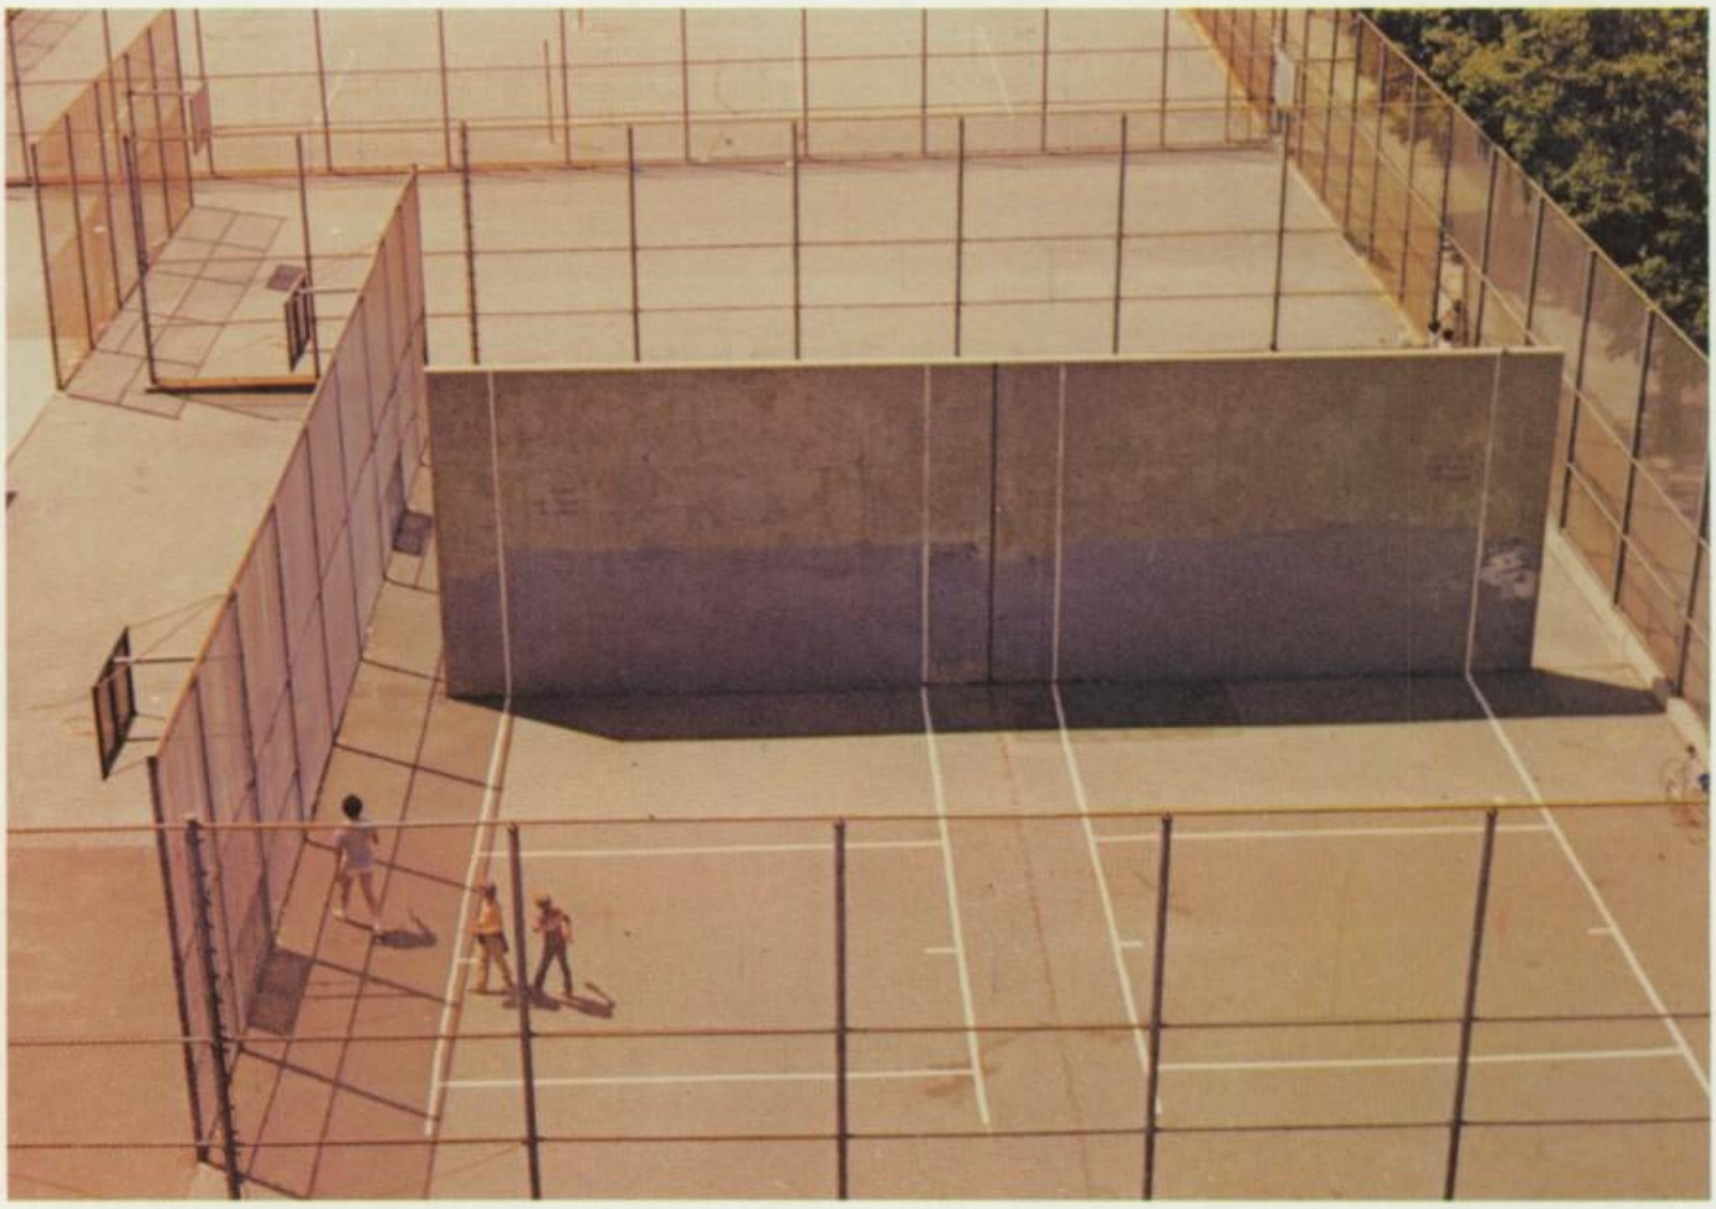


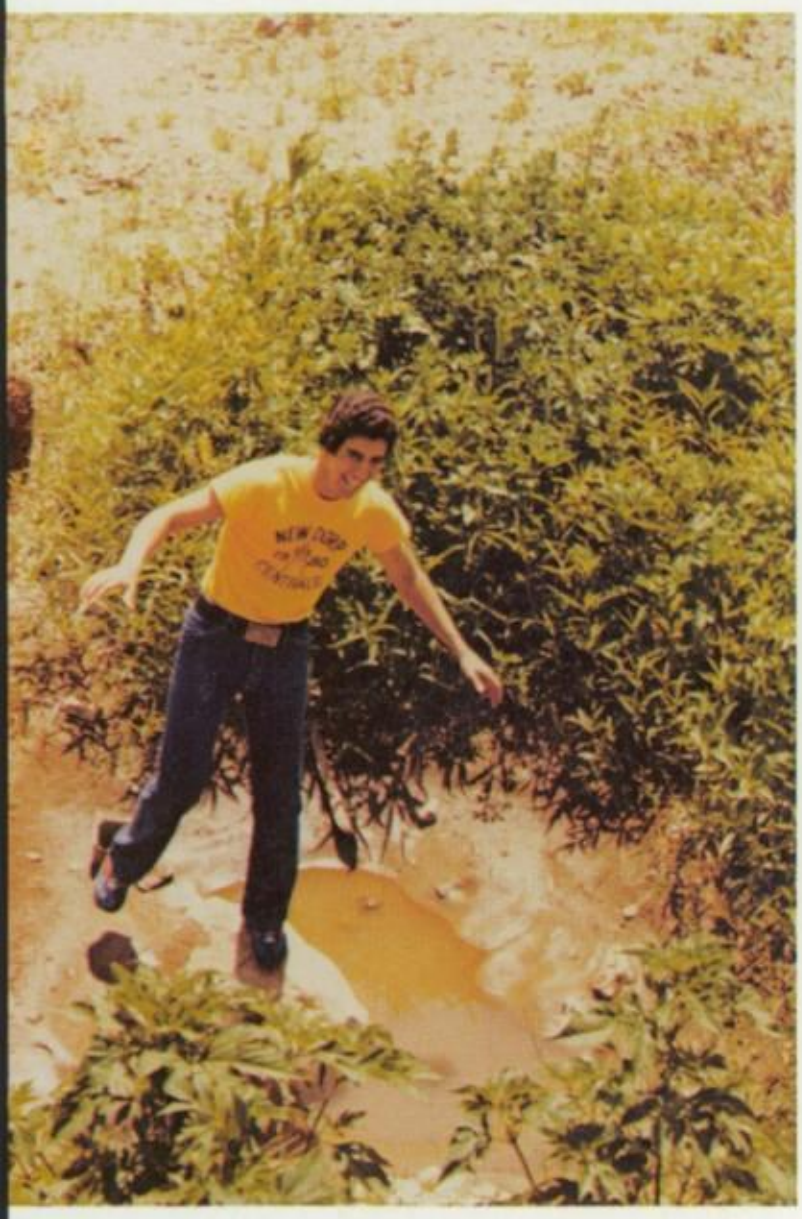
We are islands to each other
building hopeful bridges
on the troubled sea.
Neil Peart/Rush

There will be time for the works and days
of hands that lift and drop a question
on your plate. Time for you, time for me,
time for a hundred indecisions,
for a hundred visions and revisions.

T.S. Eliot

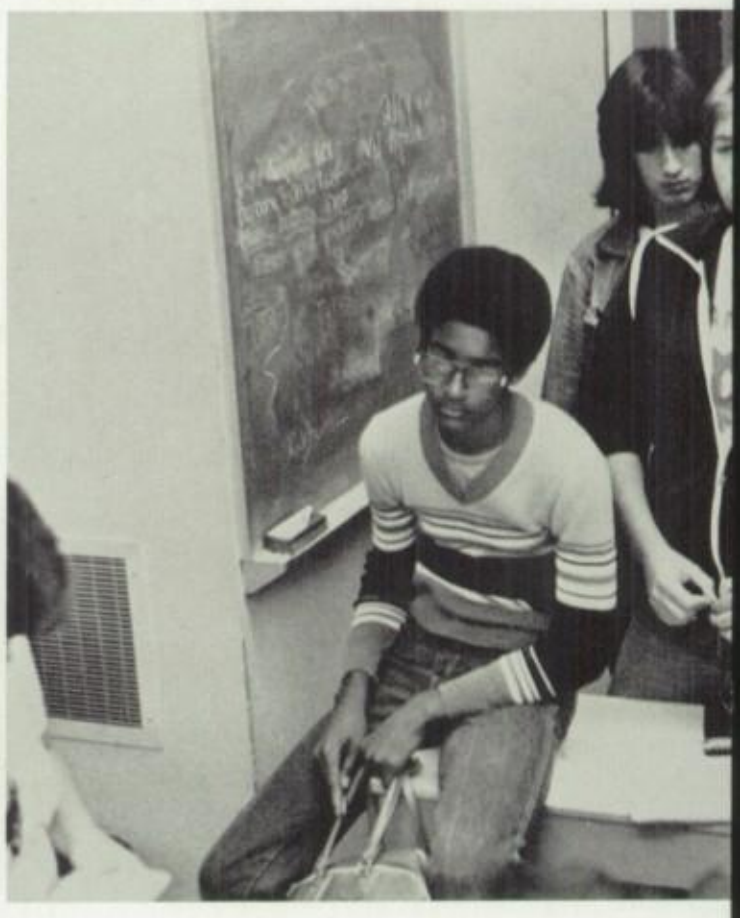




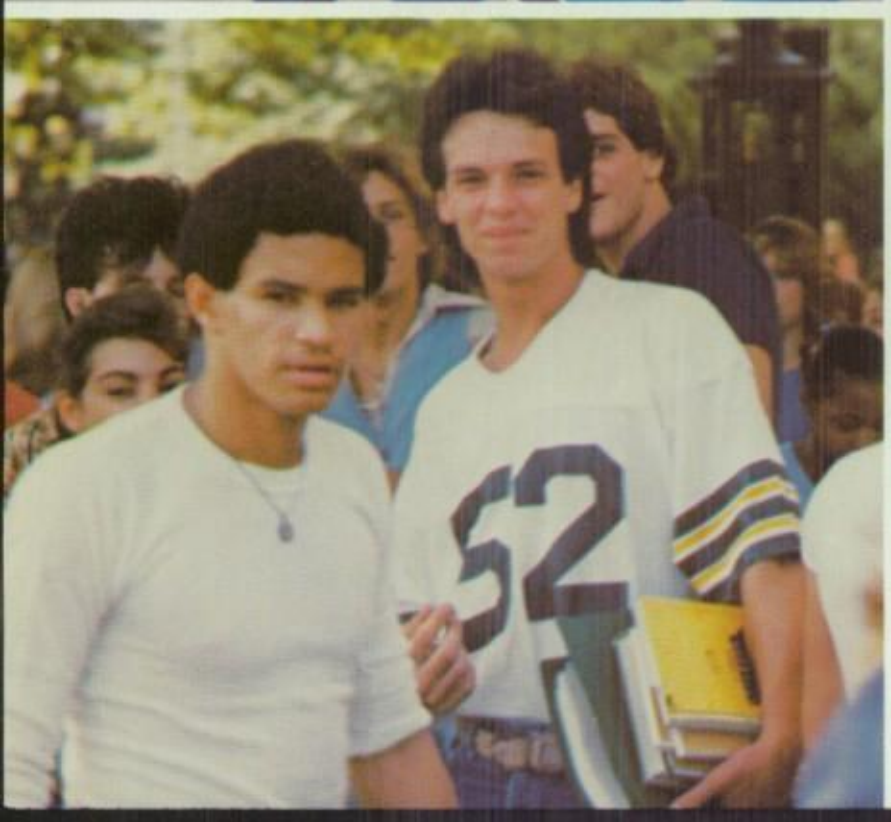


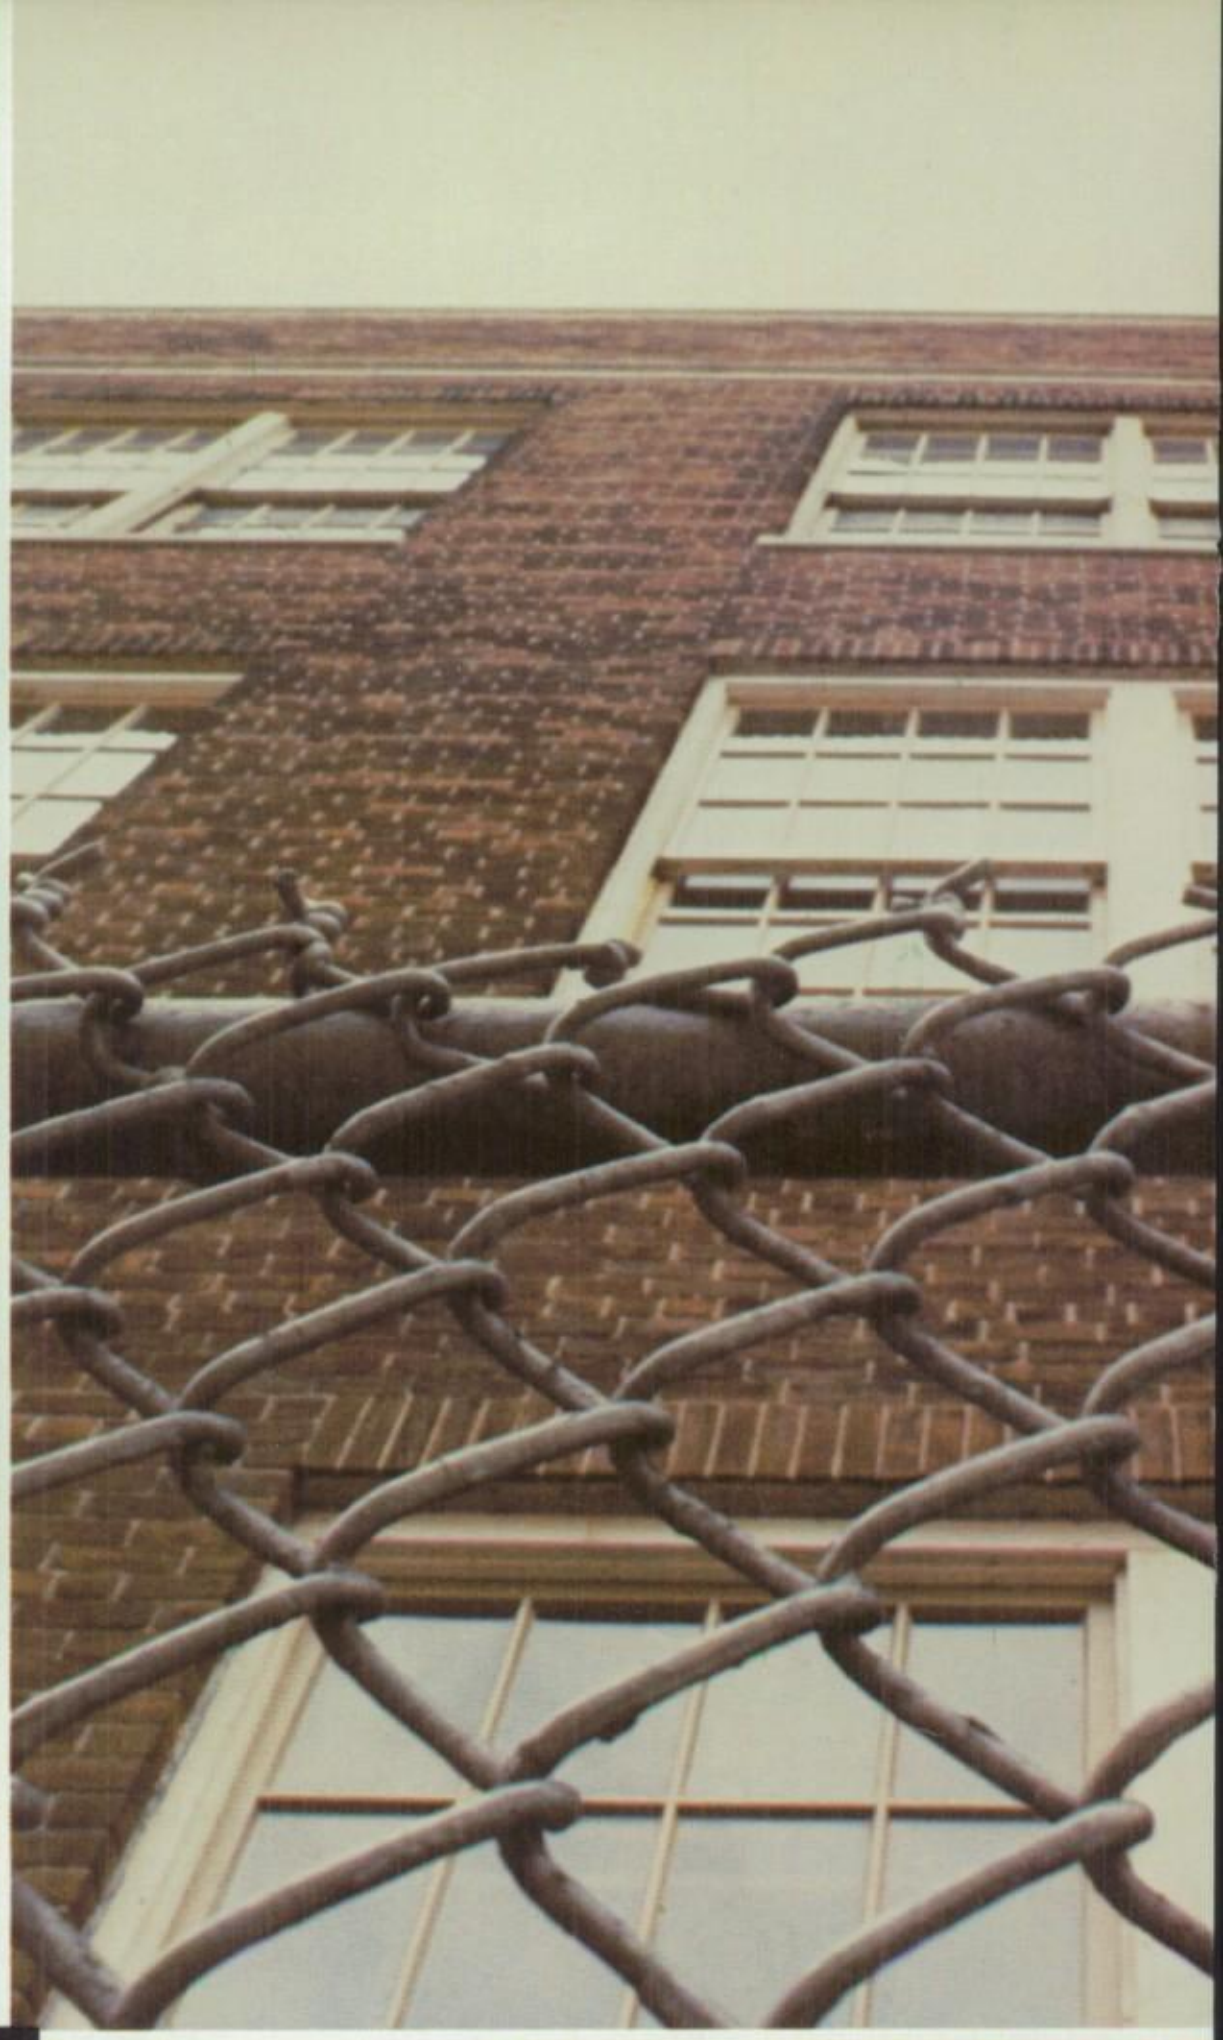
Blind in the wide land I
turned and risked my feet
to loose stones and sudden
alterations of height.

A.R. Ammons



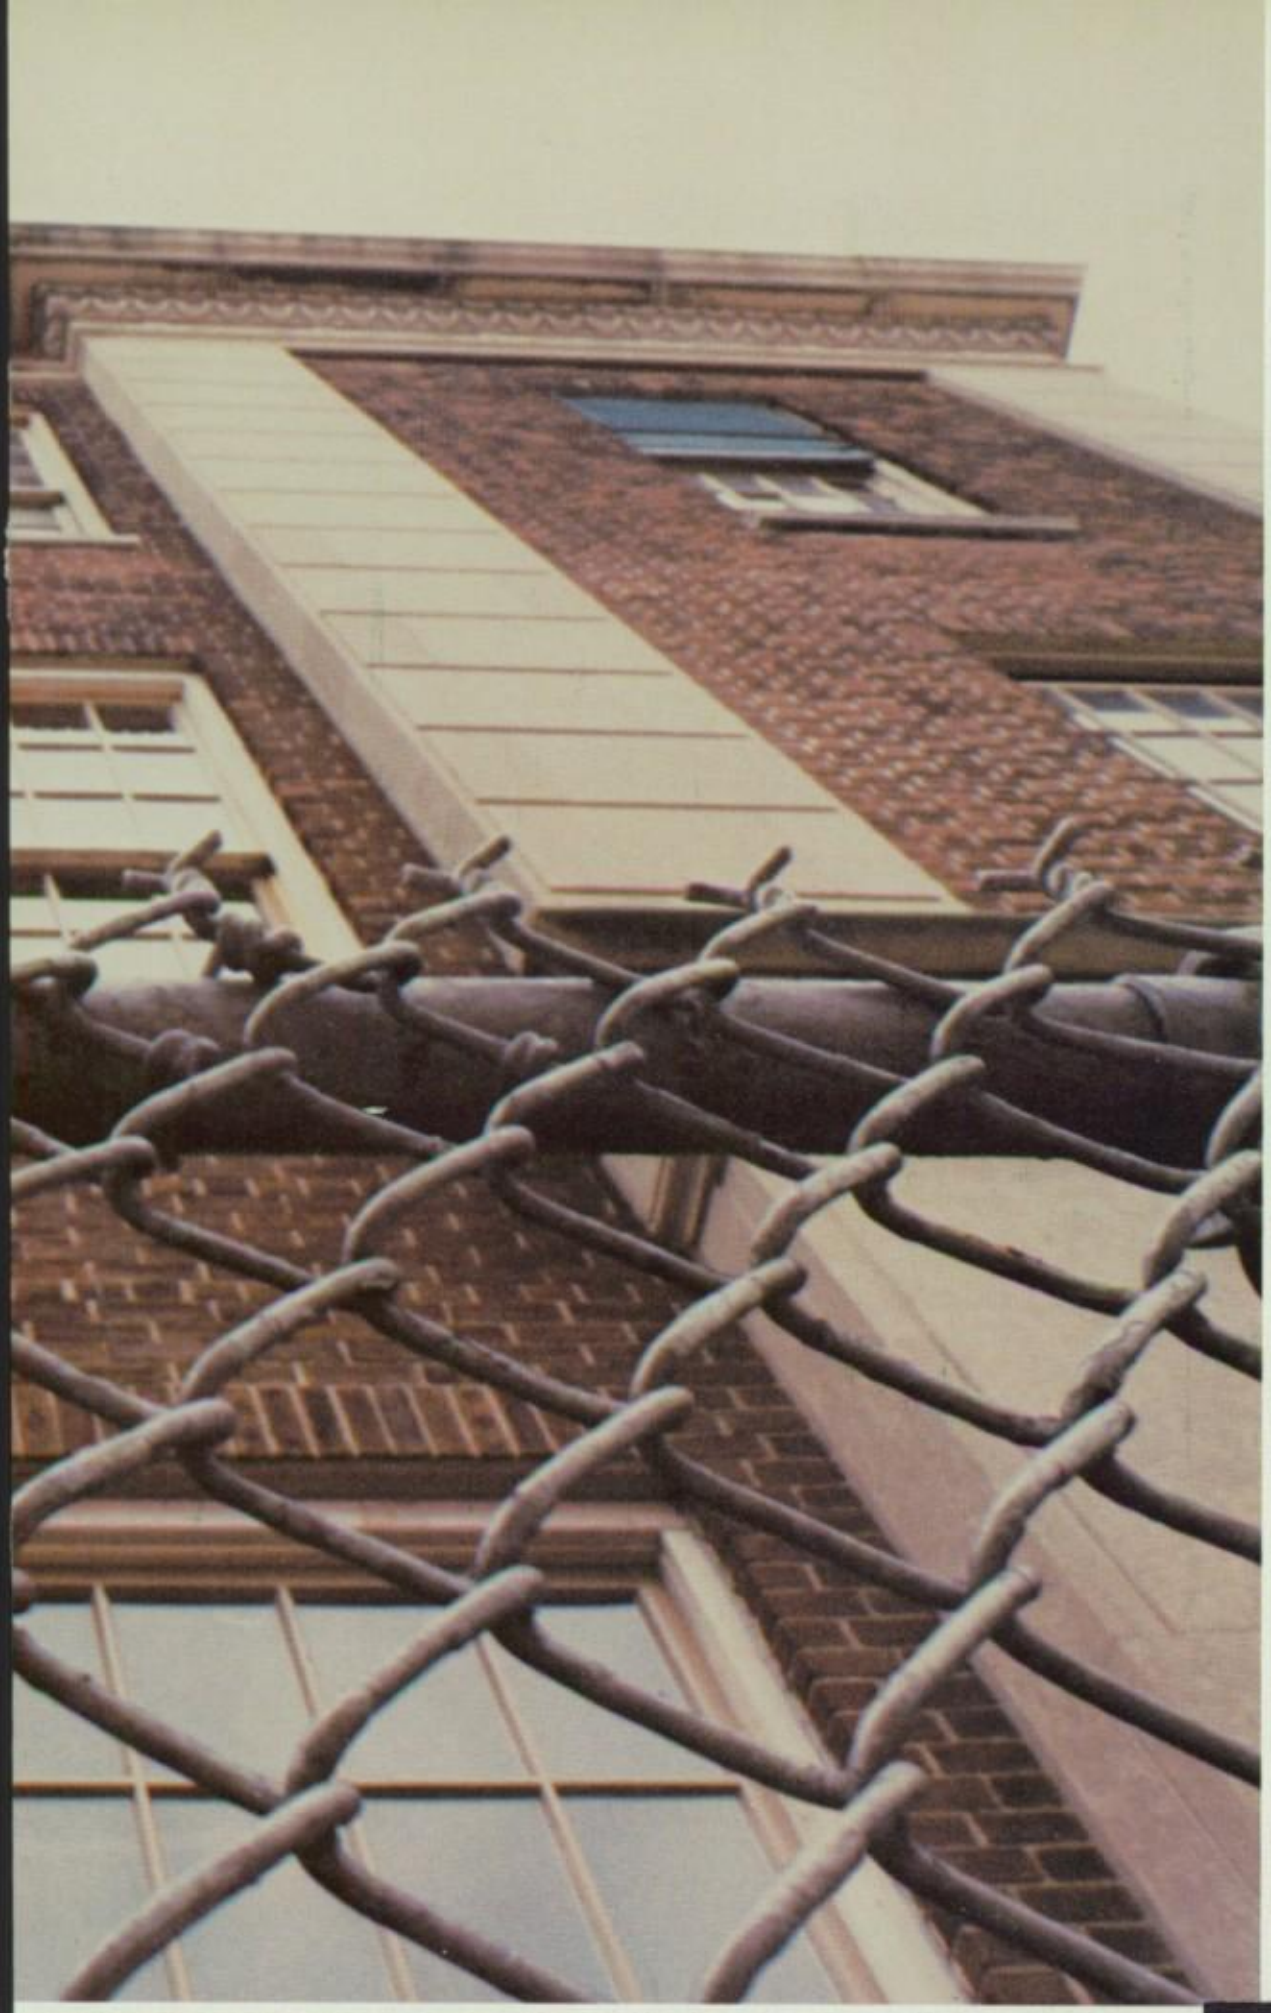
Why do I have to move with a crowd
of kids that hardly notices I'm around,
I have to work myself to death just to fit in.
Pete Townshend/Who

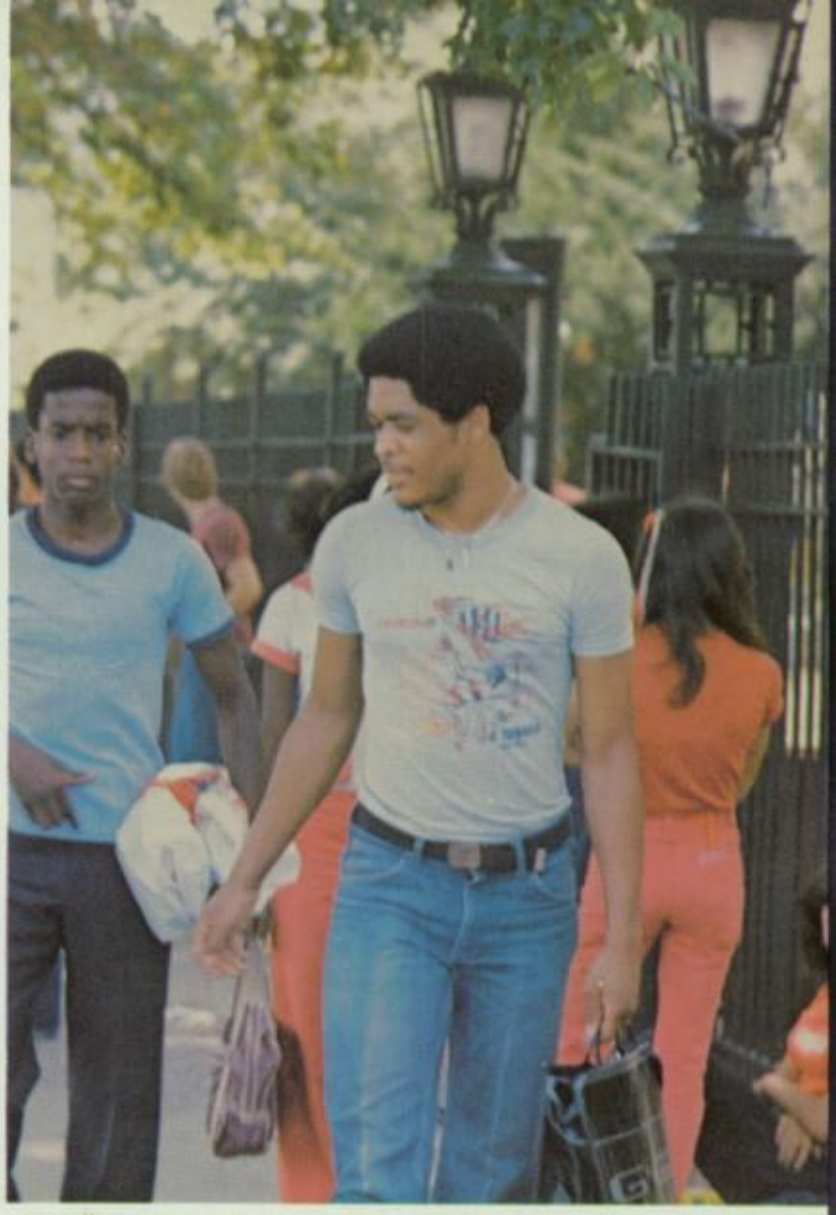


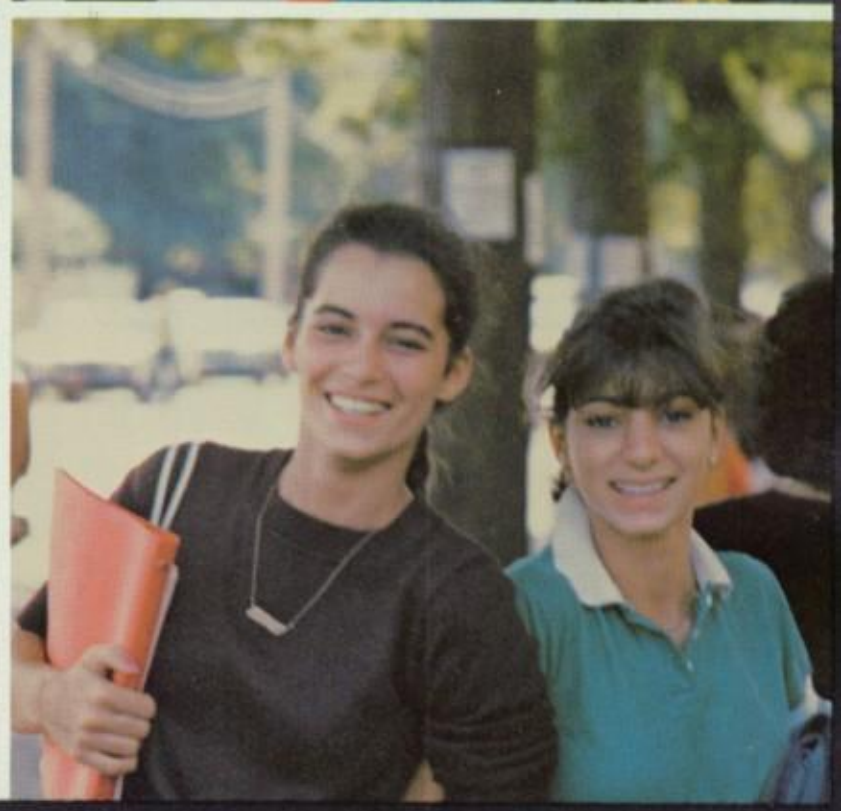


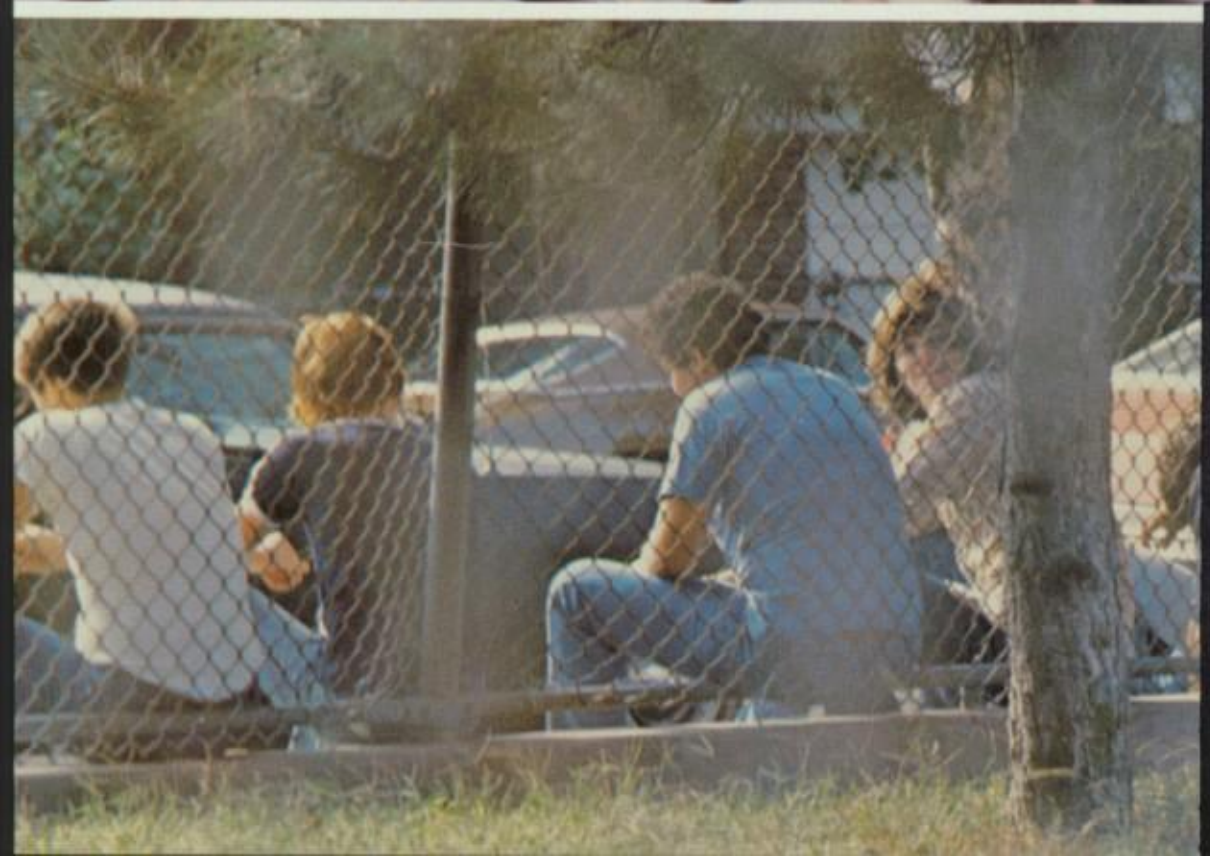
I shall tell you a great secret,
my friend. Do not wait
for the last judgement,
it takes place every day.

Albert Camus



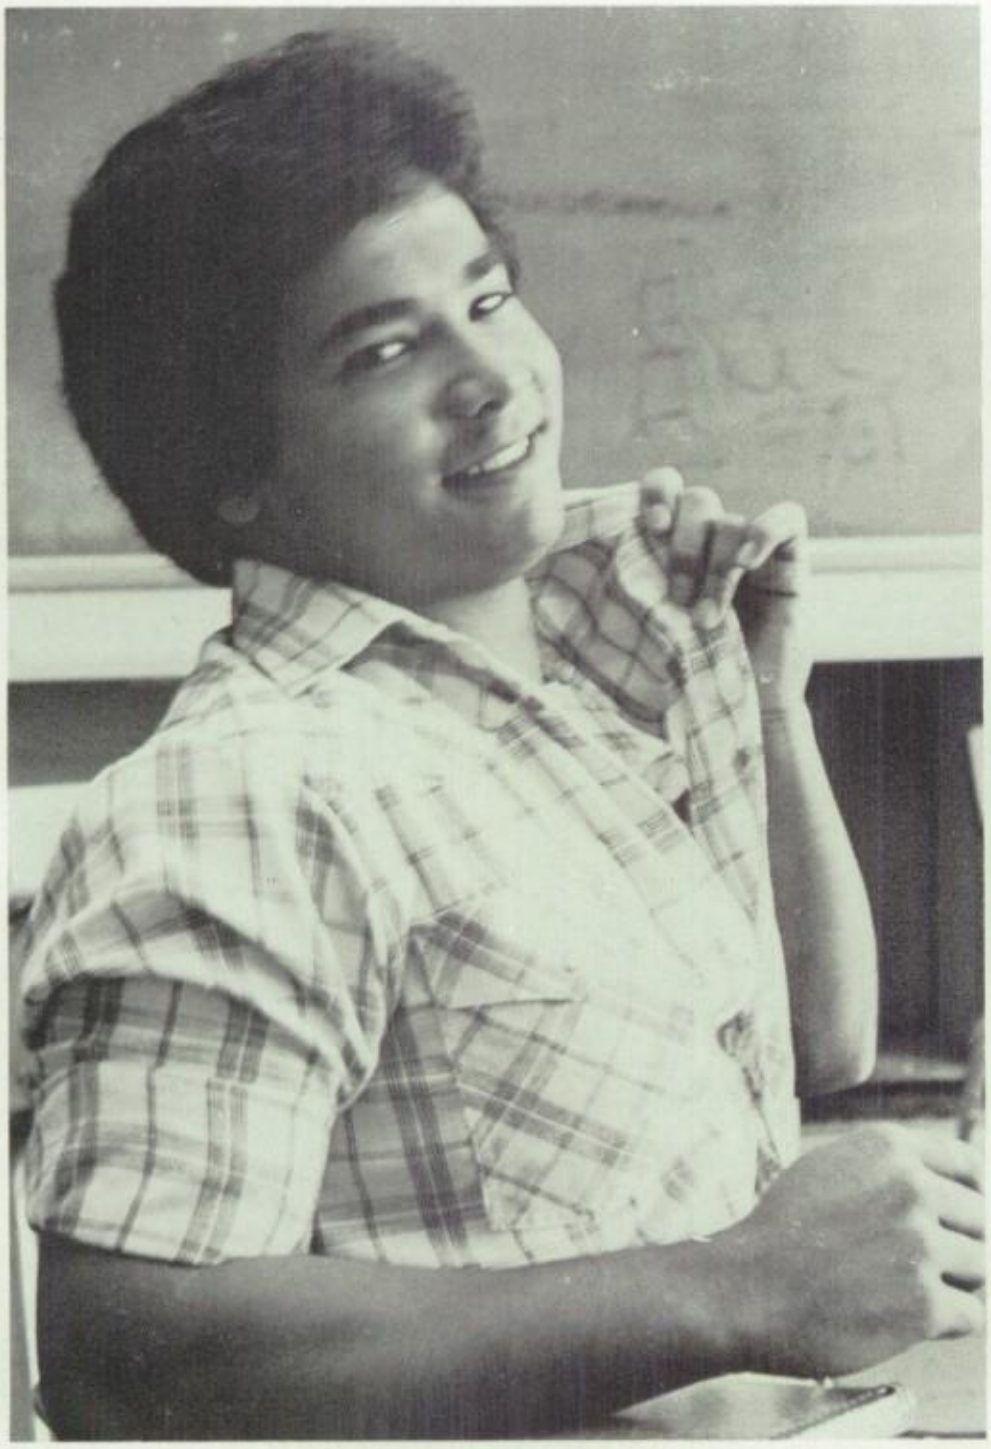


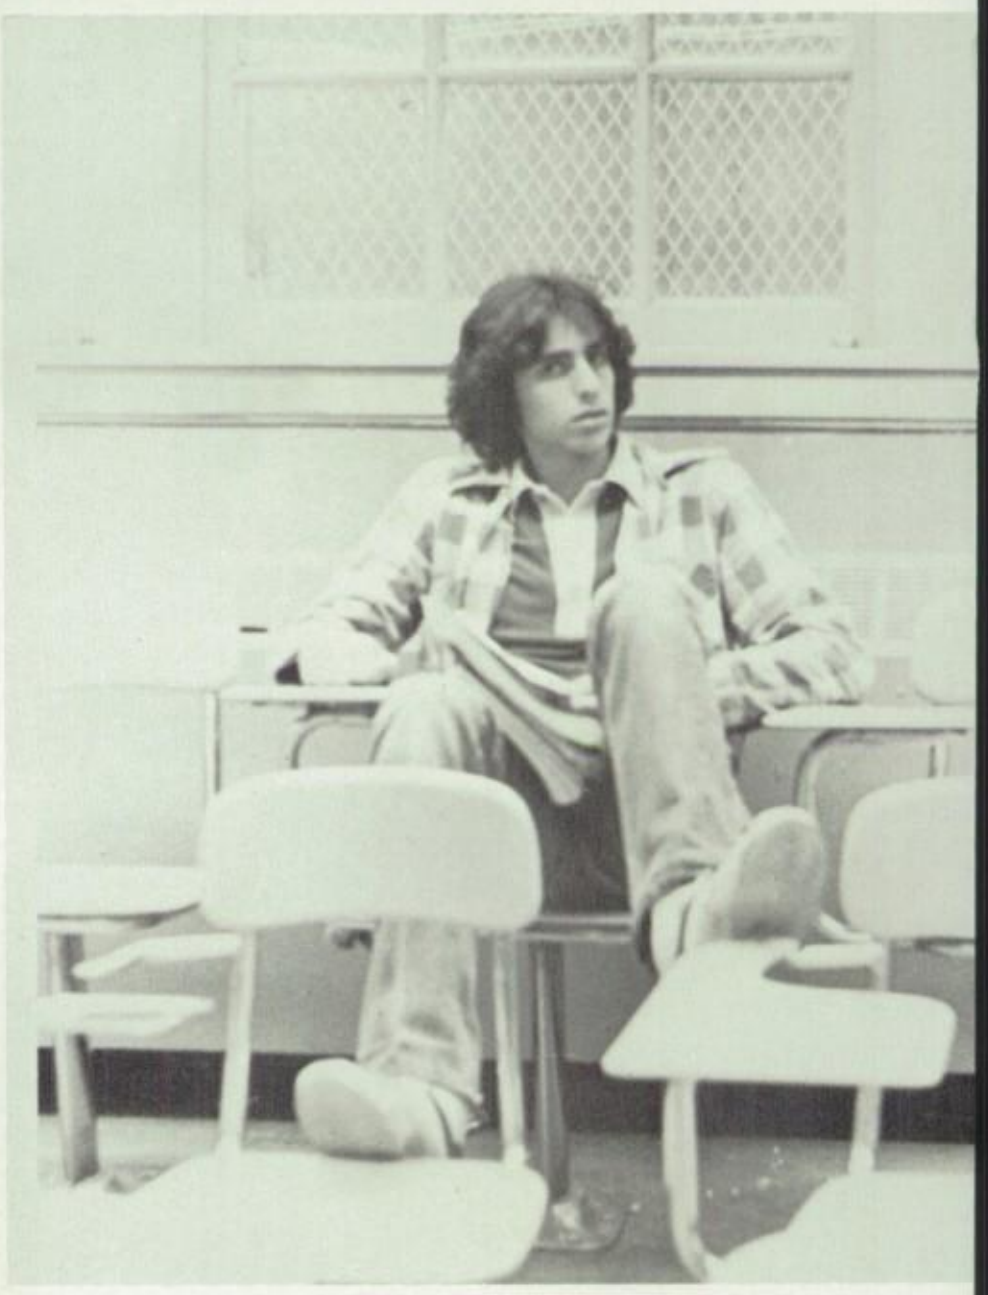




Each day I learn
just a little bit more,
I don't know why
but I do know what for;
if we're all going somewhere
let's get there soon,
this song's got no title,
just words and a tune.

Bernie Taupin/Elton John



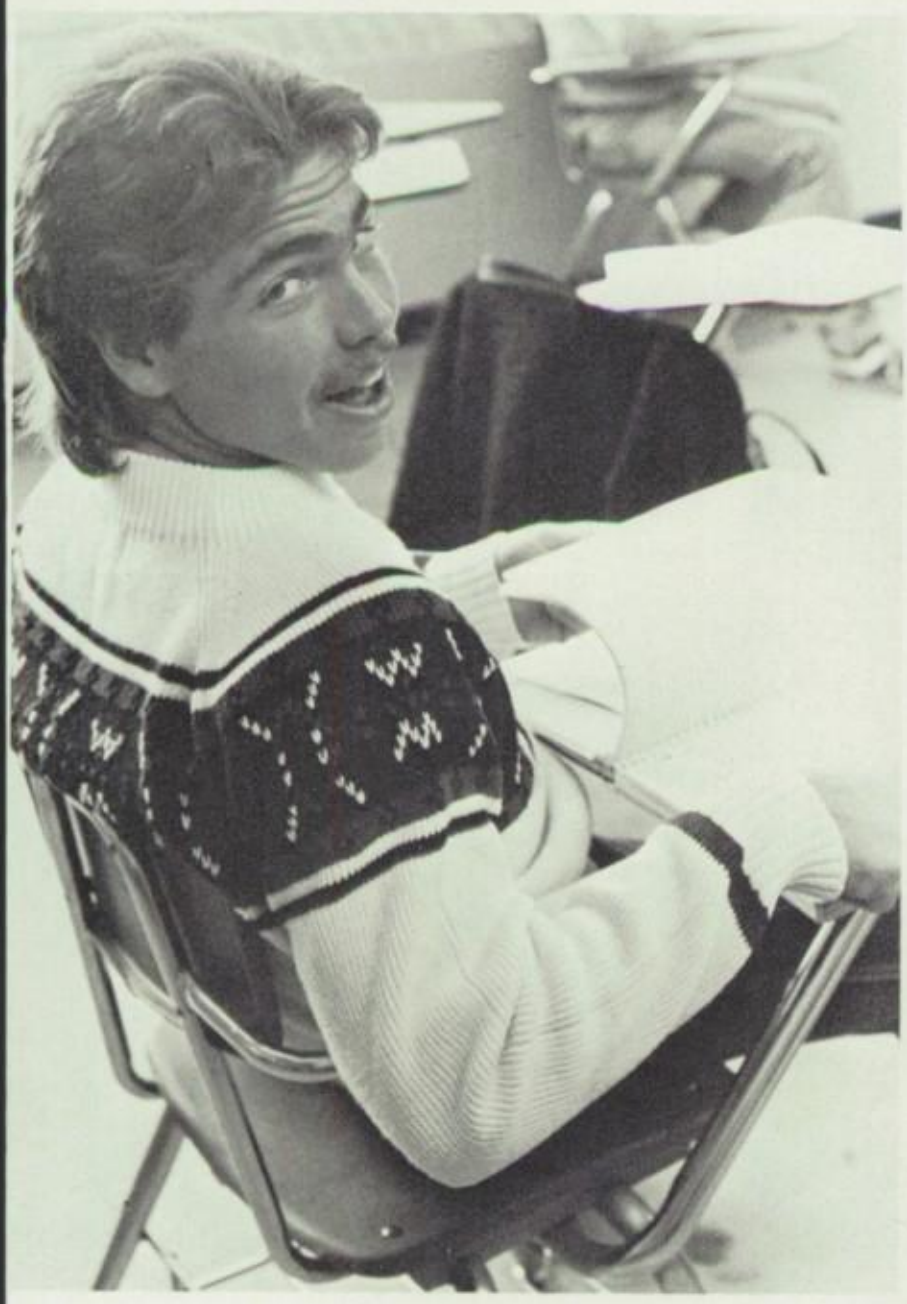


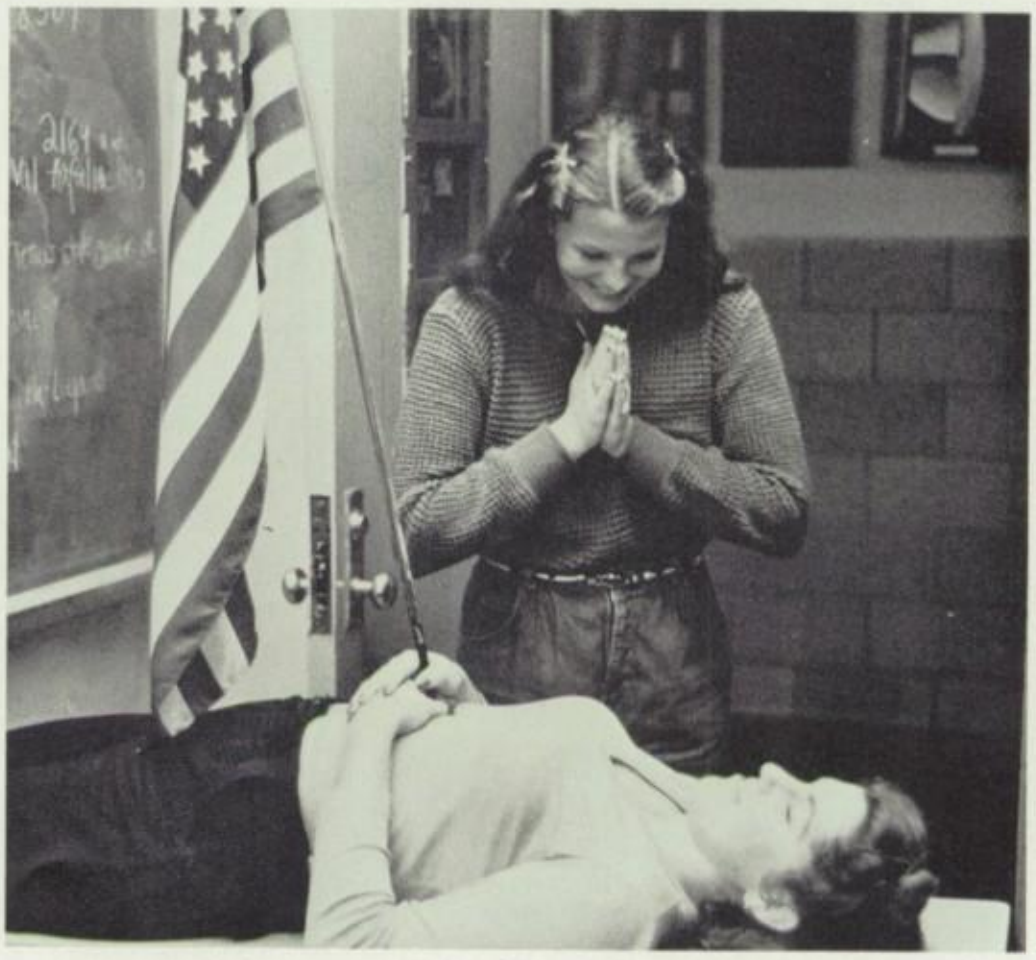
CLASSIFIED: LOST: In the vicinity of the Sea of Holes. One smallish creature, answers (and answers incessantly, we may add) to the name of Jeremy Hilary Boob, Ph.D. Last seen babbling Boob-like near hole 769. If found, please communicate with gallant crew currently at sea bound for Pepperland. All Enquiries kept confidential. Call Yel Sub.

Max Wilk

We sailed up to the sun until we found the Sea of Green.

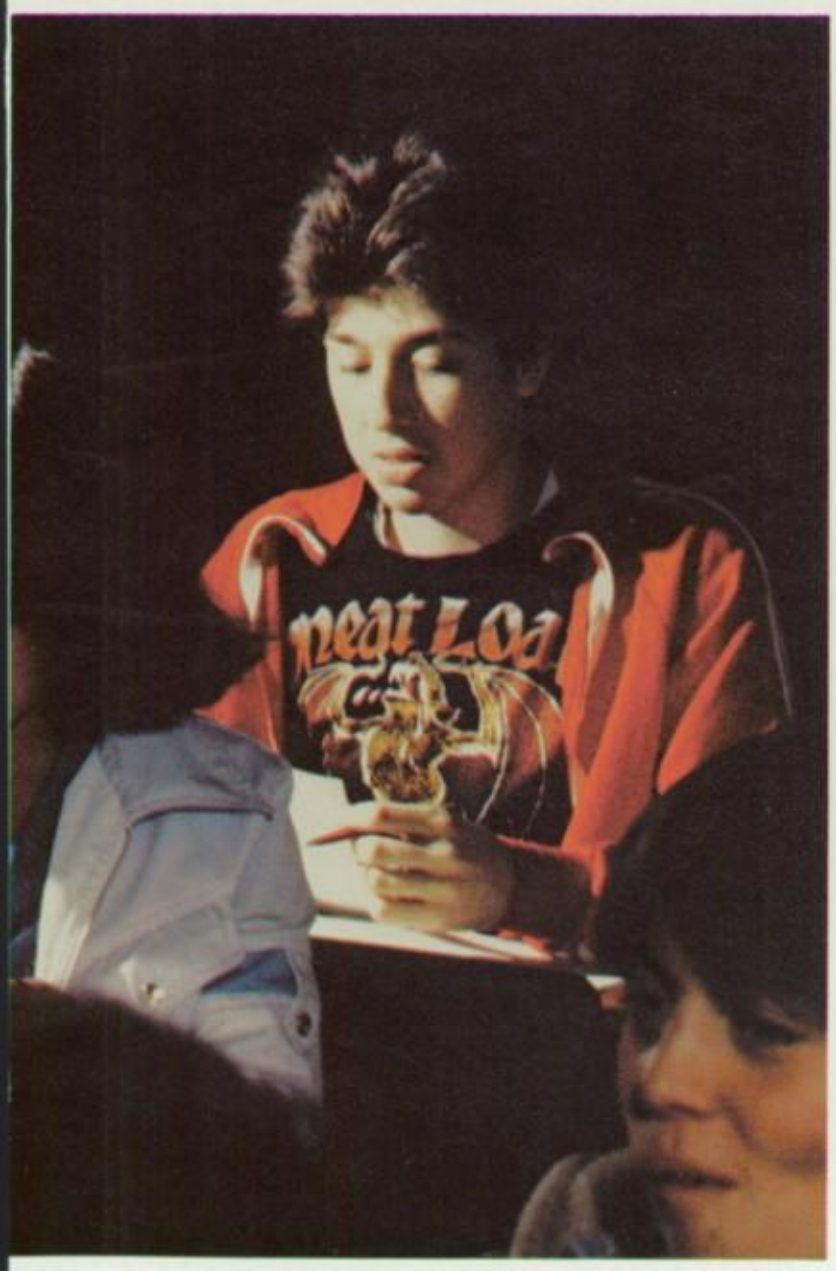
Lennon & McCartney





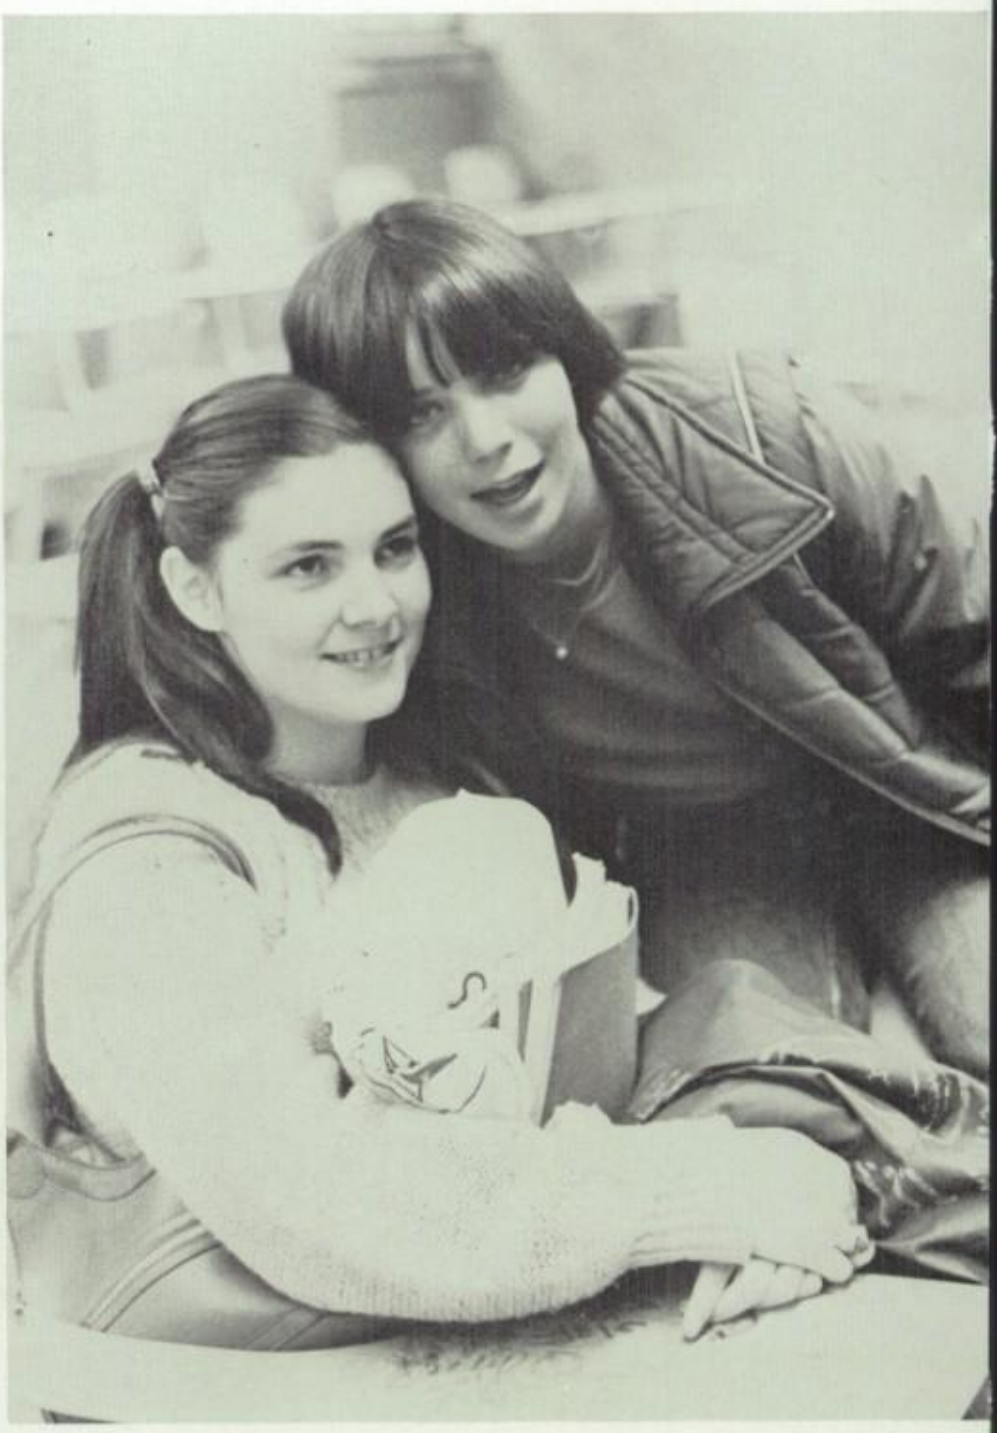
A liberal education . . . frees
a man from the prison-house
of his class, race, time,
place, background, family,
and even his nation.

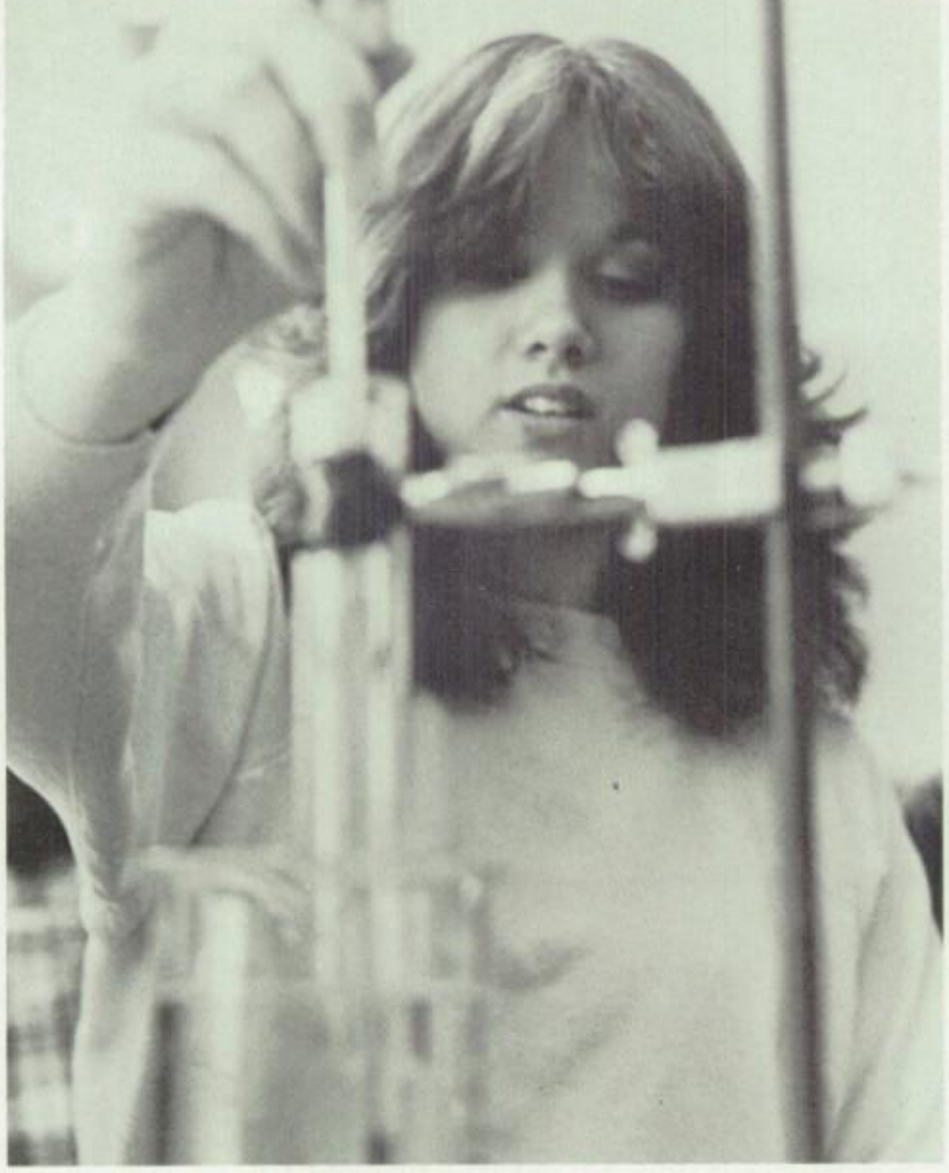
Robert Hutchins

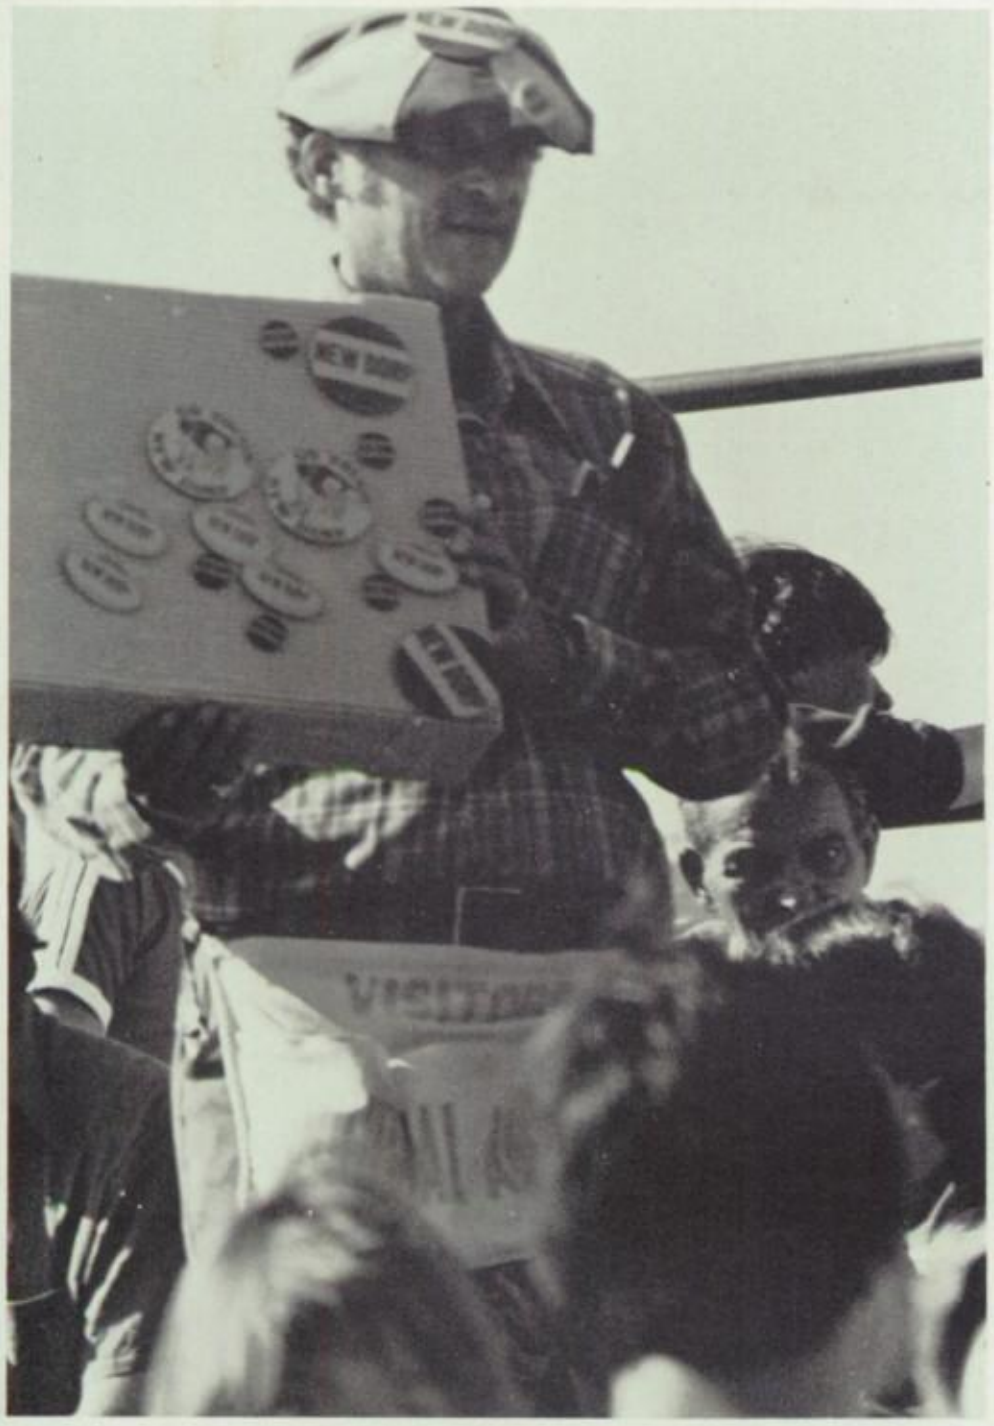


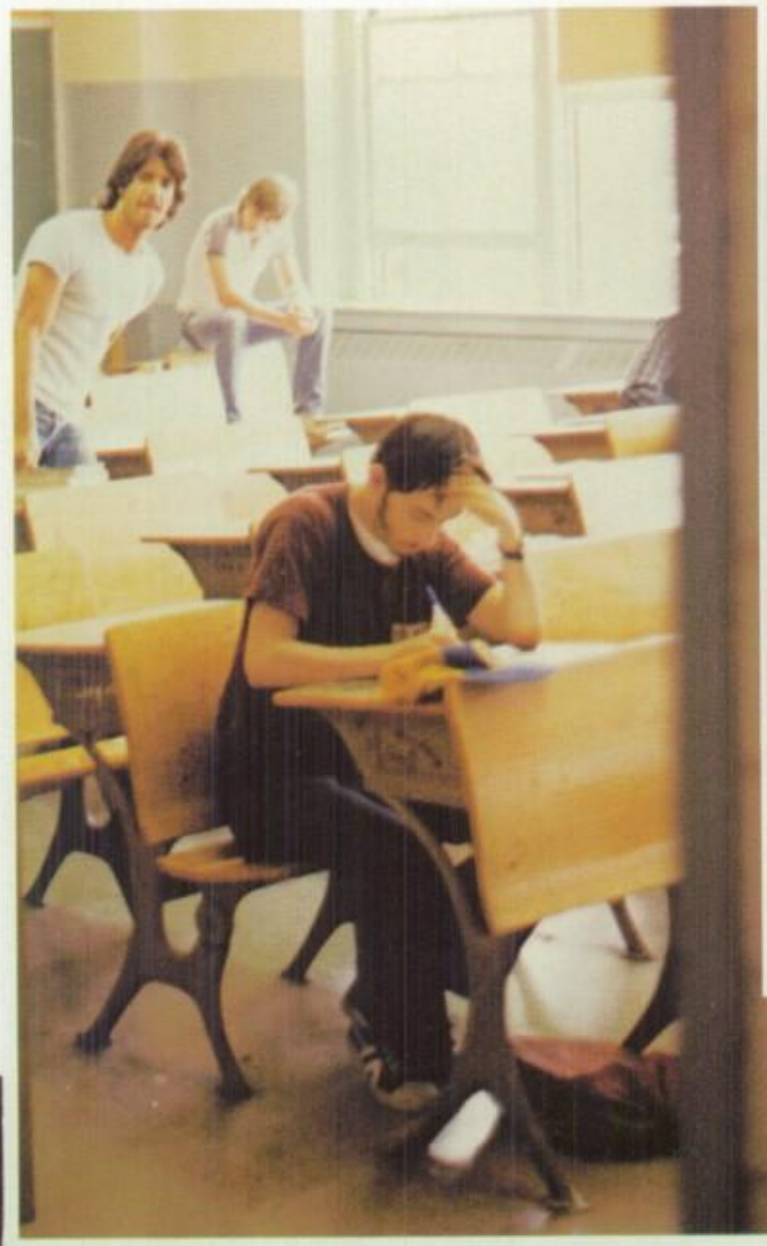
Every individual has a
place to fill in the world
and is important in some
respect whether he chooses
to be so or not.

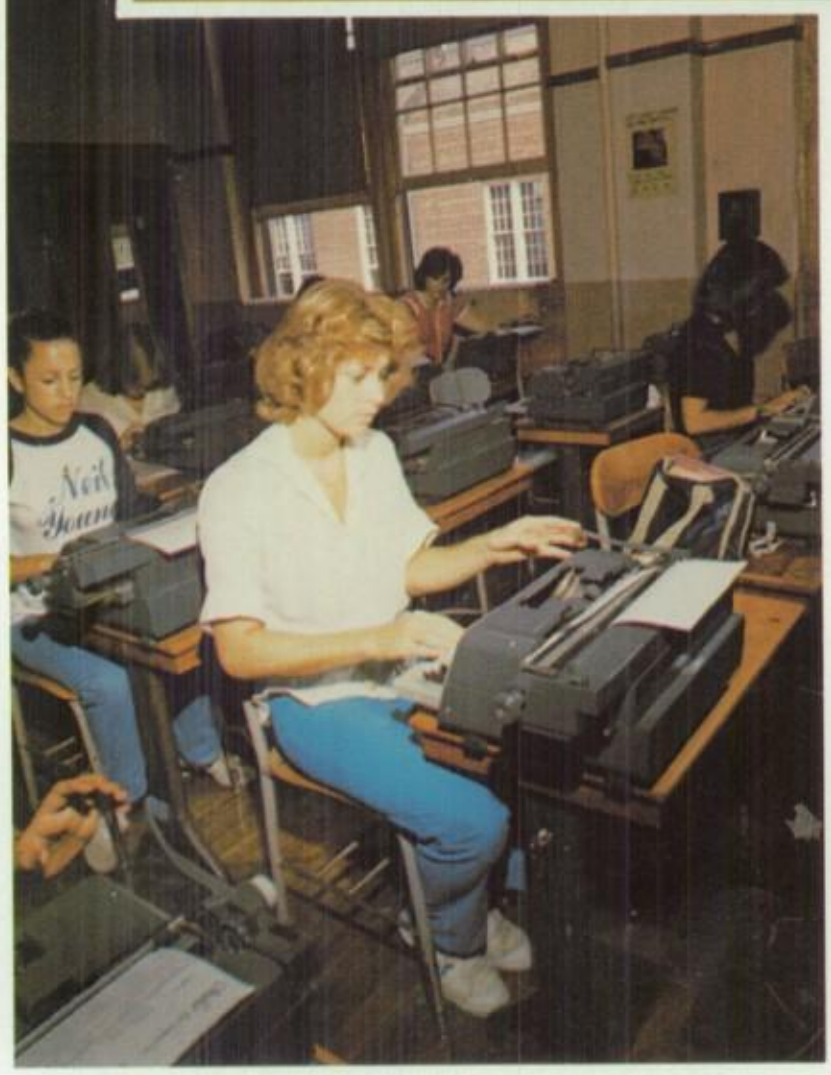
Nathaniel Hawthorne

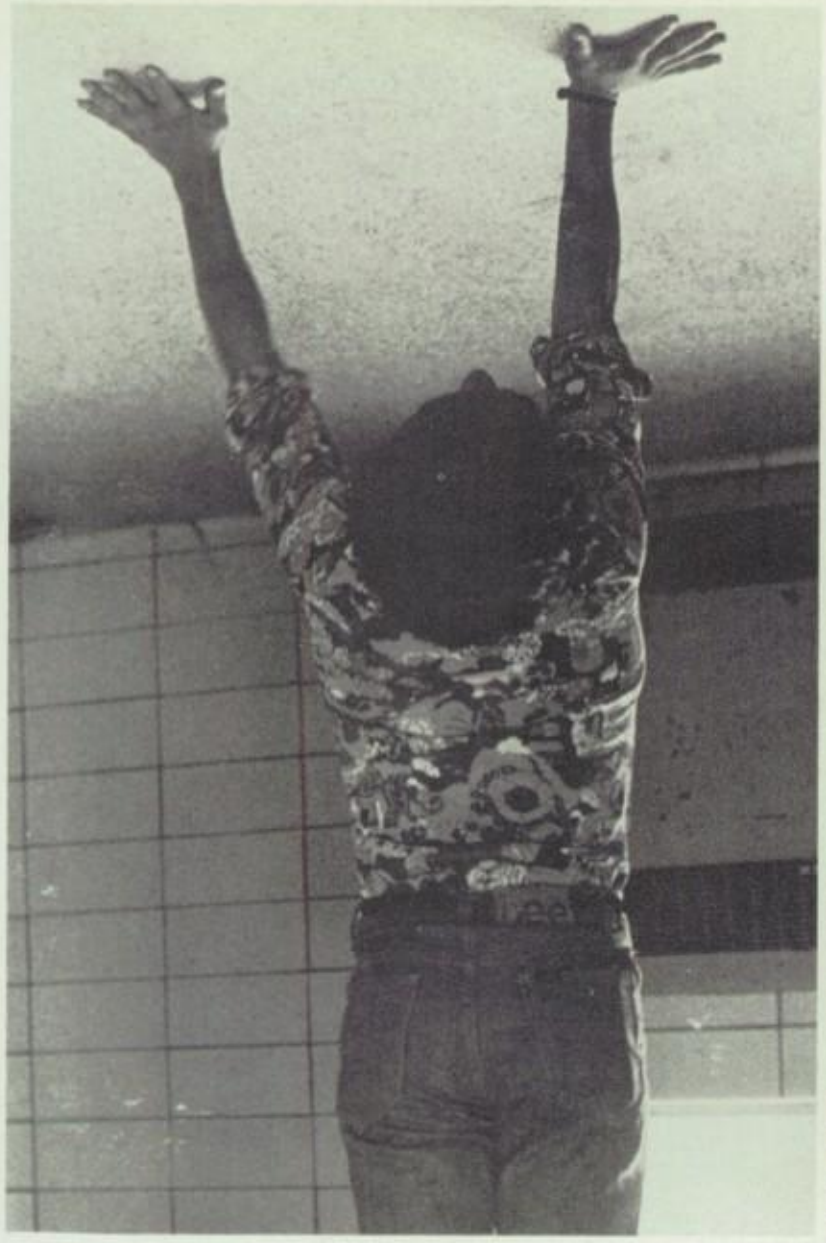


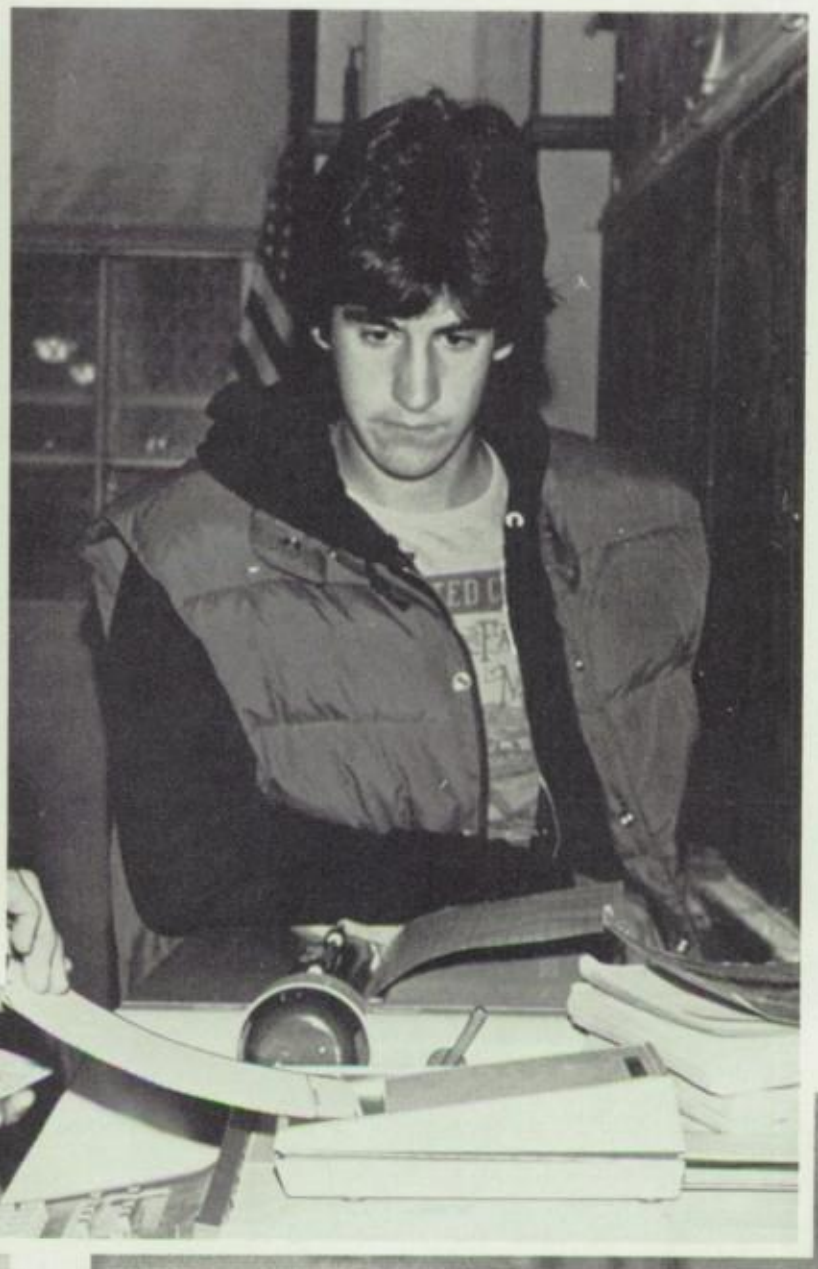




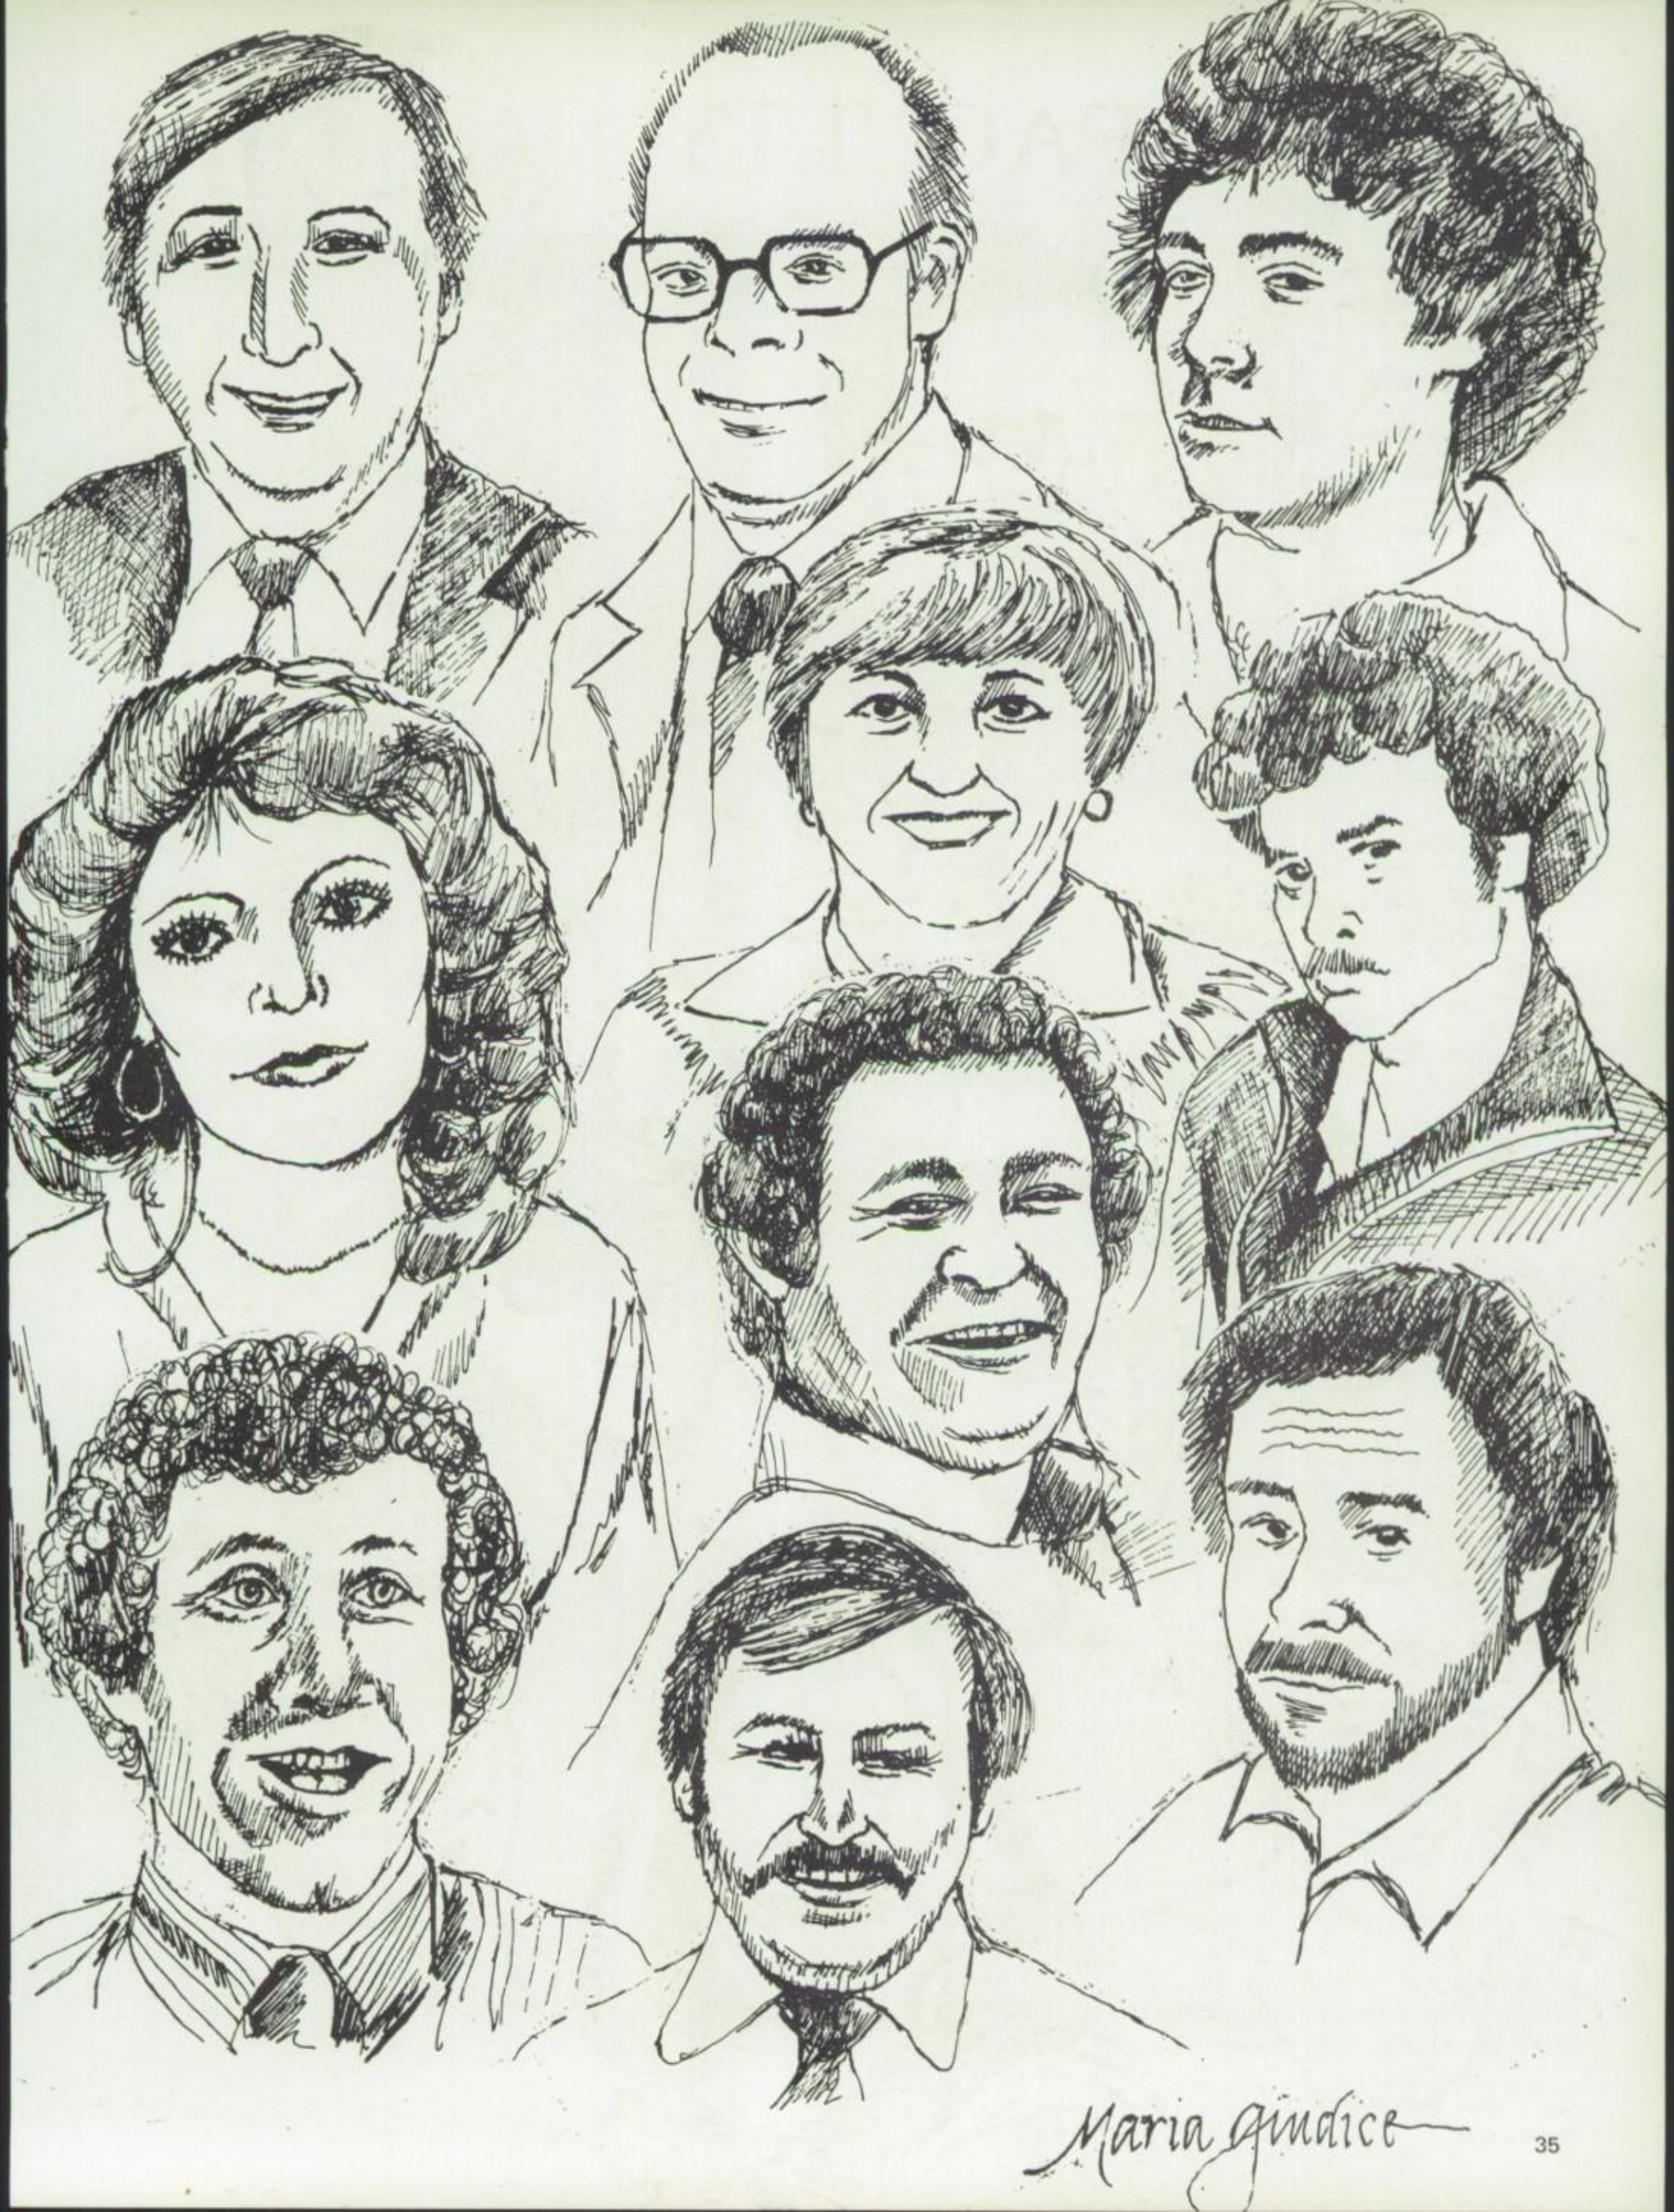








FACULTY



Maria Giudice

PRINCIPAL

TO THE CLASS OF 1981

The events of this past year echo through the corridors of our school and stir memories of traumatic moments and dramatic changes. For most of you, these recent happenings are fresh and sharply etched in your mind. But as time goes by, you will gain a perspective on all the years you have spent here. The blend of happy and sad times will remind you of your life here at New Dorp and we know from past experience that your feelings will be warm and pleasant in the main. What you and your fellow students accomplished in the arts, the sciences, the humanities, and on the athletic fields will follow you with a deserved sense of pride and a glow of happiness. Each of us on the staff will glory with you in your achievements and be saddened by your departure as you graduate. The New Dorp student has always been special. As a group, you have probably achieved more than any comparable group on Staten Island. What we hope you have learned here is that you have enormous potential to achieve even more. It is our earnest expectation that we will watch you grow and we will delight in what you achieve after you have gone ahead to your new life and the rewards it brings. Those of us who remain here at New Dorp will want to feel that somehow we have contributed to your success and are still a part of you.

The theme of this year's Argonaut is "searching." It is a theme which reflects the meaning of education and, in a sense, the meaning of life. I am reminded of an excellent book called "In Search of Self" by Arthur Jersild. The author makes the point that throughout each of our lives we are engaged in a search for understanding, first of ourselves and who we are, and ultimately through self-understanding, the understanding of others. This theme expresses, then, the goal of education. You should search for the meaning and value of every experience you have. Here at New Dorp you have been exposed to the learning of our time and of the past. Many of you have also been a part of a wide variety of extra-curricular activities, including dances, festivals, football games, baseball games, gymnastic events, Senior Day, Homecoming, school clubs, school publications, and Science Fairs. All of these experiences should have a special meaning and a value to you. In your "search" for this meaning you enrich yourself and become a better and more fulfilled invididual. We hope that is what your life has been like at New Dorp. The "search" never ends because the process continually enriches you.

All of us who have worked with you, the Class of 1981, know what a unique group you have been. You have added much to the history of our school and our community. The sense of loyalty and dedication to one another which you share will long be a part of your lives and we shall cherish that memory as you take leave of us. We know that you go away from our school prepared to make the world a better place for everyone. We wish you every good fortune as you go ahead. You have left an indelible mark on your school. We shall always remember you and think fondly of the time you spent with us.

TEACHER COUNSELORS CLASS OF 1981

Nancy Traub

To the Class of 1981—
You are ready to face the many challenges that lie before you. You are ready to set out on the search for what you desire of the future. We cannot guide you in your quest, but we can assure you that this is the beginning of a search that will lead you to many rewards if you but set your sights on finding that which is best. To do this you must strive always to achieve all that is possible and more, you must recognize potential in others and respect it and you must make your contribution to the world of which you are a vital part.

You have shared your high school years with us. For this we owe you our thanks, and our wish is that the future may yield to you all that you hope to achieve. You have a secure foundation. Use this to face tomorrow and the new roles you will play with respect, enthusiasm, and determination.

Harriette L. Goldberg

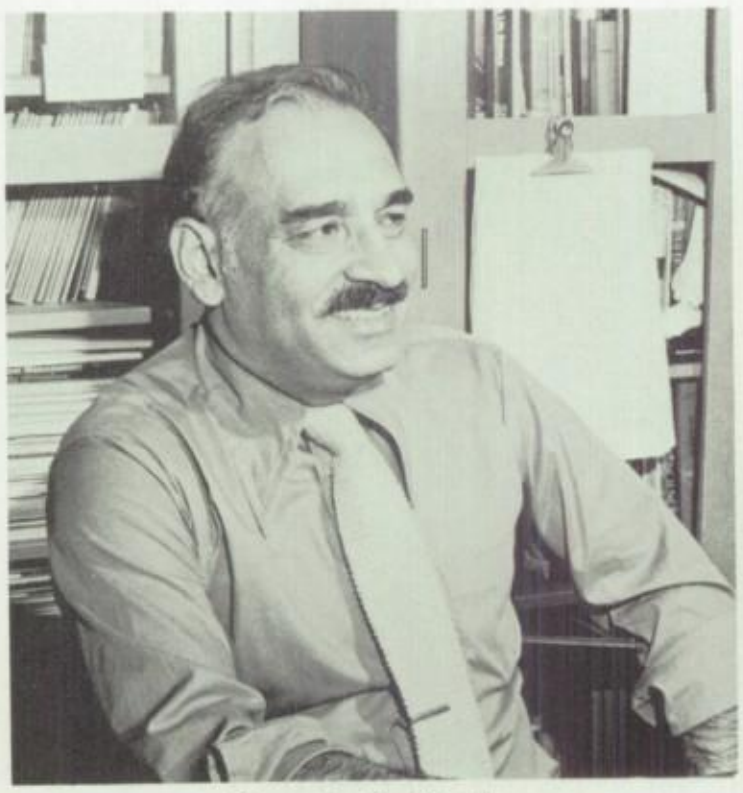
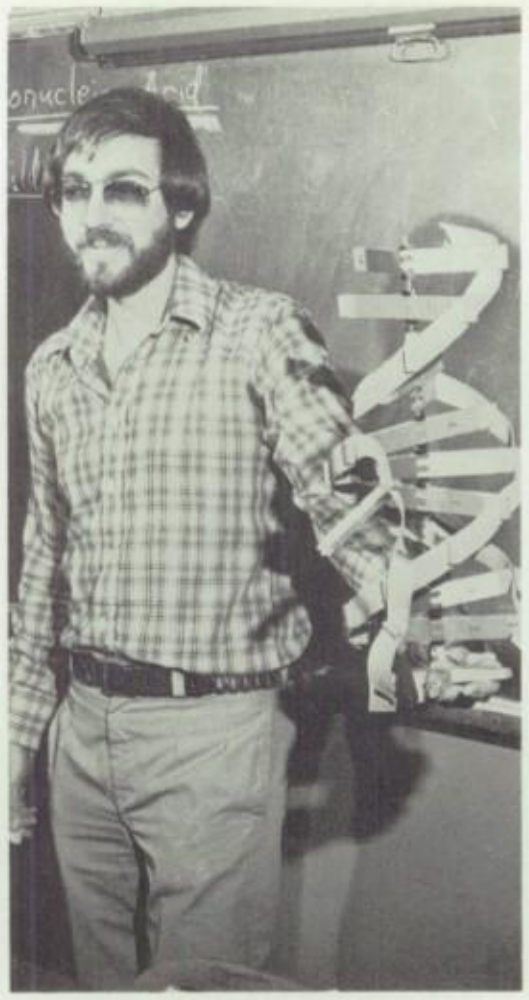
SCIENCE



Renato DeMaria
Assistant Principal



Larry Reich

Sylvia Zaage

The study of science is the essence and purest form of "Search" for it is in quest of universal truths. This journey will take us from the obvious, plunge us into the abyss of the microcosm and soar up toward the giant stellar systems of the macrocosm. This exciting tour, from inside the atom to the infinity of the universe is intrinsic to the preparation for contemporary and future life.

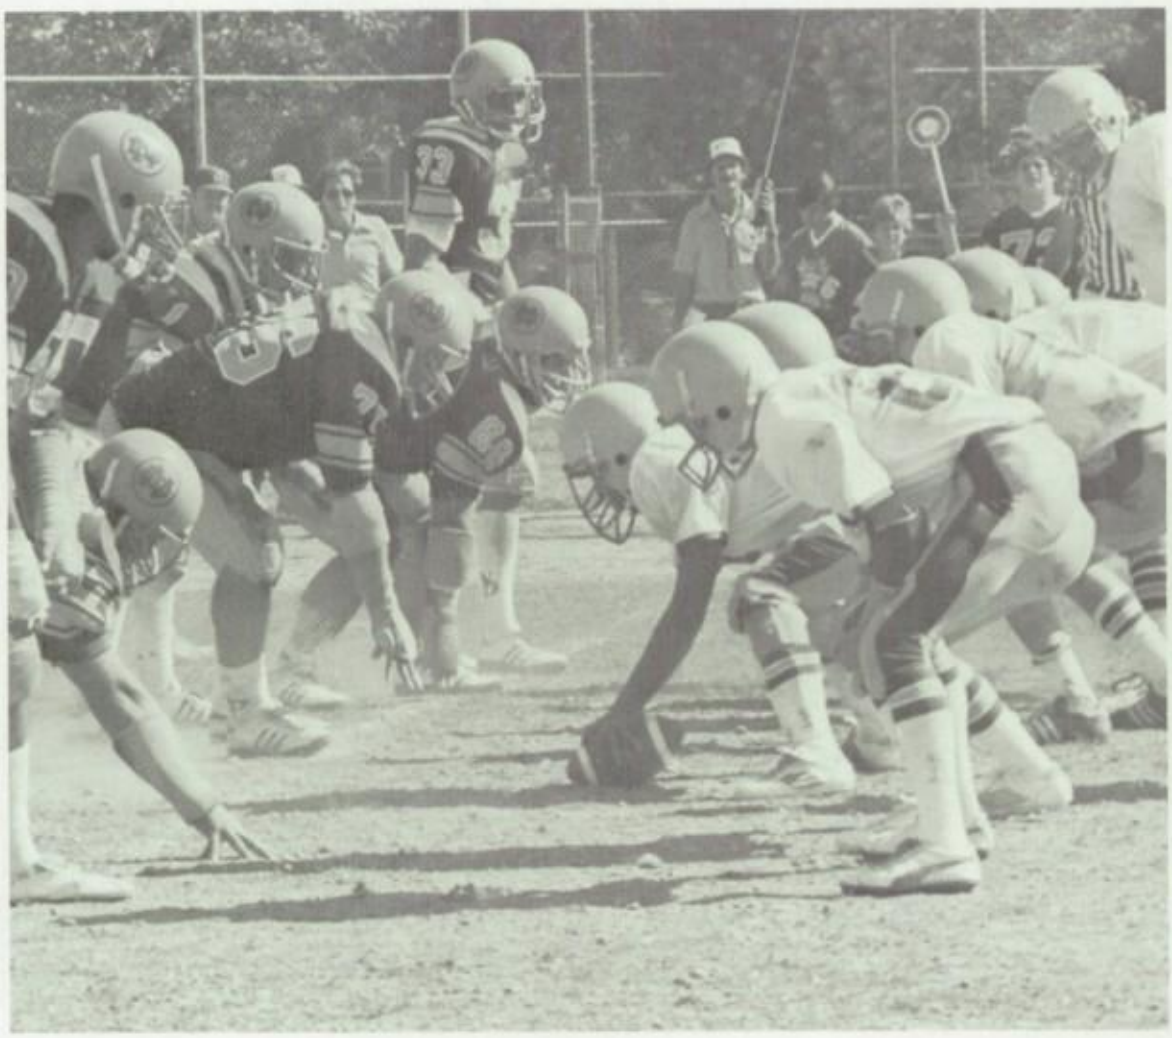
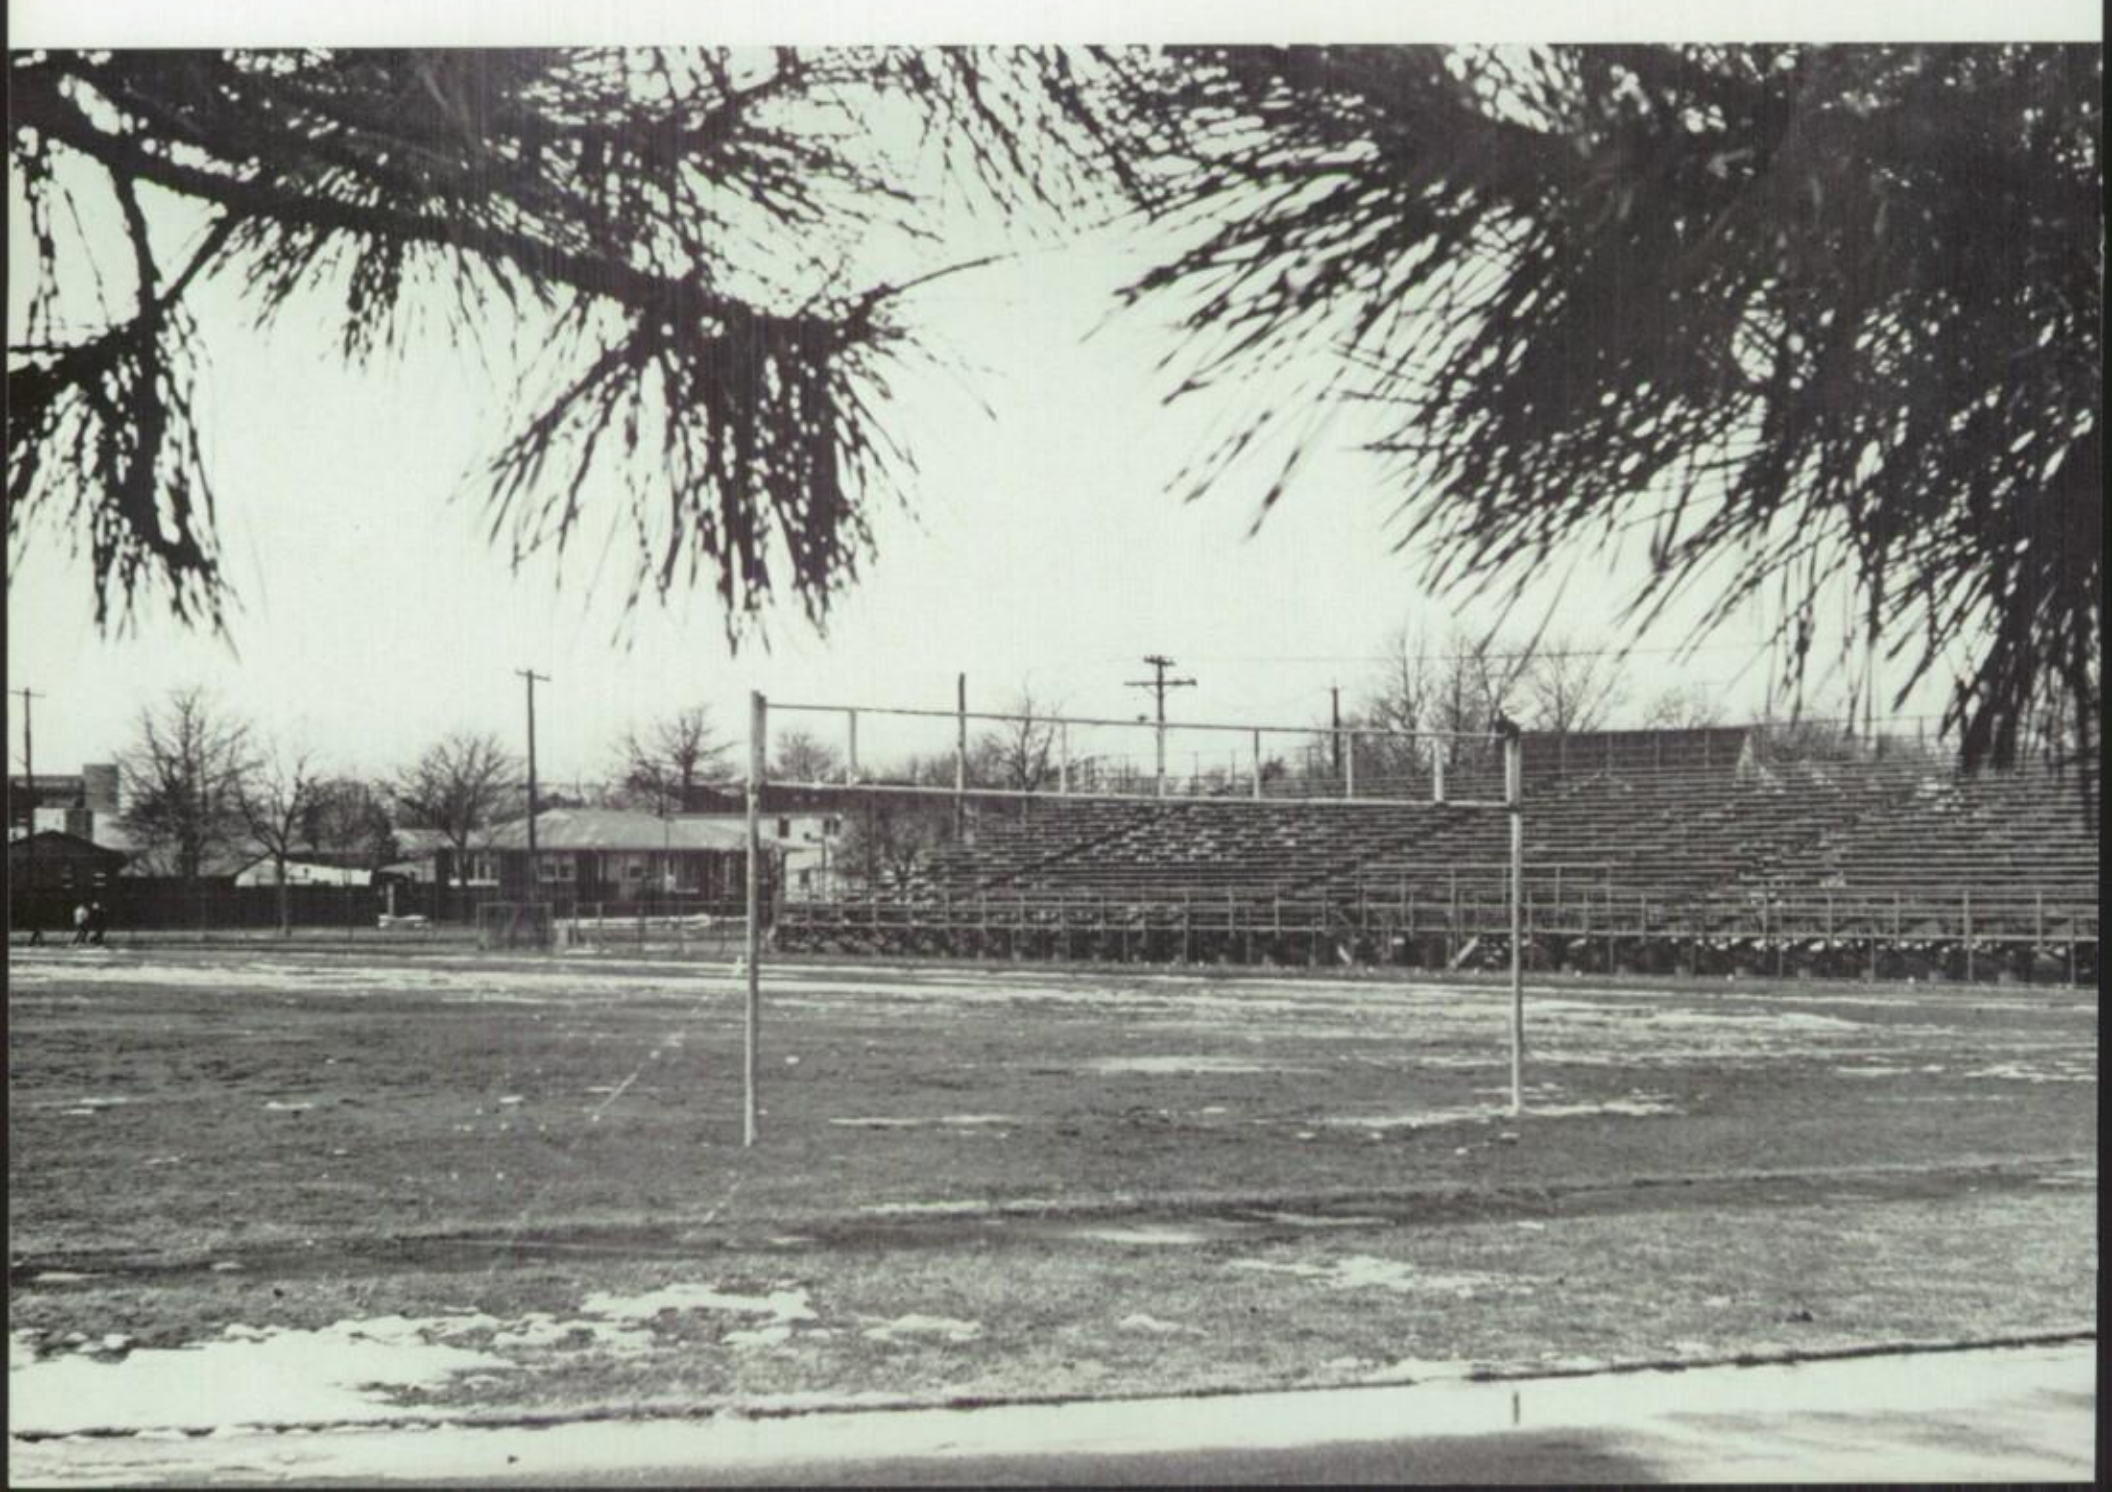
We are tomorrow's past.
Mary Webb





During our four years at New Dorp, we have become very accustomed to winning. From the football field to the bowling alley, we have seen some great athletes who have provided us with some memorable moments. The list below contains some of the achievements of our teams and N.D. stars.

1977 — Girls Bowling City Champs
1977-80 — JV Football goes undefeated
1978 — Girls Volleyball Champs for S.I.
1978 — Island Baseball Champs
1979 — City Baseball Champs
1979 — Indoor Boys Track Champs
1979 — City Cross Country Champs
1979 — Girls Volleyball Champs for S.I.
1979 — Fran Ciprano #1 bowler in city
1979-80 — Varsity Basketball 15-8 record makes playoffs
1980 — Varsity Football team reaches semi's
1979 — Mike Garcia runs for over 1000 yards
1980 — Indoor Boys Track Champs
1980-81 — Varsity Basketball team beats Farrell
1980-81 — Bruce Beschner reaches 1000 point plateau.
1980 — Boys' swimming city champs
1980-81 — Varsity Basketball SIHSL Title, PSAL Final Four

This list is short — it does not nearly convey the recognition due to all the New Dorp athletes. It is to those students who have worn the green and gold uniform with pride that this section is dedicated.

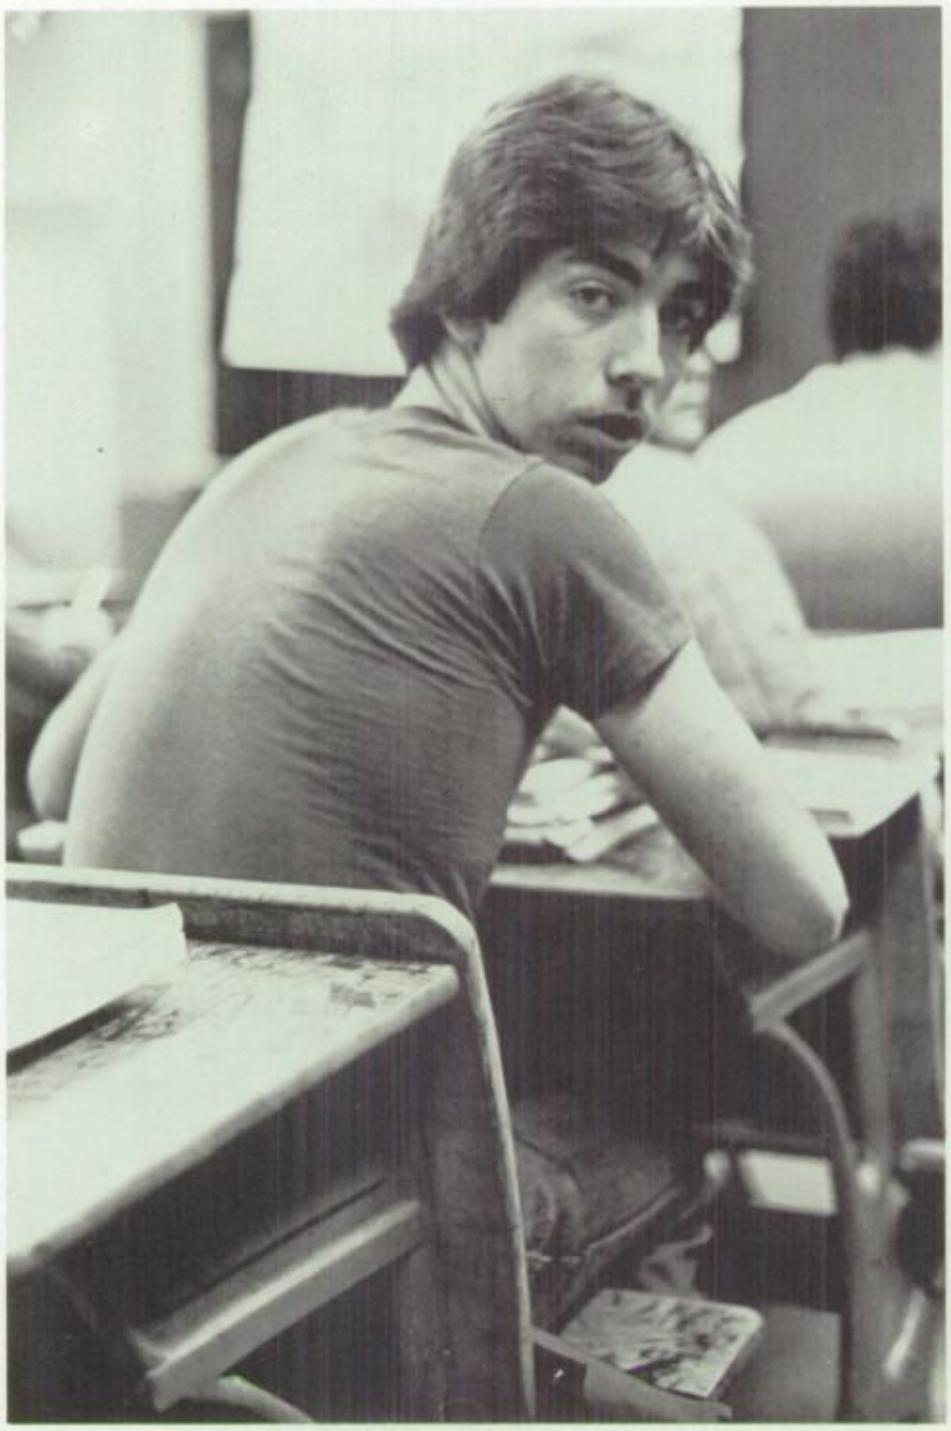
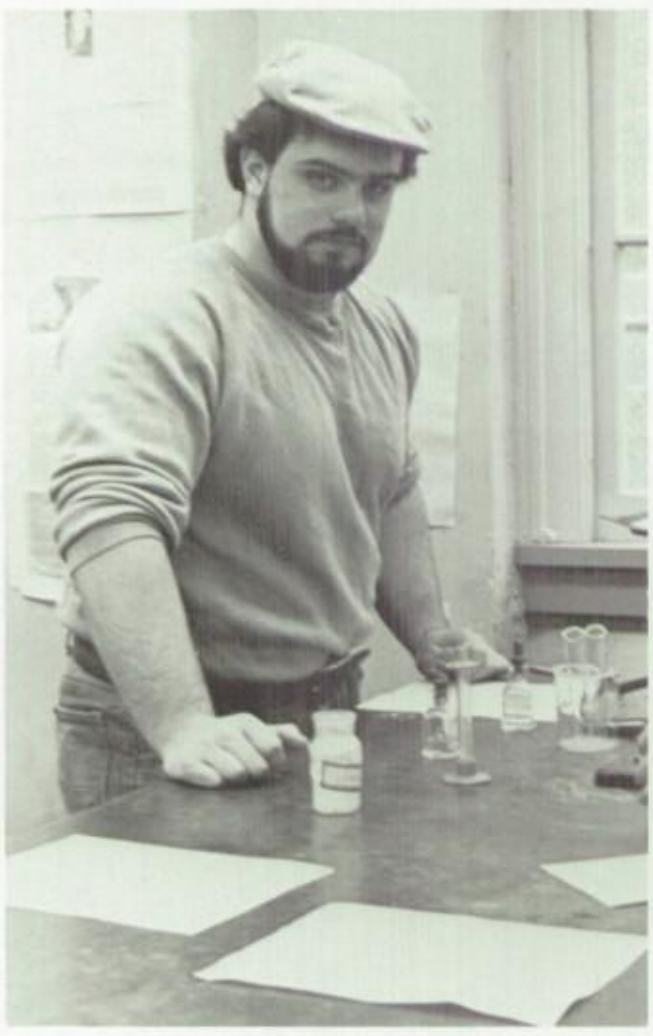
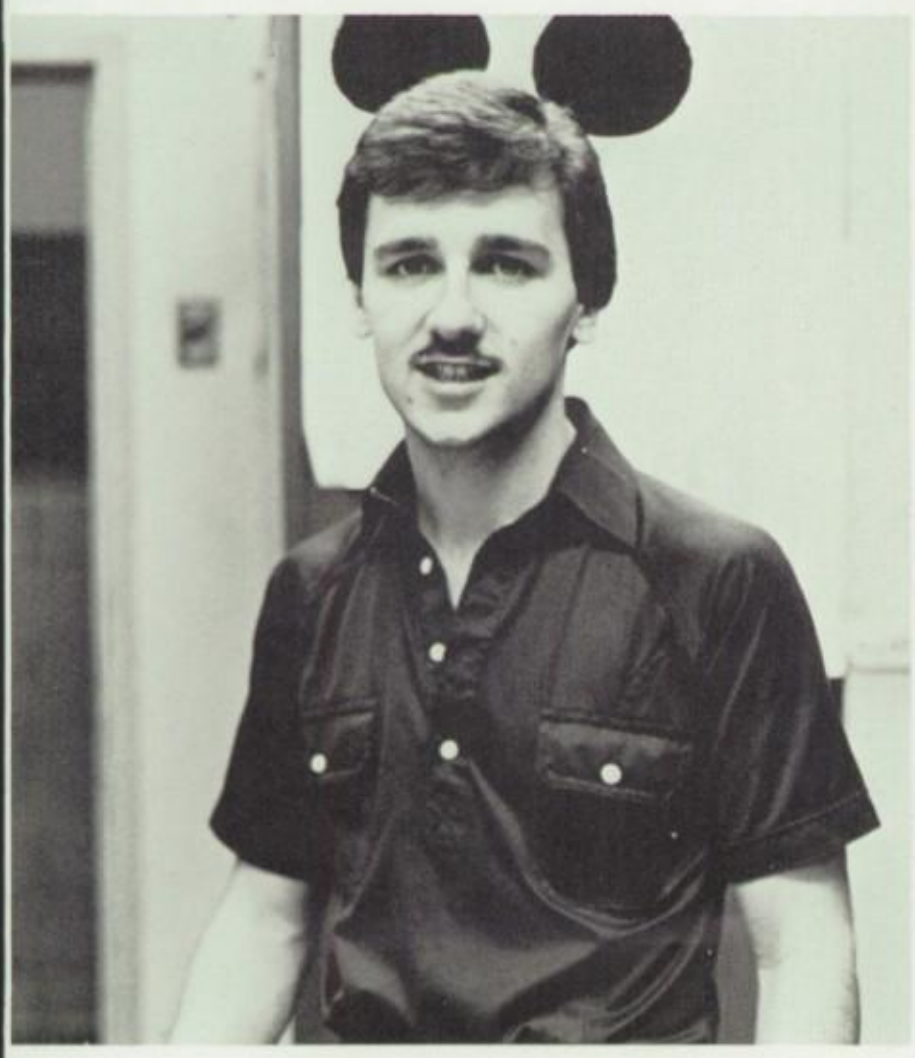
CLOSING



It seems to me a crime that we should age,
These fragile times should never slip us by—
A time you never can or shall erase
As friends together watch their childhood fly

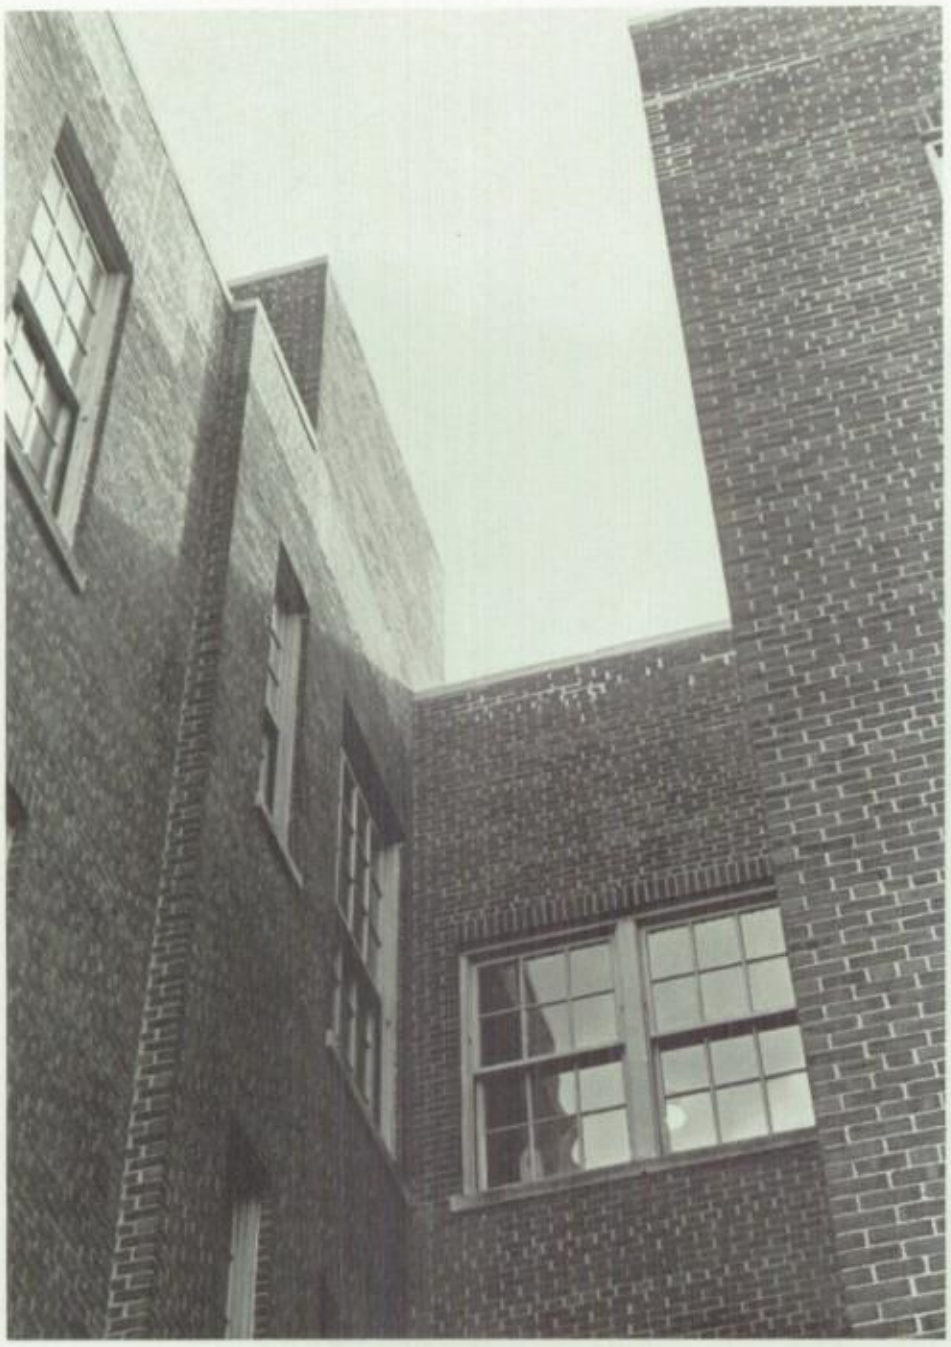


I hope the day will be a lighter highway
For friends are found on every road;
Can you ever think of any better way
For the lost & weary traveller to go?
—Bernie Taupin

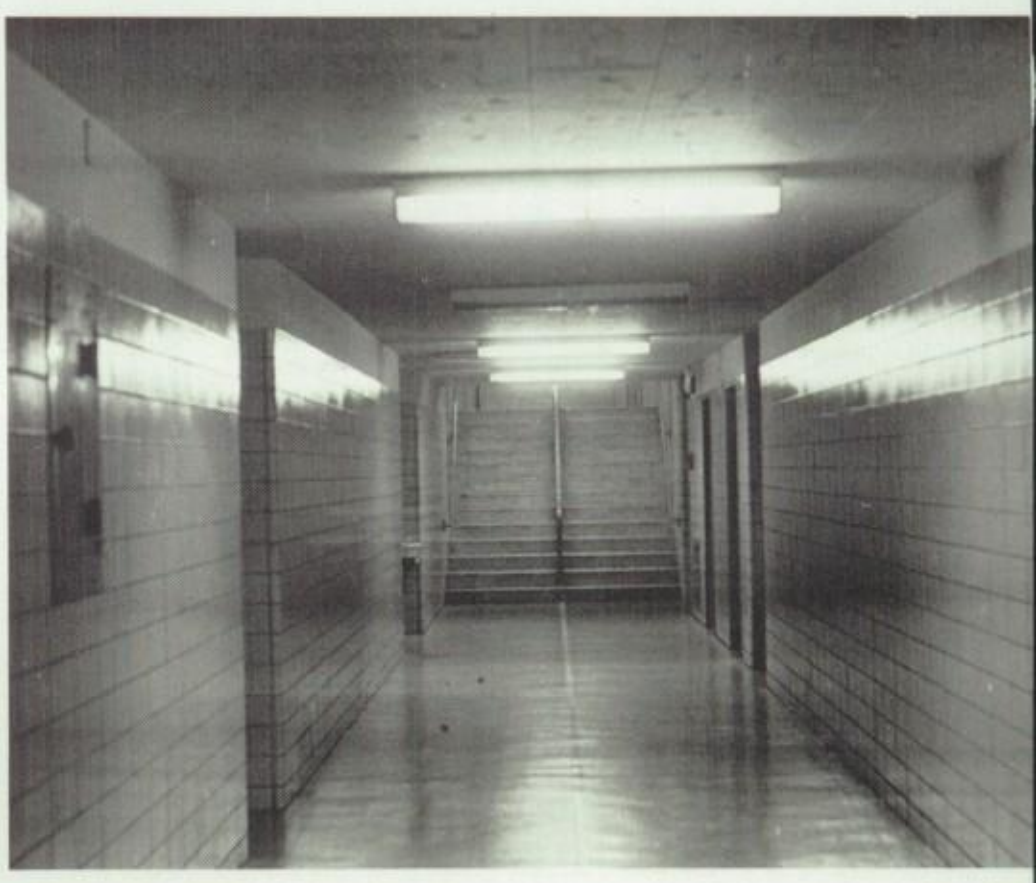


Everybody needs a change,
a chance to check out the new.
But you're the only one to see
the changes you put yourself through.
—Stevie Wonder

Where do we go from here . . .
Phill Mogg

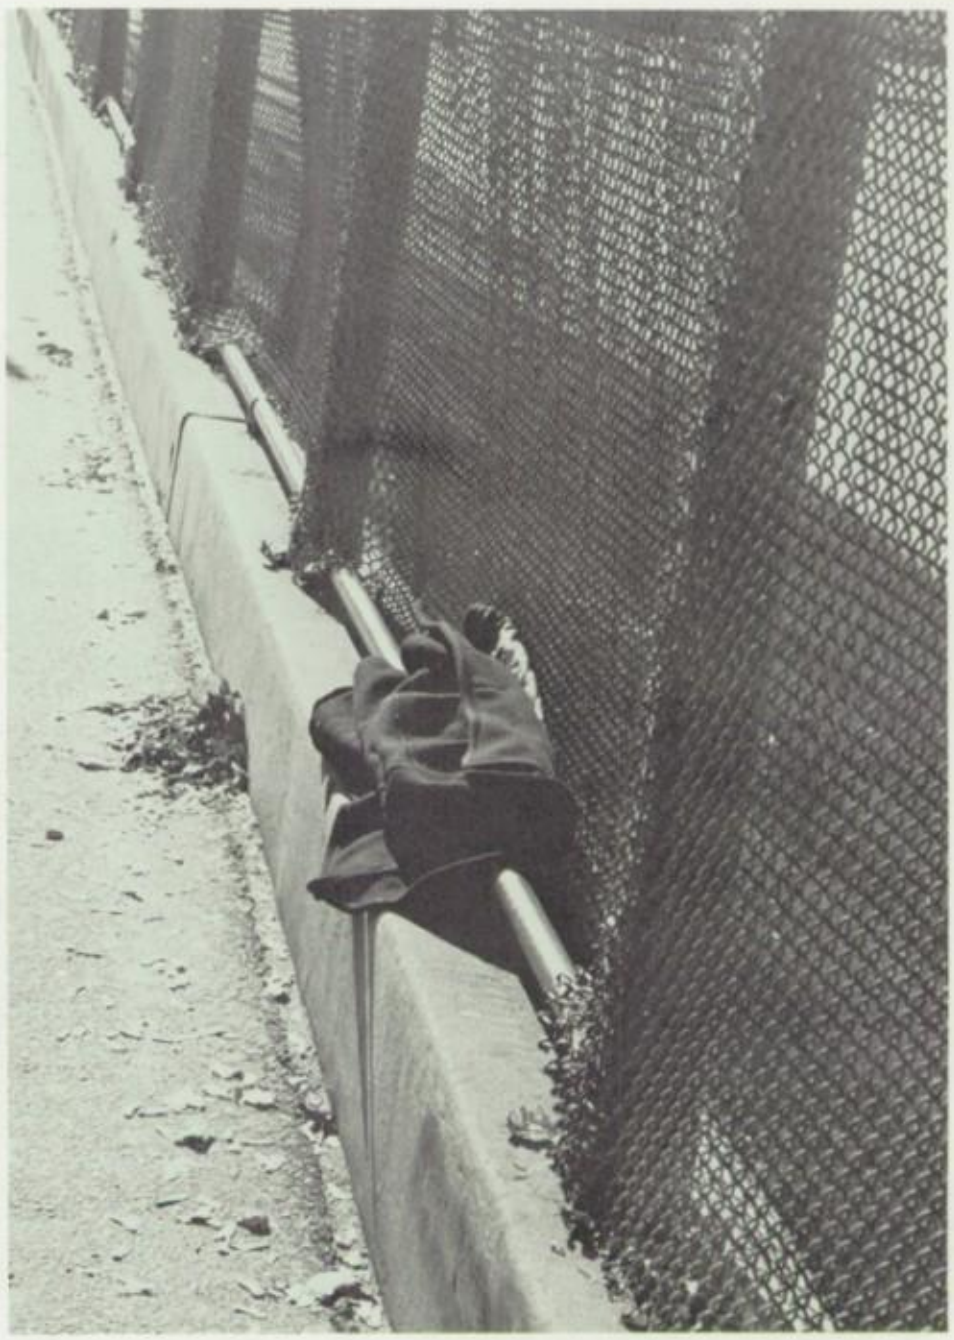


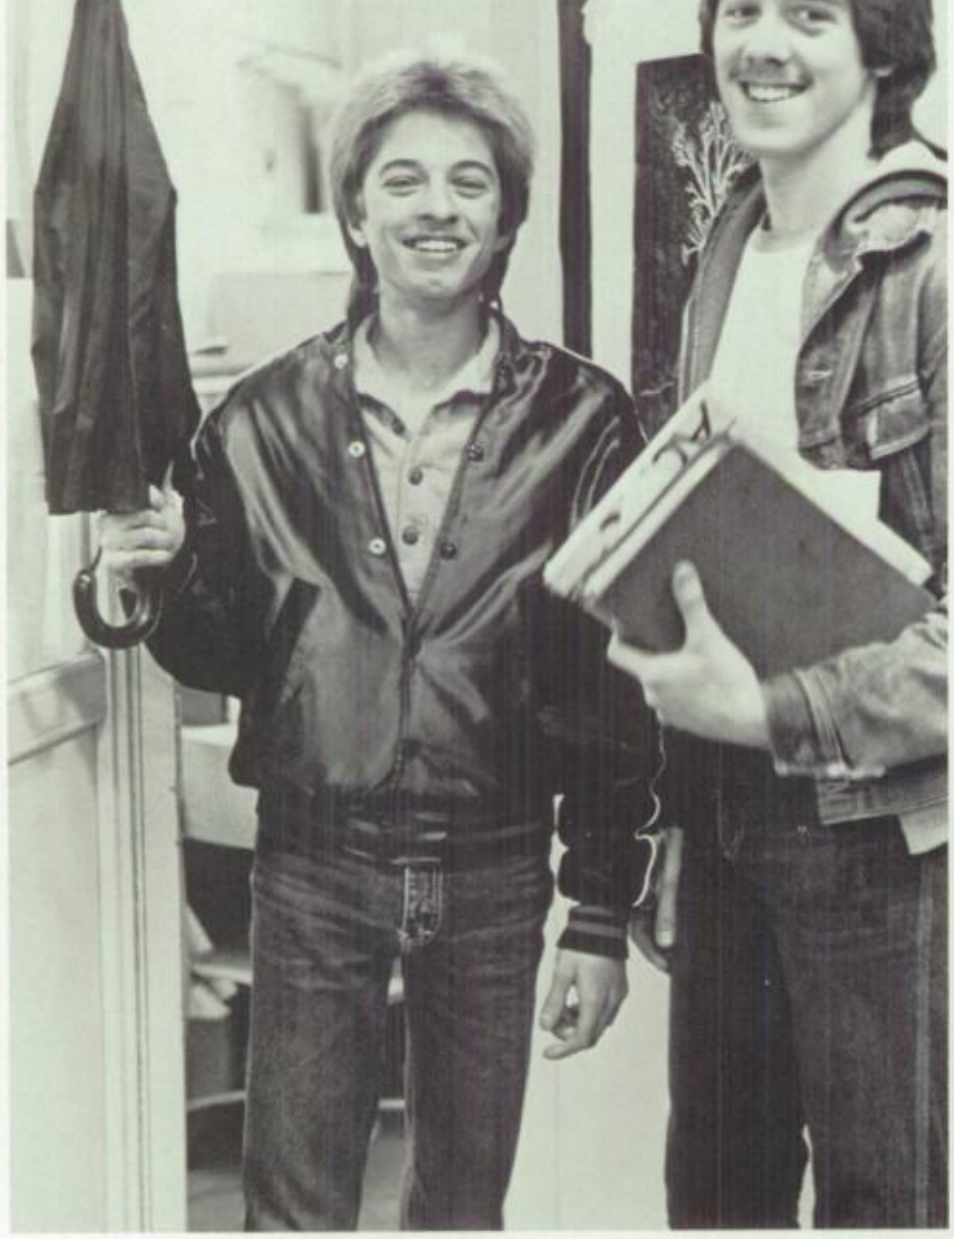
Remember that everything is possible,
The picture, the poem, and ourselves . . .



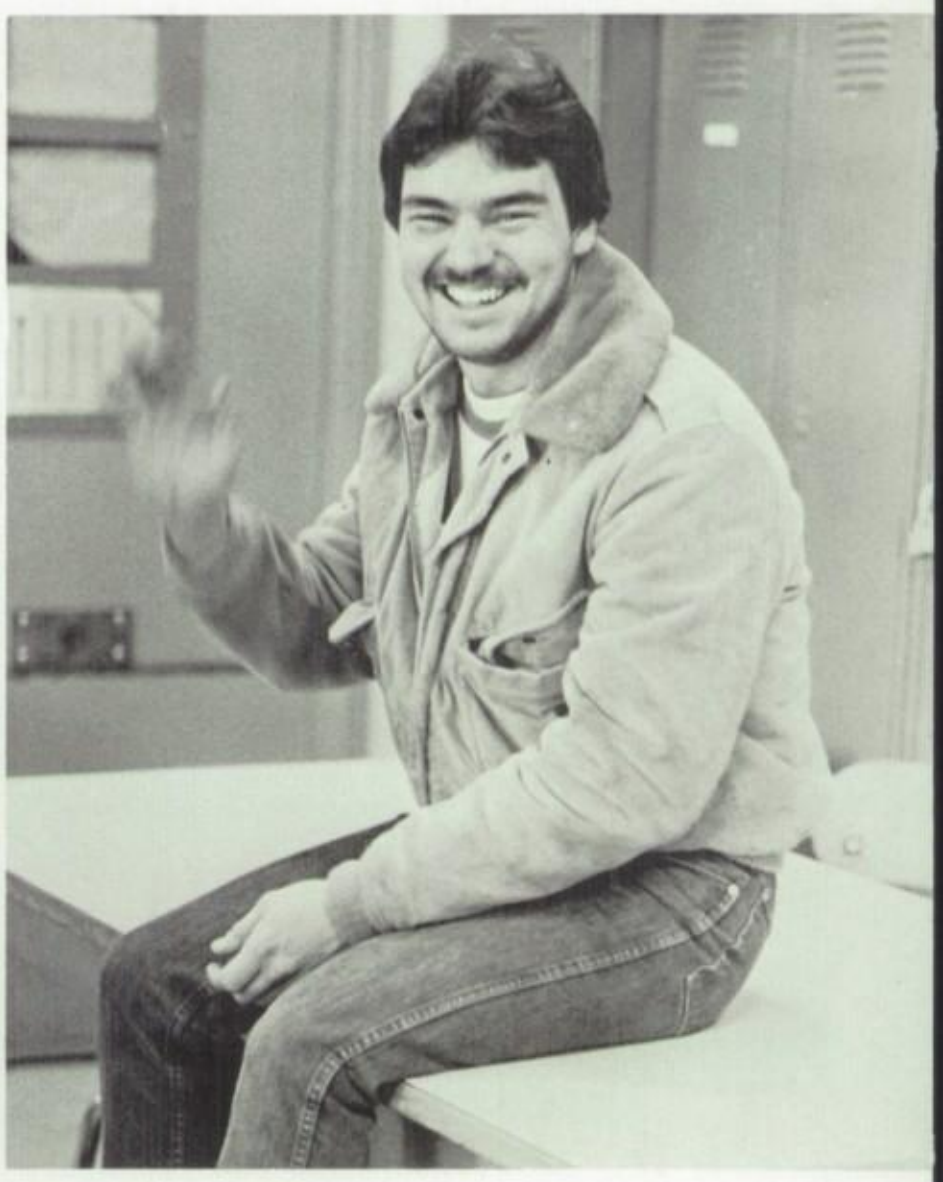
The blood that we see shed, the tears that we shed, the wall, and the anonymous cross.

—Daryl Hine





My whirling hands stay at the noon,
Each cell within my body holds a heart
And all my hearts in unison strike twelve.
—Stanley Kunitz



SIGN

I Hate Your Guts

THANK YOU

The editorial staff of Argonaut 1981 and Mr. Lonergan, our advisor, would like to thank all of those who have donated their time and effort for the betterment of this yearbook. We are grateful to those who have assisted in lay-outs, picture-taking, identifying pictures as well as those who have contributed copy and artwork.

The goal of a yearbook is to provide a chronicle of our journeys through New Dorp High School; to evoke memories of laughter, tears, pride, and joy. We can only preserve these intangibles through the material means of photos, words, and artwork. With the aid of our dedicated staff and the others listed below, this goal was reached much easier.

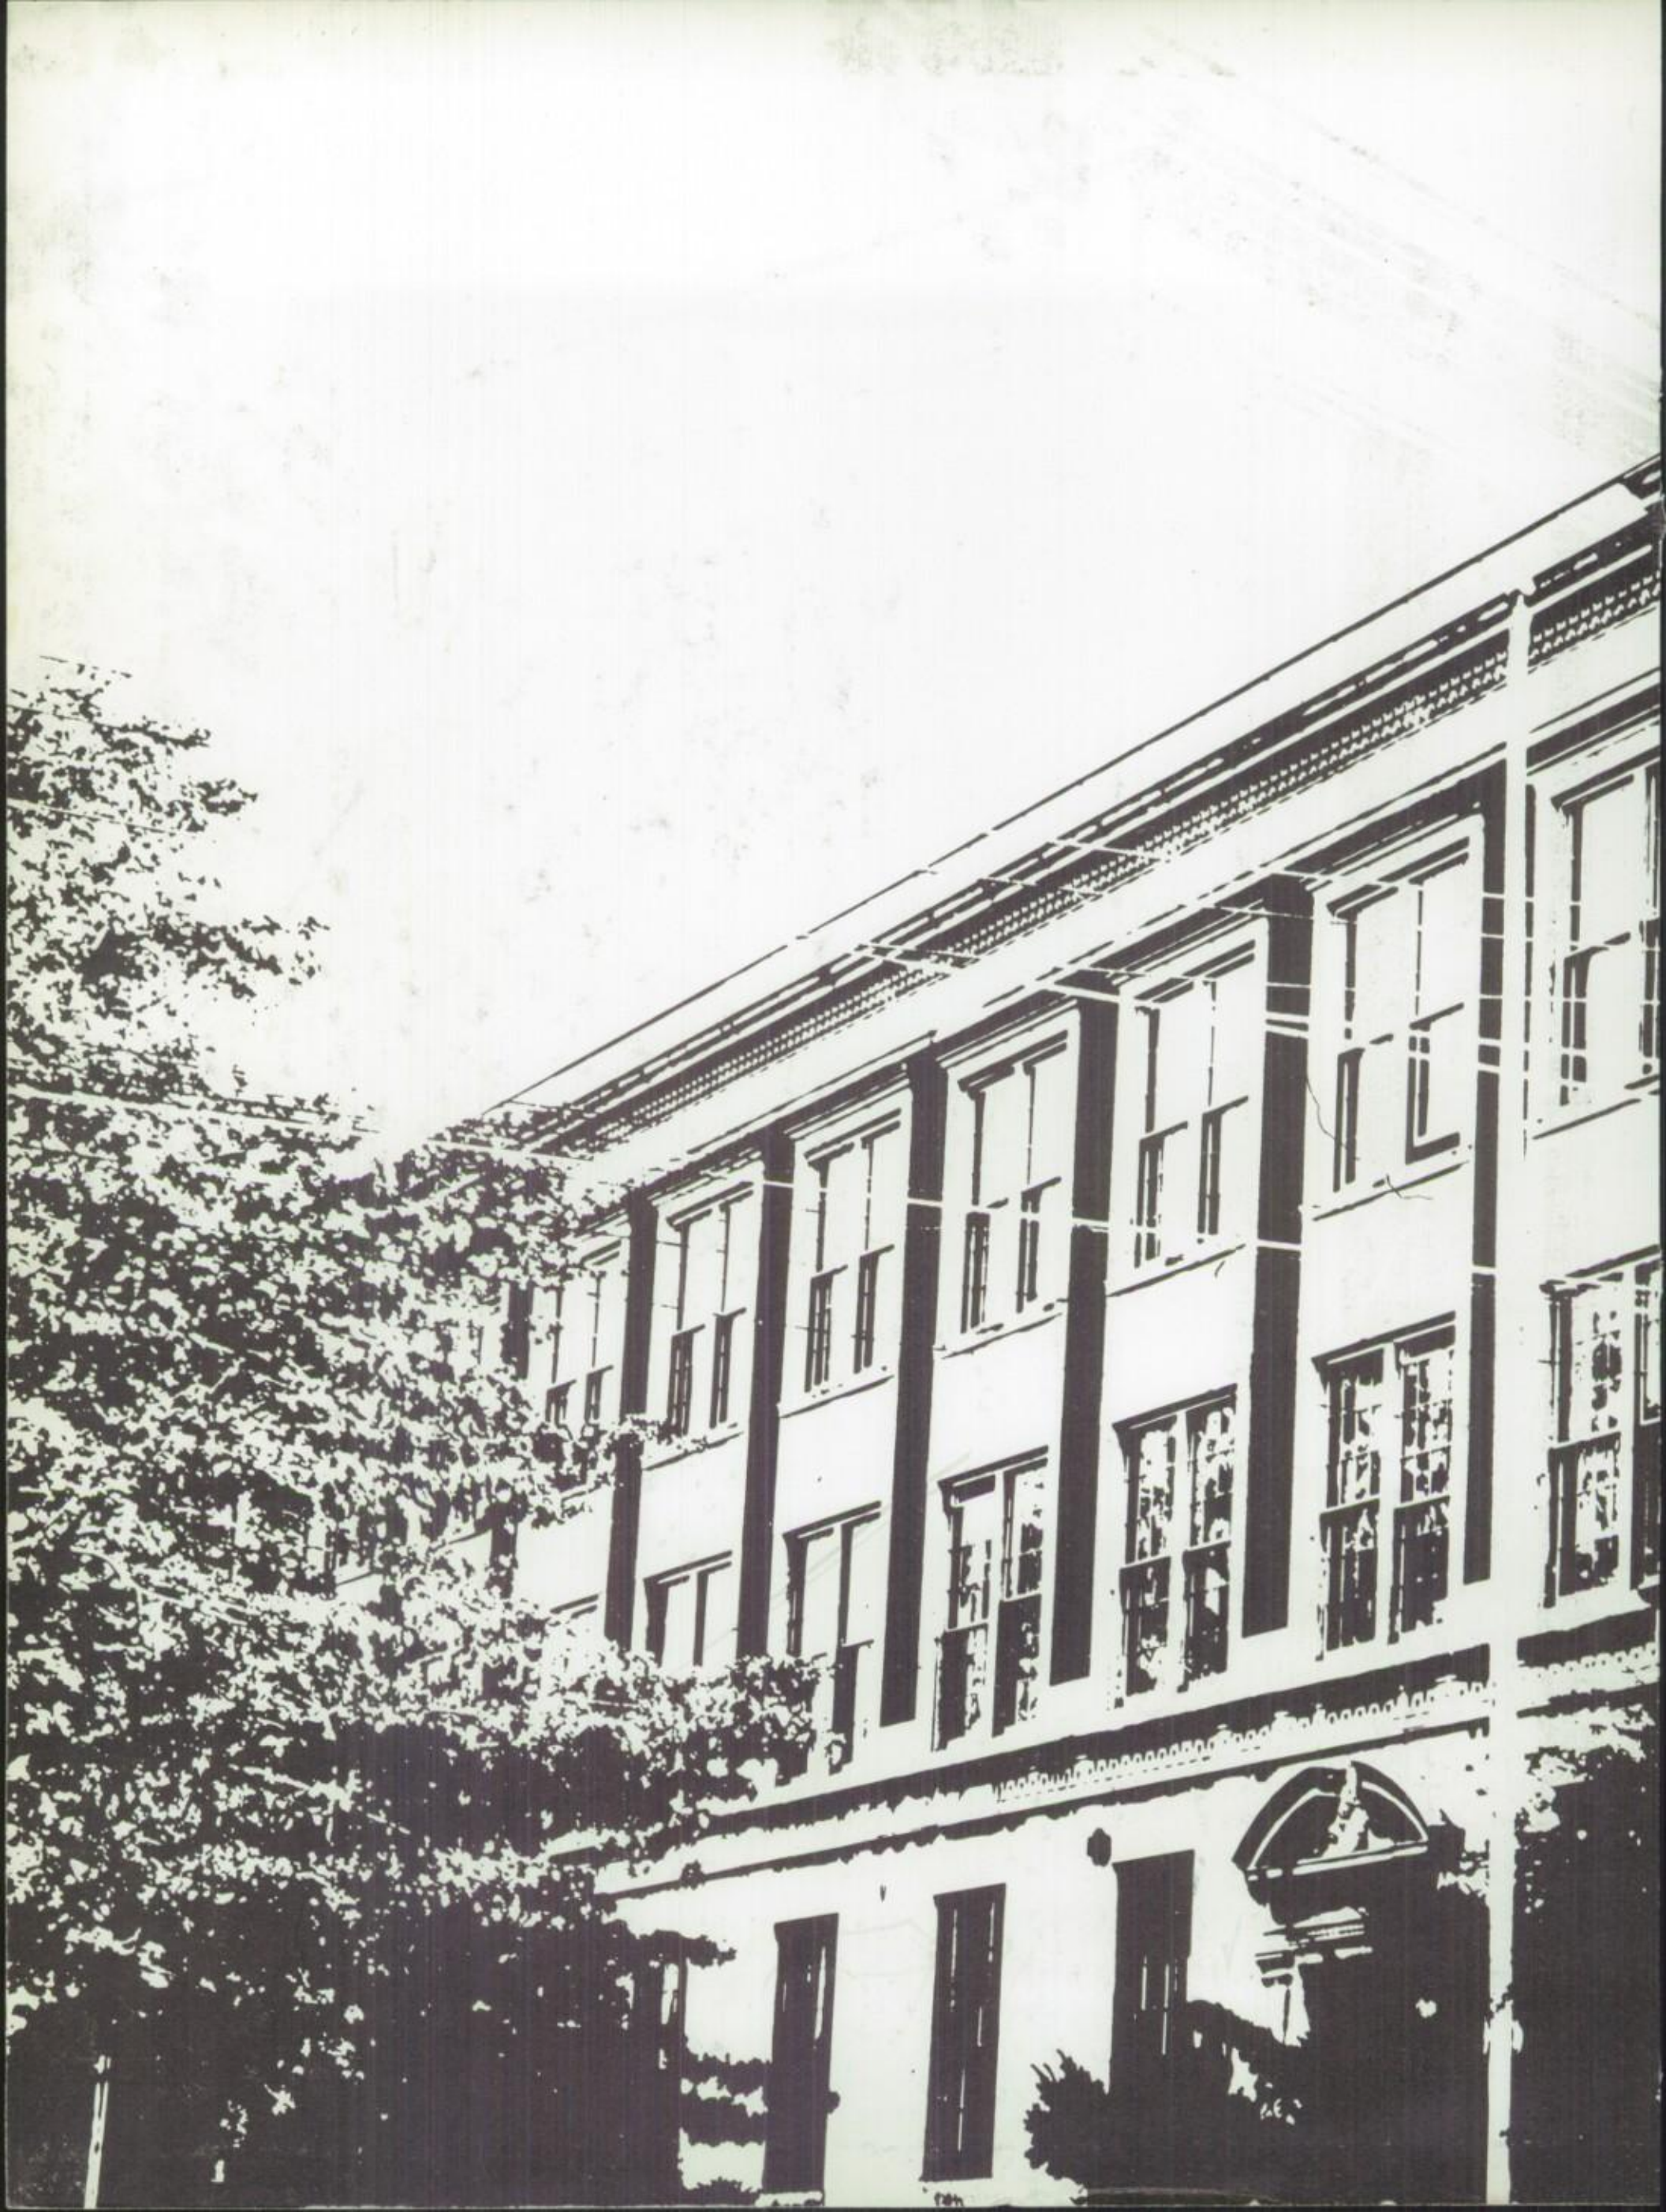
Stop. I did: in fact I often do,
And always end much at a loss like this,
Wondering what to look for; wondering, too,
When churches fall completely out of use
What we shall turn them into;
. . . for whom was built this special shell?
For, though I've no idea what this barn
Is worth, it pleases me to stand in silence here.


— Philip Larkin
